Strawberry Plants
Howard No. 17

More dollars are made in growing this wonderful Staminate variety than any other kind. All growers of our acquaintance who have fruited it, say the same. Plants very vigorous with perfect foliage. Berries large, firm, very beautiful and delicious. Season very early to late. We picked our first berries for market last year (1922) on June 5th, and had good berries well into July.

Plants \$1.50 per 100 \$10 per 1000
