What the Best Citizens Say--

The following are the opinions given by the leading business men of Chatham as to what they think of the Elms Sub-Division at the Head of King St. opposite St. Joseph's Hospital in Chatham. We could have secured many more had we the time to solicit them. Why not buy now at the present prices, not wait until the prices are advanced from 25c to 50c per cent.

ROTHWELL & CO.

General Agents,
The Elms Sub-Division

James Simon—I consider the Elms Sub-Division at you are handling the choicest of Chatham, a residential property.
H. S. Northwood—I cannot but think otherwise than all who purchase lots in the Elms Sub-Division at from \$500 to \$1000 per foot, will make a handsome profit on their investment.
George Massey—The Elms Sub-Division is certainly in the growing part of our city.

Ald. Wm. Stone—I would not be surprised to see King St. extension through the Elms Sub-Division built up within two years as handsome lots in a lot in the Elms Sub-Division and taking advantage of your easy terms of \$5 a month it encourages the young to be saving. Real Estate cannot "Bust" or run away. It's a safe investment when properly selected in a growing locality such as The Elms.

Fred. H. Brisco—The restrictions you have put on the Elms Sub-Division as to cost of houses, uniform building line, no business of any kind, etc. is all in the interest of the lot buyer and will keep your sub-division a choice residential section.

SMITH & SMITH,
Local Agents.

LORD'S DAY ACT

Commons Would Not Concur in Senate's "Sunday" Change—The Sunday Parks

Ottawa, July 12.—Sir Mackenzie Bowell did not move the promised amendments yesterday morning to the Sunday bill. He doubted if it could be amended so as to have any effect at all. Senator Loughheed made a brilliant speech, pointing out the inconsistent and divergent views of the Laurier Government.

The bill was read a third time and passed without division.

Back On Commons.
When the bill went back to the Commons Mr. Aylesworth moved that the change in title and phraseology from "Lord's Day" to "Sunday" be not concurred in.

Mr. Aylesworth's motion not to concur in this amendment passed without division.

The Commons then declined to concur in the following Senate amendments:

Defining provincial act as a "public" or "private" act.

Including express matter in clause respecting passenger trains.

Permitting any "car," well as "motor," to be carried on Sunday to its destination.

Permitting street railway and ferry at Sault Ste. Marie to operate on Sunday.

Conferring on "all" vessels the exemptions conferred upon "ocean-going" vessels.

About 11 o'clock the Lord's Day bill restored to its former name, and with a few of its wounds bound up and dressed, was carried back to the Senate.

Senate Swallows.

The Senate last night swallowed bodily all the amendments of the House to the Sunday bill. The only division favored the Government; yeas 33, nays 5.

McIntyre Bolts.

The House yesterday morning concurred in the amendments made by the Senate to the Railway Act. McIntyre (Liberal, Perth), voted with the Opposition against Hon. Mr. Emmerson's motion, which was carried by 64 to 24. The pensions to ex-Ministers were repealed yesterday morning almost without debate and without division.

FIVE KILLED OUTRIGHT.

Twenty More Injured In Trolley Collision at Martinsville, N. Y.

Buffalo, July 12.—A train of two trolley cars, westbound from Lookport on the lines of the International Railway Co., and due at Tonawanda at 9:15 o'clock last night, ran into an open switch at a siding just east of Martinsville and crashed into a trolley freight car, which was lying on the siding waiting for the passenger train to go by.

Five passengers were killed outright, and a score injured, some of whom may die. The passenger cars were going at a high rate of speed when the accident occurred, and the impact was terrific.

THE C.B.C. MEDALLISTS

A SUCCESSFUL SEASON

UP IN THE ALPS

Several illustrated postal cards have been received by the staff of the Beehive, from Mr. Geo. Sulman, who, with his wife, is now touring Europe. The latest received depict scenes in the Alps, where Mr. and Mrs. Sulman are now enjoying themselves.

One card shows an hotel far up on the mountains, at which they recently stopped. Everything is covered with snow. At the bottom of the card Mr. Sulman has written: "Just think; after dinner when we went out we could make snowballs, and this in July 21!"

THE P.M. PICNIC

The Pere-Marquette Ry. employees' picnic, which will be held here on Tecumseh Park, Saturday, July 21, promises to be one of the biggest and one of the most successful events of the year. The very low rate of 25 cents from all points on the Buffalo division should bring a large crowd to this city on that day.

The program which is being drawn up for the day is most unique and should prove most interesting. Among other things there will be tug-of-war, a lacrosse game by the Chatham and St. Thomas teams, a baseball game between Chatham and St. Thomas, a white baby show, a colored baby show, cake walks, aquatic sports, etc. The Regiment Band has been engaged for the day.

TO THE GRAVE

The funeral of the late Robert Griffith took place this afternoon at 2:30, from his late residence, Adelaide St., to Maple Leaf Cemetery, Rev. A. H. MacGillivray, pastor of the First Church, officiating. The funeral was largely attended, many of the late Mr. Griffith's old friends from Dover being present, as well as a large number from the city.

Among the many floral tributes which were laid on the bier of the deceased, were—a harp from his sisters, a pillow from the family, an anchor from the staff of the Thornton & Douglas store, a wreath from the employees of the Austin store, and sprays from Miss Allen, Kingsville, Miss Flook, Mr. and Mrs. W. E. Easton, Mr. and Mrs. Sheawa, Miss Jahneke and Mrs. Sack.

The pall-bearers were, Messrs. John Flook, Wm. Robertson, Wm. Tuttle, Doherty, H. Westmore and Wm. Wilson.

SHOULD SHUN SOUP

Dr. Osler Says It is Positively Dangerous—Causes Nervous Dyspepsia.

"Dr. Osler certainly set the country by the ears when he advocated chloroform for those who had reached the sixtieth milestone, but I heard him make another statement that might be considered fully as startling," said a New York merchant at luncheon the other day. "Several years ago my wife was a wreck from nervous dyspepsia. Several prominent physicians here had treated her without success, and finally I was advised to take her to Baltimore to see Dr. Osler."

"He inquired carefully about her habits, and particularly her diet. We described it without going into details, but this did not satisfy the great physician."

"Tell me what you have for dinner, describing the nature of the courses, their number and so on," he insisted.

"Well, usually we start with some good, nourishing soup, I began."

"Stop right there," interrupted Dr. Osler. "Soup must go. There is a popular fallacy that soup is nourishing. That is a mistake. It is one of the most harmful things one can eat. It is worse than lobster."

"Of course there are times when a simple beef or mutton broth is not to be condemned. But, as a rule, soup is positively dangerous. It dilutes the gastric juices, and it ferments too rapidly to permit it to be easily digested. It is the greatest cause of dyspepsia and nervous disorders. Vegetable soup should be thrown into the garbage pail, where it belongs, instead of being poured into a delicate stomach. Half of the nervous wrecks among society folk who live well are caused by eating soup."

"Dr. Osler gave some other advice, which was followed by my wife, in addition to giving up soup. Soup is never served at our table, and has not been for years. My wife is well and strong today, and she can eat anything on the menu except soup."
