

used for that purpose. We regret more particularly that such a course as this was pursued, especially, as we have heard that Warrants were also issued for the purchase of Lot Fifty-four—a purchase which the House of Assembly did not authorize. The House of Assembly could well remember that such a course as this, so contrary to law and justice, and to the right and privilege of Parliament, is extremely dangerous and calculated to destroy confidence in the Government who adopts it.¹¹

When the House divided the motion of amendment was negatived, and the motion that the paragraph be agreed to, carried, as above.

On the following paragraph being read, Hon. Mr. Whalen moved the following amendment:

"We rejoice to learn that the purchase of the Selsick Estate has been attended with satisfactory results. From this we may confidently hope that the great utility and necessity of the land Purchase Bill will be further acknowledged, by the purchase of any other Estates that may be offered to the Government, on terms as advantageous as those on which the Selsick property was secured."

Amendment lost, and paragraph agreed to—division as above.

When the tenth paragraph was read, Hon. Mr. Whalen moved in amendment the following:

"We rejoice to learn that the purchase of the Selsick Estate has been attended with satisfactory results. From this we may confidently hope that the great utility and necessity of the land Purchase Bill will be further acknowledged, by the purchase of any other Estates that may be offered to the Government, on terms as advantageous as those on which the Selsick property was secured."

The other paragraphs were agreed to without a division.

The Committees who prepared the Address were the appointed a Committee to wait on His Excellency, to know his pleasure when he should be attended by the House with the same.

House adjourned.

DIURETICS OF THE CHEST AND LUNGS.

These diuretics are well known to require very discriminate use, as they affect every part of the system, and by that dreadful change Consumption, which always commences with a slight cough. Keep the blood pure and healthy by taking a few doses of JUDSON'S MOUNTAIN HERB PILLOWS. These diuretics, however, are only used in Consumption, and have a decided advantage over any other, as they do not interfere with the respiration, and leave the body free from matter deposited in the air-cells by bad blood. Purify that stream of life, and it will very soon carry off and destroy the impurities; like a strong river flowing through a mountain; will take in all the impurities, and wash them away, leaving the body free from all elements of health and strength. As the river leaving the impurities of fertility in its course, cause the before barren waste to bloom with flowers and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading beauty. Indian's Mountain Herb Pills are sold by all Dealers in Medicines.

MRS. WINSLOW.

An experienced nurse and female physician, has a Soothing Syrup for children's toothache, which greatly facilitates the process of teething, by softening the gums, reducing all inflammation, will assuage all pain, and is sure to regulate the bowels. Depend upon it, it will be of great service, particularly, and relief and health to your infant. Perfectly safe in all cases. See advertisement in another column.

THE OXYGENATED BITTERS.
