REMEMBER I REMEMBER  
(Canadian Courier)

remember, I remember,  
The house where I was born;  
The little window where the sun  
Came peeping in at morn.  
You'd hardly know the old place now  
For dad is up-to-date,  
And the farm is scientific  
From the back lot to the gate.

The house and barn are lighted  
With bright acetylene;  
The engine in the laundry  
Is run by gasoline.  
We have silos, we have autos,  
We have dynamos and things;  
A telephone for gossip,  
And a phonograph that sings.

The hired man has left us,  
We miss his homely face;  
A lot of college graduates  
Are working in his place.  
There's an engineer and fireman,  
A chauffeur and a vet.,  
A lecturer and mechanic—  
Oh, the farm's run right, you bet.

The little window where the sun  
Came peeping in at morn  
Now brightens up a bathroom  
That cost a car of corn.  
Our milkmaid is pneumatic,  
And she's sanitary, too;  
But dad gets fifteen cents a quart  
For milk that once brought two.

## SUCCESSFUL SCHOOL FAIR

The School Fair of Elm Creek district was held on Thursday, September 30. Fortunately after nearly a week of rainy weather the day was fine and the attendance was very satisfactory even tho the roads were in a bad state. The fair as a whole was a success, there being a large and varied exhibit.

In the Boys' and Girls' Club section, which is under the supervision of the department of education, the exhibit of chickens and pigs, tho not extensive, was fine, as were also the potatoes in this section.

In the municipal section the exhibit was more extensive and varied and was indeed a revelation as to the abilities of the school children themselves. Especially interesting were the exhibits of sewing, cooking, woodwork and other mechanical lines, even to the making of an aeroplane which will fly from one to three hundred yards and which had been constructed from drawings by Aubrey Clough, a lad of about fourteen years of age. The collection of Manitoba weed seeds in vials and display of mounted woods were a credit, and I would especially mention the display of mounted plants, both practical and artistic.

The educative influence of such an institution it is hard to estimate. The training is practical. It gives the children themselves an idea of their own capabilities and a practical interest in their surroundings which would breed a love for the calling and a practical grasp of the problems of life.

Mr. Watson and Mr. McWilliams, of the educational department, and Mr. Hartley, our inspector, were in attendance and rendered valuable assistance in the awarding of prizes and conduct of the fair.—Rustic.

The state of South Carolina has by referendum voted for state wide prohibition, the new law to become effective on January 1 next. The sale of beers and wines as well as liquor will be illegal.
