The Publishers desire to draw special attention to this series. As far as they know there is no other series published with the same peculiar aim, not only to make the Bible story vivid and interesting, but also to save the child from doubt and perplexity in after years by teaching him now what the most thoughtful and reverent scholars agree in thinking about the Bible. Therefore they anticipate a very great sale for it when it becomes fully known.

Suggestions How to Read the Bible  
cloth 35c, post paid

"Would that we could have had such a book put before us as a people half a century ago! But sad to suspect, it might have been condemned and repudiated by the very nearly universal assent of Protestant Christendom. And yet it is packed close and deep with commonsense, true learning, and real religion. It teaches many lessons which scholars have, long ago, been forced to learn, but which they have all too timidly and slowly taught their hearers and readers."—Literary World.
