Said ane of them: "Do you know that this bend in Broadway was made in order to save a tree? Well, it was. As

originally planned, Broadway would have cut a slice off the lawn of Hen-

drik Brevoort, who ran a tavern in the Dutch farmhouse which stood where Grace church now is. He was

an alderman, like many of his profes-

over their pipes to watch the traffic on Bloomingdale road, but about 1849 also prevented the opening of Eleventh

street from Fourth avenue to Broadway, which would have necessitated

The Madrigal.

The word madrigal sounds very formidable to a beginner in music.

More than once have I heard the question, "What is a madrigal?" Strictly

speaking, a madrigal is an elaborate vocal composition in from three to six parts, generally sung in chorus. The melody should not be carried through a single part, but should be dispersed

in phrases through the different voices

in the conversational manner peculiar to the music of the sixteenth and seventeenth centuries. The true madrigal has no accompaniment. This form of song is considered English, but is

thought to have had its origin in the Netherlands. The exact derivation of the word is not known. The first madrigals are believed to have been morning songs, shepherds' lays or songs in praise of the Virgin.

A Very Practical Christian.

A benevolent old man who lived on his farm in Iowa never refused shelter

to any who might ask it of him. His many friends remonstrated with him

about this characteristic, knowing that

the o was great danger of the old man being robbed. To these remon-strances the old man replied that he believed in "practical Christianity," "But," said one of his friends, "this

seems very impractical. Suppose one of these men took it into his head to

"My dear young friend," was the re-ly, "I bid all enter in the name of

God, but I prove my belief in practical Christianity by locking up their pants during the night."

Poll Parrot as a Game Bird. While the parrot is a bird of beauti-

ful plumage, as a table delicacy it is not to be recommended, as I know from sad experience. My first essay at eating a parrot was attended with mod-ified success. The bird must have been comparatively young, and after several hours' boiling became soft enough to hours' boiling became soft enough to masticate and finally swallow, leaving behind it an impression that we had lunched on the sole of a rubber boot.— Arthur D. A Fighting State.

Whenever you scratch Kansas history you find a fight. No territory of equal size has had so much war over so many different causes. Her story in Indian fighting, gambler fighting, out-

law fighting, town site fighting and po-litical fighting is not approached by any other portion of the west.

Try Efficiency of the Act.
Vancouver, B. C., May 16.—The efficiency of the Industrial Disputes Investigation Act from the employers standpoint is to be tested here immediately, according to the announced decision yesterday of the manager of the Marble Bay Mine.

Mackenzie King, Deputy Minister of Labor, has declined to interfere in the strike, which has tied up Texada. Yesterday the mine owners, issued summons against fifty miners to appear in court to explain why they should not each pay a fine of five hundred and ten dollars. This is the first time this feature of the act has been invoked.
