DEATH OF WM. KINCAID

News of the death of William Kincaid was received with sorrow by many relatives and old friends in this section. Last March he left his old homestead at Lake Elroida and has since been a welcome guest in the homes of his sons C. A. and George at Kingston. From a stroke of paralysis received about a year ago he never entirely recovered, and his death was not unexpected.

Such testimony furnishes further evidence to the people of Athens that our famous cod liver preparation, Vinol, does all we claim for it. As a body builder and strength-giver for old people, delicate children, weak, run down persons, after sickness, and for chronic coughs, colds, bronchitis, and all throat and lung troubles, Vinol is unexcelled. This is because Vinol is made by a scientific, extractive and concentrating process from fresh cod livers, combined with peptonate of iron all the elements of cod liver oil, but no oil.

HOME FROM WISCONSIN

Notwithstanding the distinction achieved by Mr. A. N. Sherman in the domain of eclectic philosophy, he does not wish to be called Doctor or Professor, but by the name familiar in childhood days and which, when heard in after life, in the great conflict, brings with it "dear memories of the past."

Mr. and Mrs. Sherman returned home to Athens on Monday, Nov. 25. They left on Oct. 1st, an absence of 56 days, going first to Superior City, Wis., which is on the sloping banks of Lake Superior. Mrs. Sherman said there occurred an awful fire while they were there, burning three big flour mills with capacities as follows: Grand Republic Mills, 5,000 barrels daily; Minkota, 500 barrels daily; Freeman, 3,000 barrels daily. The elevators belonging to these mills contained 150,000 bushels of wheat up to 300,000 bushels—all burned. The loss will be severely felt in that locality.

Fourteen days were spent in Minneapolis and St. Paul—a second and very profitable visit to these great and enterprising rival cities. They had many very tempting invitations to return, but the next place he will visit will be Huntington, Ind., and Pine Bluff and Hot Springs, Arkansas.

Mr. Sherman is intending to make considerable improvements next season in his Victoria Springs property, which to the young people of day must eventually become a pleasing feature of the pleasant village of Athens. Mrs. Sherman received many fine presents during this last trip.

C. L. DRESE, M.D.

Specialist in Throat and Lung Troubles Endorses Vinol. He writes: "In cases where the curative influence of cod liver oil is needed, I prescribe Vinol, which I find to be far more palatable and efficacious than other cod liver preparations. I am convinced from my own experience and from a knowledge of the nature of Vinol, that it is a worthy cod liver preparation in which a physician may have every confidence." C. L. Dreese, M.D., Goshen, Ind.

The Largest Jack Manufacturer in the World Writes about Zutoo

Regarding your Zutoo Tablets I beg to say: I have been a sufferer from headache since childhood and have used all, or nearly all, of the so-called "cures" on the market, but I have never been able to discontinue their use on account of their bad effects on the heart. Some months since my attention was called to your Zutoo Tablets and I have been using them ever since with the most gratifying results. I find they cure a "stitch" or "nervous" headache in a few minutes and leave no bad effect. My family use them whenever I have had equally good results. I have frequently given them to friends who were suffering from headache and they never fail to give quick relief. I find them a good remedy for "sour" stomach as well as headache. I always carry them in my grip on the road and would not be without them at any cost. A. O. NORTON, 286 Congress St., Boston, Mass.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. Frequently, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden nerve trouble, the cardiac, or Heart Nerve. This obscure nerve—the cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.
