### A SOUND WELL MANAGED LIFE INSURANCE COMPANY

stands as a bulwark against poverty. In a financial crisis, or in a bad money market a life insurance policy is possibly the only asset in a man's estate which upon his death would bring its face value. The financial strength of the Company with which he places his insurance should, therefore, be a man's first consideration, and his consideration should be along the line of Security, for that is what he wants.

During two decades, The National Life has pursued a policy of "Security First" in connection with its investments until to-day as a result of this policy, together with steady conservative growth, and economical management, the Company is in a financial position second to none.
