Doctor Said He Had Diabetes

Dodd's Kidney Pills Cleared Out Every Trace of It.

That's Why Mr. David Heon, of Nicolet Co. Quebec, is Recommending the Great Canadian Kidney Remedy To His Neighbors. ST. WENCTSLAS, Nicolet Co. Que., June 23.—(Special.)—I started to take Dodd's Kidney Pills because the doctor told me I was threatened with diabetes. After taking ten boxes I was again examined by the doctor, and he told me that all trace of diabetes had disappeared.

This is the statement of Mr. David Heon, well-known and highly respected here, and he is only one of many in this neighborhood who have found a new lease of life in the great Canadian Kidney remedy.

It is cures such as this that have given Dodd's Kidney Pills their reputation. They are now known from the Atlantic to the Pacific as the remedy that never fails to cure kidney disease, no matter where or in what form it is found.

Dodd's Kidney Pills are no cure-all. They simply cure diseased kidneys. The reason they cure backache, dropsy, rheumatism, neuralgia, diabetes, urinary troubles and Bright's disease is that all of these are either diseases of the kidneys or are caused by disordered kidneys failing to do their work.

ASCENDED MOUNT M'KINLEY.

ARCHDEACON HUDSON STUCK

Mount McKinley, the highest peak on the North American continent, has been completely ascended for the first time. The person who so distinguished himself by this feat is the Rev. Archdeacon of Alaska. He reached the top June 7 and he and his four companions erected a cross and threw the American flag to the breeze.

WANT HEALTH BUREAU

Doctors Urge Establishment of a Federal Department.

Government Control, According to the Medical Men in Assembly at London, is the Only Solution of the Problem of Public Health—Apathy is Still Evident in Many Places Says Dr. Stewart.

LONDON, June 25.—A resolution urging the establishment of a federal department of public health was one of the most important steps taken at the meeting of the public health section of the Canadian Medical Association's convention, which opened in the Masonic Hall yesterday morning. During the discussion of the question of public health in general medical inspection in the schools, perhaps one of the most difficult problems in connection with this section, was dealt with at length.

The paper dealing with this subject was prepared by Dr. J. Stewart of Halifax, but was read by Dr. Edgar of the London Institute of Public Health. It was explained that Dr. Stewart had gone to Scotland to receive the degree of LL.D. from Edinburgh University.

Dr. Stewart, after reviewing the work being done in all the provinces and especially remarking on the sympathetic interest taken in the work by Hon. Dr. Pym in Ontario, stated that he was forced to conclude that the work was yet in its elementary stage. While there had been progress in the cities, owing to efforts of the few, there was still apathy shown in the smaller places and would be until some definite system was worked out that would constitute a national standard. For this reason, therefore, there was need for a national public health service that could deal with such questions as immigration, sanitation of factories, control of diseases, adulteration of food and inspection of schools.

Those who took part in the discussion were Dr. Whitelaw of Edmonton, Dr. Park of Edmonton, Dr. J. A. Hutchison of Westmount, and Prof. Adams of Montreal, the latter emphasizing the importance of earnest co-operation between the school boards and the boards of health.

PRINCESS TO WED?

London Paper Claims To Have Information of H.R.H. Betrothal.

LONDON, June 25.—The Evening Standard's Berlin correspondent says: "According to advices from a very reliable source at Mecklenburg-Stralitz there is reason to believe that an engagement will shortly be announced between the Princess Patricia of Connaught and Prince Adolf Friedrich, heir to the Duchy of Mecklenburg-Stralitz." Final arrangements between the two families are said to have been made when King George and Queen Mary paid their flying visit to the aged Dowager, Mecklenburg-Stralitz during their recent sojourn in Berlin.

EQUAL SUFFRAGE FOR DENMARK.

COPENHAGEN, June 25.—At an extraordinary session of the Rigsdag, yesterday, the Premier, M. Zahle, said that a new Cabinet had been formed in order to secure such amendments to the constitution as would make effective the popular demand shown in the recent elections. He said that elections for both Chambers would be held on an equal universal suffrage basis, and that Parliament would open a month earlier than usual so that the measure could be carried through the coming session. Erik De Savenius has been appointed Minister of Foreign Affairs.

BETTER THAN SPANKING.

Spanking will not cure children of wetting the bed, because it is not a habit but a disorderly disease. The C. H. Rowan Drug Co., Dept. 291, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a six pack, age securely wrapped and prepaid absolutely free to any of The Courier readers. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co. is an Old Reliable House. Write to them to-day for the free medicine. Cure all the afflicted members of your family, then tell your neighbors.

HAT FOR BROWN EYES

ARCHDEACON HUDSON STUCK

Prettily dressed children constitute half the brightness of almost any scene in which humanity plays a part. So children's fashions have grown to be a business too.

As much thought may be expended in the attire of the little maid as the debutante, with equally as attractive results; the chief difference being that it is possible to make all sorts of becoming apparel for a four-year-old with the odds and ends which so often find their way to the scrap bag. One of the best ways of using up pieces is upon the small lady's separate hat. A silk elastic, passing under the chin, prevents the chapeau shown on the head of this pretty owner from blowing off. The sharply pointed crown, covered smoothly with brown satin ribbon bow, and the brim of shirred velvet is partially covered with a fluffy band of white and brown marabout.

A SPLENDID DINNER FOR HEARTY EATERS

- Short ribs of beef, brown gravy
- Plain boiled potato
- Sweet dill pickles
- Apple pie
- Cheese
- Coffee

Put the ribs to boil in just enough water to cover them. Salt, add two pepper pods, one slice of onion and one laurel leaf. Boil slowly until tender. Take up, wipe dry, lay in a baking pan, sift little flour over them and brown in oven. There will be enough fat in the pan for the gravy. Heat it stir in one heaping tablespoon of flour and stir well until lumpy disappear. Turn into this flour and fat one and one-half cups of cold water and allow to boil five minutes. Place the ribs on a platter, peel the potatoes which have been boiled with their jackets on, place them around the ribs and send the gravy to the table in a gravy boat.

KITCHEN HELPS

Permanganate of potash will cleanse dirty filters of all impurities. A solution should be passed through the filter until it comes out as pink as when it was poured in.

Tar may be removed from the hands by rubbing with the outside of fresh orange or lemon peel and drying immediately. The volatile oils dissolve tar so that it can be rubbed off.

Cayenne pepper is excellent to rid cupboards of mice. The floor should be gone over carefully, and each hole stopped up with a piece of rag dipped in water and then in cayenne pepper.

When a tin lid is very hard to remove instead of struggling to loosen it with a knife just hold the tin up sideways and give a few taps with a hammer, and it will loosen immediately.

Very frequently when separating the whites from the yolks of eggs the yolk becomes broken and falls into the white. Dip a cloth in warm water, wring it dry, and touch the yolk with a corner of it. The yolk will adhere to the cloth, and may be easily removed.

If great care is not taken flat irons easily become rusted. The following is a good way to clean them when this occurs. Tie a lump of beeswax in a piece of rag, and when the irons are hot rub them with this. Then rub them well with salt on a cloth, and they will be quite smooth and clean.

Stomach gas is frequently caused by fermentation of foods not properly digested. Intestinal fermentation causes intestinal gases. Sour milk and cheese diet diminishes it. Over-eating, hurried eating and too long waits between meals are all common aids to the formation of stomach gas.

If what seem to be "mere colds" were less commonly neglected tuberculosis would more often be caught in its incipient state and pneumonia and diphtheria would frequently be prevented.

Criticism of Municipal Financing Makes Monetary Times Speak Out.

(Canadian Press Despatch)
TORONTO, June 26.—"It was no what he said but the nasty way he said it," seems to sum up the injured feeling of Canadian municipalities regarding Mr. Horne Payne's criticism of civic financing," says the Monetary Times. Here is some truth in Mr. Payne's strictures but admitting that Canadian cities and towns have been heavy borrowers and that they have made minor mistakes, these facts remain: the volume of immigration brings every year thousands of new citizens to the urban centres. The welfare has to be financed. Only two Canadian municipalities have defaulted on their bond interest. This was many years ago, caused by the temporary circumstances of the war. The municipalities are now soon made good. Canadian municipal securities still hold a high place in the esteem of the British, Canadian and United States investor. The chief reason for this is the same as for the other: the temporary hull in their sale overseas is exactly the same as for the other: the volume of immigration brings every year thousands of new citizens to the urban centres.
