HOPKINS WILL BE CANDIDATE

Unless T. J. Stewart Runs Against Mayor McLaren.

New Canal Would Give Hamilton Its Own Power.

New Waterworks Bu-law Ready For the Council.

There is to be a mayoralty fight in January without the shadow of This positive announcement was made at noon to-day by Dr. Hopkins, alderman from Ward six. The doctor has been chasing the mayoralty phantom for several weeks past and ow he has grasped it as a reality. He has been in conference with T J. Stewart, ex-mayor, who is also mentioned as a possibility, he has been taking soundings, hunting up big guns to help him in his campaign and weighing public opinion. doctor seems quite pleased with the

"That is a question," was the evasive reply,"

art declines?"
"I certainly will," was the prompt and emphatic reply.
"The Hydro people think Mayor McLaren deserted the ranks. They require a leader." And Dr. Hopkins admits that he is willing to be the leader if the people will have him.

The Hydro supporters, however, seem to be pinning their hopes on T. J. Stewart. They admit that it will take a mighty strong man to even give Mayor McLaren an argument. They say that they practically have Mr. Stewart's promise to run and that an official announcement may be expected as soon as the council settled the power question one way or the other on Monday night. Mr. Stewart is said to have given his promise that if the power question is to be an issue in January he will oppose Mayor McLaren. If he does it will likely be the most spectacular mayoralty campaign in years. A defeat for Stewart would put him out of municipal and public life for good, his friends think.

Mr. Stewart was said to be in Toronto yesterday conferring with the Hydro people. This could not be confirmed. The commission discussed Hamilton's case, although it had nothing official from this city before it. What decision was arrived at it was difficult to learn to-day. The Hydro aldermen professed ignorance and nothing official came to the city.

The possibility of the Dominion Government being induced to build the new canal from Lake Erie west of Hamilton, entering the bay by way of the marsh near the Desjardins Canal, is pointed to as one of the many reasons why the city should not tie itself up to a thirty-year monopoly with the Hydro-Electric Commission. Ald, Lees is one who believes that if the Government would build the new canal on the old survey, made some years ago, Hamilton would be in a position to generate its own power right at its own door.

power right at its own door.

"Then that is another very good reason why we should not tie the city up for thirty years," said Ald, Clark, when Ald. Lees made the remark

Aid. Lees made the remark.

"Yes, it is." admitted Ald. Lees, who was one of those who voted with the Hydro supporters on Monday night.

The chief advantage of the Government using this survey is that it would do away with the necessity of building breakwaters. The hay is a splendid land-lecked harbor. It is likely, an organized effort will be made early next year to get the Government to consider the suggestion.

Hospital Governors and the Re The Hospital Governors and the Board of Health had a joint conference behind closed doors in Mayor Melaren's office yesterday afternoop. Dr. Langrill, hospital superintendent, and Dr. McGillivray, acting medical health officer, attended. The Mayor explained later that the meeting was merely for the purpose tended. The Mayor explained later that the meeting was merely for the purpose of making arrangements for looking after any infectious or contagions dis-eases from the new amex district, and to have an understanding between the

Court of Revision this afternoo is busy hearing arguments of lawyers on appeals in which legal points are in-colved. To-night Samuel. d. To-night Separate School ap will be heard, and the court's la bors will be practically over, except for the session to be held on Tuesday, when the new assessment ordered in ward 1 the session to be need on Tuesday, when the new assessment ordered in ward I on the mountain top will be dealt with. The reduction this year will be far be-low the amount struck off last year. The total reduction last year was \$373, 755, of which \$81,000 was struck off by 755, of which \$81,000 was struck off by the County Judge, and \$96,000 on lawyers' day. The reduction this year to date is \$123,027, made up as follows: Ward 1, \$7,290; ward 2, \$36,345; ward 3, \$22,670; ward 4, \$11,520; ward 5, \$18,620; ward 6, \$19,640; and ward 7, \$7,552.

There was an amusing incident yester-day when the Main street deputation called on Mayor McLaren and Chairman Allan to have that street paved. "Why, there are so many holes in the road," said one of the speakers, "that the automobile parties are kept so busy watching them they can't see the fine residences along the street."

The committee which has been revisions the new waterworks by law practically concluded its labors this morning, and although the rates have not been put in the by-law yet, this will likely be attended to before Monday night, and the by-law submitted to the council. The recommendations are that the manufacturers' rate continue at 7½ cents a thousand gallons, that \$1 each be struck off the bath and closet rates, and that all large consumers be metered. The committee which has been revis-

Knoxville, Ten., Nov. 5 .- A Hancock county feud of years standing has broken out afresh and James Yount, aged 30, and Geo. Green, aged 16, are the last victims. James Davis, who admits the double killing, says he did it in self-defence, and has surrendered to authorities at Smeedville.

The feud originated some years ago with the killing of Elig Green, an aged man, was shot from ambush while he

was harvesting. Yount married a daughter of the elder Green and Davis weded his widow. Bad feeling existed between Davis and Yount and it is supposed that Geo. Greene, a son of the murdered man, took Yount's part in the fight. Yount and Green were

The first witness called was Lorne E Imlay, an electrical engineer. He said Imlay, an electrical engineer. He said he had been acting as such for sixteen years, at present being superintendent of the Canadian Niagara Power Company and of the Niagara Falls Power Company. He had acted in that capacity for seven years. Before going at that work, he was constructing electrical plants. He had kept in touch with electrical constructing that time and was familiar with the advances in the electrical art for the past sixteen years. The plant at De Cew's Falls had been inspected by him. "Since 1890 there have been advances in the electrical art, but not of such a nature as to reduce the cost of production," suggested Mr. Staunton to the witness.

Niagara Falls, Ont., Nov. 5 .- The xcitement over last evening's bold obbery of the Canadian Express office and the clubbing of Cashier Dobson is unabated. The entire force of Provincial and city officers are at work hunting for the two men described by Dobson. HAMILTON MAN BEATEN, AND EXPRESS OFFICE ROBBED.

William Dobson, Canadian Express Cashier at Niagara Falls, Found In a Pool of Blood With Gash In His Head.

Two Men, Apparently Italians, Got Away With \$14,000-Police on the Alert-Dobson's Father Gone to Falls.

Although detectives searched passenger trains from the east, kept a close guard on the railway stations and watched automobiles travelling through Hamilton from the border last night in an effort to arrest the robbers who slugged Cashier William Dobson in the Canadian Express Company's office at Niagara Falls late yesterday afternoon and made off with a package containing over \$14,000, no trace of the men was se cured. The local authorities have no ope of rounding them up here. They believe that they are either under cover close to the Falls or over the border frontier by this time. When Detective Inspector McMahon

was notified of the robbery by 'phone at 5.30 yesterday afternoon and told that the men were believed to be heading for Hamilton, on the Grand Trunk ing for Hamilton, on the Grand Trunk train due here at 6.30, he told the officer speaking from the Falls that he doubted very much if the fugitives would take such a chance. He promised, however, to have officers at the station.

"You can tell Chief Main, though," said the Inspector, "that those fellows are regular tradesmen. It is not the first trick they have turned. It is not likely that they would walk from the express effice to the train in daylight, in front of fifty people."

St. John Church Mission Circle Heard Mrs. Somerville.

The Laurel Mission Circle of St. John Presbyterian Church held a special thank offering meeting last evening in the Sunday school room. The speaker of the evening was Mrs. (Dr.) Somerville, Toronto, president of the Women's Home Missionary Sosiety of Canada, who gave an excellent address, entitled "Development of Presbyterian Women's Missionary Work." instructive Missionary Work." In an instructive and interesting manner she traced the progress of the work since 1876, when the women first undertook foreign missionary work, up to the present time. She also spoke on the great strides that have been made in home mission work since it was first started in 1903. The chief result of the work was the building of five hospitals throughout the chief result of the work was the building of five hospitals throughout the west for the earing of foreign settlers. She emphasized that it was a most important work, as such a large number of foreigners were settling in the west, and without the aid of missions Canada would soon become a heathen country. Inspector Brick Has Two License Cases In Court.

There was an early Police Court this morning. The Magistrate was in the chair shortly after nine o'clock, and justice was administered post haste. Chief Smith was in attendance, minus his braided coat, for he was in civilian garb. The reason for the early sitting was that the Magistrate and Chief wanted to catch the 9.55 train for Toronto, where they have gone to spend the day inspecting the police stations for the purpose of getting a few pointers that may be useful in connection with the proposed new station here.

Jean Lannoutt, 83 John street north, will come up in a few days for sentence. He stole an overcoat from his brother on October 19th, and admitted his guilt this morning. Meanwhile inquiries will be made by the police, for there is a further allegation of stealing \$10.
