Prescott Ont June 22nd 1922

Rt. Hon. Arthur Meighen

Ottawa Ont

Dear Sir. I am taking this privilege of writing you a few lines and I hope I am not overstepping my privilege. I would like a little advice and a little help if you can see any way to give it. I will explain to you in as few words as I can. I took over my father's farm in 1907 and I had to do some building a house and out building the two farms are composed of 192 acres we value them ^{at} more than a thousand dollars. Father and I had a agreement drawn up at time I took same over and I am to have same with all stock and machinery at his death. I have been work some on shares on on half ever since I own over fifteen ^{hundred} on place yet I have it all on notes from different parties is this any way I could get money on same. Father always said he never wished to see a mortgage on land. This a party I owe five hundred that is pressing me hard just now if I had that
