It was with a glad interest the friends in this place of Mr. and Mrs. Lee Bishop, learned of the birth of a little daughter to them, last Wednesday night, their first child, but with the deepest regret and sorrow learned of its death when only about twenty-four hours old. The funeral was held on Saturday afternoon, at the residence of Mrs. Emma Harvey, where the birth took place. Just a short quiet service, conducted by Rev. Mr. Chipman, of Port Williams. A number of interested and sympathizing friends were present. Burial was at Oak Grove Cemetery, Kentville. Much sincere sympathy is extended to Mr. and Mrs. Bishop.

"Hats off" and a "Bravo" from our residents to the people of Western Kings, with heartiest congratulations for showing such steady perseverance and enterprising pluck for some time, with final accomplishment of their grand aims of and for the first-class and up-to-date Hospital, in memory of their fallen heroes in the Great War. They deserve the praise and credit of all for their push and stick-at-it-iveness. To them alone credit is due in Western Kings.

WOLFVILLE AND WINDSOR PLAY TIE GAME

The Wolfville base-ball team played its first game in the Valley League at Windsor on June 8th, when they played 10 innings with a score of 4-4. The Wolfville boys took the lead in the first innings, scoring four runs to Windsor's nothing. Nevertheless their good start was their ultimate undoing for in the second and third innings when it was quite possible to score they did not appear to take the game seriously and failed to come across. Later in the game when runs were much needed they were unable to make good. Windsor scored two runs in the sixth innings, one in the seventh and with one out in the ninth brought in the tying run. Due to the lateness of the hour it was decided to play one more inning each, which was done without further score. Brown pitched for Wolfville with seven strike outs and four walks to his credit, while W. Singer served them up for Windsor with nine strike out and four walks. The Wolfville boys fell down in their batting but played a good brand of ball in the field, seven of their players being errorless. R. Dill and P. O. Annis refereed the game and both testified to the advisability of having non-local experts umpire for these games. The teams were as follows:

Wolfville—W. Barteaux, s. s.; H. Evans, c. f.; E. Kenney, 2nd; S. West, 1st; A. Brown, p.; C. Langille, c.; G. Rand, 3rd; B. Elderkin, l. f.; R. Ferris, r. f. Windsor—Black, 2nd; Morell, c.; Hughes, 3rd; P. Smith, 1st; Fogarty, l. f.; M. Singer, c. f.; Clark, l. f.; H. Smith, s. s.; W. Singer, p.

RALPH CONNOR'S BOOK IN MOVIES

One of the big moments in "God's Crucible", the picturization of Ralph Connor's novel "The Foreigner", a Hodkinson release which will be offered next week to the patrons of the Opera House, takes place in a court room, where the young hero is on trial for his life. When Ralph Connor wrote the novel he described this court room at very great length, and because it played so prominent a part in the unfolding of the story, in fullest detail. He was enabled to do this because he did not call upon his imagination, but rather described an actual court room which existed in the City of Winnipeg.

When Alexander MacRae went to Winnipeg to bring Mr. Connor's novel to the screen he at first thought that it would be necessary to reproduce this court room in the studio, but was delighted to learn that through the courtesy of the city officials it would be possible for him to "shoot" his scenes right in the very room described by Mr. Connor in the novel.

So that when theatre patrons see the court room scene in "God's Crucible" they will be seeing not a make-shift but the real thing. Not only that but the Court Crier and the clerks and many of the attendants are men who have officiated in their respective offices for a great number of years, therefore their technique is quite perfect. Even the newspaper men are not "extras" but actual reporters connected with the Canadian Free Press, which seems to insure the last word in realism.

WOLFVILLE'S BIG DAY

Dominion Day Will be Celebrated on Monday, July 3rd, in Wolfville.

Arrangements are being made for a real day of sport to be held in Wolfville on Monday, July 3rd. It will be primarily an inter-school athletic meet and will be participated in by the schools of Wolfville, Kentville, Canning, Hantsport and the sections lying between. A list of the events is published on another page in this paper and is a most attractive one. The competitors must be bona fide members of the schools represented and of good standing in their studies. In addition to these school events it is proposed to put on other interesting features, including an automobile parade, ball games, etc. It is not often that Wolfville undertakes anything of this kind but when she does it is well done, as is proved by past history. Our readers should watch for further announcements in this paper and by posters and those out of town will do well to arrange to visit Wolfville on Monday, July 3rd and enjoy a feast of good things.

AN APPRECIATION

To the Editor of THE ACADIAN:

Sir:—We are often being reminded of the beauties of Wolfville, its institutions, and possibilities, and rightly so, in these matters Wolfville and district are favored beyond what even her greatest admirers dream.

But, sir, there is a little institution upon the hill not so well known or as highly prized as it should be. This is the Westwood Hospital. Recently it was my misfortune to have to spend some little time within its walls. It was my good fortune to be able to, and such was the care, skill and devotion of both the superintendent and every nurse in the institution that I really want to publicly express my appreciation. Night or day, I might say night and day, they never neglected a duty, or made us feel that anything was too much trouble or too trivial. It may be that some will suggest that they are paid for all this. Cold cash may be the standard by which some people live but it is not the standard of those who provided or those who were in the Westwood Hospital.

The only thing that pains one is the fact that there are so many of our poorer brothers and sisters who must suffer, and perhaps die for the want of such care and skill. Those of us who may be able to pay our way and foot the expenses connected with an illness have a chance to pull through. But I am thinking of a poor old man, eighty-two years of age, with a wife over eighty years of age. I visited them last winter, for twelve weeks the old man had not been to bed, night and day he sat in his chair by the stove, and one night sleep got the better of him, but while asleep he fell upon the stove and was severely burned. What a pity there was no hospital for him. Surely our county should make some such provision for its poor.

Our mutual friend, Rev. Mr. Dixon, wrote last week of the wonderful service being rendered by Miss Harry. He did not say too much or speak too highly of such service, but how much more easily her task, and wonderful her work, if only she could send her patients, or take them to a hospital.

Perhaps some person whom the good Lord has blessed with wealth may feel that he is his "brother's keeper" and find here an opportunity to send material up to heaven out of which the angels may be able to build for him a room in the Father's House.

MIDDLETON DEFEATS WOLFVILLE

In League Ball Game—Score 8 to 1

The first league game in Wolfville this season was played Wednesday afternoon between Middleton and Wolfville boys. In spite of the threatening weather a good sized crowd turned out to witness the game, which was a poor exhibition of ball. The visitors scored eight runs in the first six innings, due to numerous errors by the home team. After that the locals tightened up and prevented further scoring. In the sixth frame, the fans were treated to some real baseball when a triple play was made. Ross was on third and Harlow on first. Phinney hit a single, on which Ross was trapped between home and third. Harlow was immediately despatched and Phinney then tried his luck at sliding into the third sack, but was tagged out by Barteaux who, as usual, played a fine game.

The local team were weak at batting and received only two safe hits. Their only run came in the eighth, when Rand hit a hot one to V. Reagh, but the pitcher did not hold it and Rand, after stealing second, ran home, when Brown was called safe at first.

Vaughn Reach pitched a stellar game for the winners, allowing but two hits and striking out eleven men. Brown also pitched a good game for Wolfville, striking out five men. Ross, who caught for Middleton, sprained his ankle while running bases in the sixth inning and was replaced by Appleby. Carl Angus acted as umpire behind the bat and officiated to the satisfaction of all. Herman Baird was base umpire.

VICTORIAN ORDER OF NURSES

Does the work of our nurse, Miss Harry, need to be brought before the public eye? In general, no; and yet a glimpse into specific cases and a survey of numerical facts will serve to enlighten us all.

In the month of May, Miss Harry made 203 visits including three continuous nights. Of these, 100 were "paying calls", and 103 free calls. In April she made 216 visits of which 143 were free; that is, the families were unable to pay the fee of 65 cents a visit.

A few months ago, a poor woman of the town was in urgent need of an operation. Her life was in danger. There was no time to lose. With a hospital in the town the case could receive proper attention, but there was no fund to draw upon. The money collected in January by the canvass, and the Town's gift of \$300, are expressly for the nurse's salary, and not for hospital cases. However, the amount of \$75 was collected when the emergency arose, the Town giving \$10, the I. O. D. E. \$15 and the remaining \$50 coming from individual donors. The operation was successful, and today the woman is caring for her husband and five children as usual. (The doctors gave their services free in this case. The expense was for hospital board.)

Two weeks ago, a poor tubercular patient was taken to Kentville for examination, and pronounced curable if she could spend six months in the sanatorium. She is a young woman, a mother of three little children, a hard worker and most deserving, as was, also, the case described above. There was only one course to be taken. The V. O. N. must stand behind this case until the woman is cured. Again, there is no fund available, but the woman is in the Sanatorium and the V. O. N. is at work raising the necessary \$200.

The Philathea Class of the Baptist Sunday School donated \$10, towards the fund.

On Saturday afternoon, June 17, there will be a Pantry Sale in the Town Hall to raise money for this object.

Further efforts from time to time will be put forth, and posters or notices will mention the V. O. N. Hospital Fund.

We must raise \$200, for the present emergency. But what about the future? There will be other cases, and a permanent fund is needed in the town to defray the emergency hospital cases as they arise.

The V. O. N. is a town organization. Every citizen of Wolfville is at liberty to call upon the nurse in time of illness. All should be interested in the raising of an emergency hospital fund. Co-operation of all the organizations in town, that stand for brotherhood and public service, is what we need. Why not vote a definite sum for this fund at your next regular meeting? Think it over and then act.

KINDNESS APPRECIATED

Mrs. W. H. Chase has received the following letter from the patients and staff of Camp Hill Hospital:

Dear Mrs. Chase:—On behalf of the patients of Camp Hill Military Hospital, Mr. A. J. Penny, and myself, I wish to extend to you and all the ladies of Wolfville who so kindly helped to make the dinner such a success on June 3rd, our sincere thanks.

I can assure you that the boys had a perfectly lovely time whilst in your town, and all enjoyed the days outing immensely in spite of the weather. With kindest regards, I am

COUNTY CRICKET

Annapolis County Defeats Kings in Interesting Match

The cricket match on the Campus last Saturday afternoon between teams representing Annapolis and Kings counties furnished excellent sport. The Annapolis county team consisted almost entirely of Bridgetown players, while the locals had six Kentville players and five from Wolfville. The Bridgetown team will be weakened the coming season by the loss of the Ollerhead brothers, who sail for the Old Country this week. In their inning these two players made a stand and hit everything that came their way. C. W. Ollerhead was especially good, making four long hits, one for seven runs, two for six and one for four.

The Kings county team fielded poorly and many easy chances were missed, thus prolonging the game. Kings was in first and with the aid of Miller and Doll they collected 61 runs. The Annapolis team then took their innings. The first two men were out for only two runs and it looked as though the bowlers would hold them, when the next were out for only six more runs but the Ollerhead brothers were yet to be in and when they retired Charles had made 62, half of his team's runs, and enough to win. His brother contributed exactly half as many, scoring 31. Then Mr. Bothamley added 21 to the score before he was caught out by Vereker. The final score was: Annapolis 138, Kings 61.

SOCIAL SERVICE COUNCIL AND PRESCRIPTIONS

To the Editor of THE ACADIAN:
Dear Sir: Kindly publish the following in your next issue:

I notice that the Social Service Council meeting which recently convened at Kentville passed the following resolution concerning the Temperance Act:

"Whereas the Nova Scotia Temperance Act provides that in the case of any physician who in the opinion of the Inspector-in-Chief is imprudent or careless in the giving of certificates that may be given by such may be limited by the inspector to a number approved by him"; Therefore resolved that this convention of the Social Service Council requires the Valley Medical Association to take action to the end that the smallest number possible of such certificates be issued, and they suggest twenty-five prescriptions to be the maximum number. When any lay societies and those who are not qualified to speak, can force their opinions on a learned profession such as our medical men, it is certainly an insult to our doctors to say the least.

A physician studies four and five years and should know when alcohol, digitalis, cocaine and other drugs are required, but when they are forbidden by law to express an opinion and moreover to have their opinions over ruled by ignorant prohibition inspectors who know more about pickles than medicine.

There should of course be a limit to prescriptions and in my opinion the doctor is the best judge.

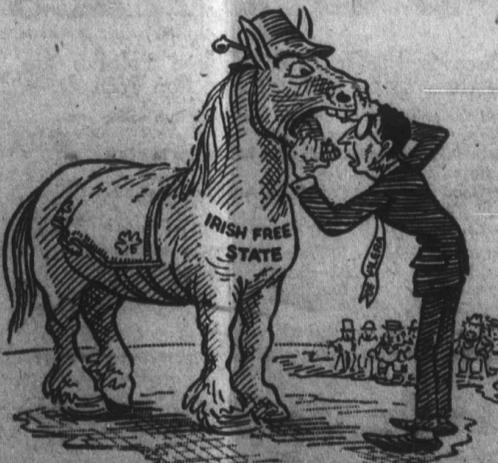

Yours truly,
F. C. CHURCHILL
