## How to Get Rich:

Take a quantity of silica costing one-fourth the price of oil; mix it with oil, and sell the compound to the public at the price of pure oil; offer "prizes" with the compound to make it sell. It is such a compound the public get when they buy common soaps. In Sunlight Soap-Octagon Bar-the public buy a pure and well-made scap. Sun-light Scap reduces expense by prolonging the life of the articles washed with it, which is much more profitable to the public, than common soaps with "prizes."

AND SECURE AGAINST LIGHTNING.

What every one wants, and what you can have—at moderate cost—by using

# Shingles, Galvanized, or Painted,

The most widely-used shingles in the Dominion for all farm buildings.

Quickly and easily applied by any handy man. Can't leak, and most durably economical.

Up-to-date farmers praise them en-thusiastically.
