The properties exempt from taxation are stated

o be as follows:

Churches. Parsonages. Schooland Bosselle L	
Schools and Benevolent Institutions Corporation Properties Government Properties	10 004 ***
Exempt by By-Law on agreement	6,010,050 1,871,000
Total Properties exempt from Taxes	\$42,911,815

From this schedule it appears that out of the total amount of exemptions from taxes in this city must be deducted \$18,215,565 for properties which are not owned by any religious body, or devoted to schools or benevolent institutions. The properties devoted to religion, education and benevolence have an aggregate value of \$24,605,250 only, not, as is usually stated, of 40, or more millions.

During last year there was \$415,000 disbursed on expropriations which the Treasurer's Report, says, "Entailed the usual indignation on the part of those assessed for a cost of which they felt their properties did not benefit."

The loans issued during the year were, one of \$700,000 40 year 4 per cent, bonds to redeem a like amount of matured 5 per cent, sterling debentures; and a second loan was for \$476,600, 40 years at 4 per cent, which represented the amount issuable for necessary permanent works under the 344th clause of the city charter. By the first of these loans a saving of interest is effected yearly of \$7,000, and both were disposed of at a premium which aggregated over \$14,000 for the advantage of the city. The second loan, with \$123,400 issued on same account in 1903, was appropriated as follows:

o i i i i i i i i i i i i i i i i i i i	
City's share of Street Improvements	\$2 09,000
Street Paying	150 000
City's share of Permanent Sidewalks	74,000
New Pump at Water Works	75,000
St. Denis and Forsyth St. Tunnels	45,000
Pipe Laving, Water Department	10 000
Extension of Bonsecours Market	12 000
Fire Stations—Improvements	7,000
