163562

NOTICE TO PURCHASERS.

T HE special character of this volume and the many thousand copies already sold make it desirable that it should remain in the hands of its purchasers a trustworthy legal guide for many years.

If purchasers will forward by card their name and post office address to the publisher, whose name stands on the title page of the book, to be entered in a Register, they may obtain for a fee of ten cents each year, about the first of June, printed sheets giving the new legislation, and whatever changes may have been made affecting any point in the book.

This new matter will be printed on one side of the sheet only, each *section* numbered to correspond with the *section* in the book that has been amended, so that subscribers may cut out those pertaining to their own Province and paste them in the book at the proper place, to be read in with the amended section.

Corrections are issued about June each year, and when ready notice will be forwarded to each subscriber who has registered; and further notice will be sent out each subsequent year to all subscribers who have responded to or acknowledged in some way the receipt of the notice for the preceding year.

As there are several former editions, please state, when forwarding your name, the date of the book you have purchased, and what years you have amendments for, if any.

Agents have no financial interest in forwarding names for registration, therefore subscribers must send their own names if they desire them to be entered.

As each new edition contains additional matter, it has been found necessary to make provision for those additions without disturbing the *section numbers* of former editions, so that the " amendments " supplied from year to year will correspond with the *section* in every edition. It will, therefore, be noticed in this edition that the section numbers do not run consecutively, but numerous blanks are left where it is seen that some later edition might contain matter requiring a new section number in order to be referred to in the Index.
