## VOTE YES

## CLARIFICATION

In the February 12, 1987 edition of Excalibur, in the CYSF page the statement appeared "Any student or group wishing to officially oppose the (Student Centre) campaign must serve notice with the Chief Returning Officer on or before February 27, 1987."

It has come to my attention that some students have interpreted this differently from what was intended.

This statement was regarding an **official campaign** - that is, a student or group of students who wish to organize a campaign against the proposition.

In order to be protected by the order of the referendum, an opposing campaign needs to register its status.

It was not intended that students planning to vote against the referendum should register their vote at 105 Central Square, rather, it was strictly for my records with respect to election procedure.

I trust this has cleared any apprehension.
