

Calendar for Nov., 1908.

Moon's Phases. First Quarter d. 1h. 19m. 16 a.m. Full Moon d. 3h. 3m. 53 a. m. ...

Table with columns: Day of Week, Sun, Sun, Moon, High Water, Low Water. Rows for days of the month.

(Continued from first page.)

taken in hand in despatching. It is practical, and the evidence points irresistibly that way, then we must have it and we must have the men who will get it.

It would at once double the value of every acre of land in this Province.

It would make of Georgetown one of the greatest winter ports of Canada.

It would multiply several fold the value of our fisheries.

It would lead to the establishment of many industries which our present isolation prevents.

It would bring us into vital connection with the main currents of Canada's commercial life.

We have already contributed to Canada in excess of Canada's expenditure upon an amount which would go very far in the construction of this great work and possibly equal or exceed it.

What do we pay to Canada in taxes? Are we being bled white by the Dominion?

No separate trade statistics of this Province are kept! An exact calculation is therefore impossible, but we can approximate closely enough for a fair understanding of the case.

We have seen that at the inception of Confederation the balance was against us by \$150,000 per annum.

In 1884 this had grown to \$230,385. What is it now?

Taking the total revenue of Canada for the year ending 31st March, 1908, at \$96,500,000, a fifty-second part is \$1,855,000.

What do we receive in return? Cash subsidies amounting to \$272,181. Services which formerly cost us \$143,000 we'll allow double or \$286,000. Then allow for winter services, deficit on P. E. I. and new services \$200,000, all together amounting to \$758,181. The loss in one year to P. E. I. is therefore \$1,096,519.

In taxation alone our contribution would be \$1,400,000 in 1908. These computations are based on the assumption that we pay to Canada taxes and other contributions in proportion to the rest of Canada.

But this does not put the case fairly for this Province as the tax per capita by the people of this Province of dutiable goods is probably much above the average. Nor have we taken into account the indirect burden we bear in the purchase of Canadian goods of which the price is increased by reason of the Canadian tariff.

Captain Reid who speaks with best information from the Government side of the House estimated two years ago that today under the Dominion tariff and the increased import duties the revenue from imports alone if we were still independent of Canada, would be over two millions of dollars per annum. This estimate does not include excise duties nor the many other contributions made by this Island to the Canadian revenue.

It is safe to say that we contribute in all three dollars at least for each dollar received back.

Where has this extra contribution gone?

It has partly been invested in the public lands of Canada, partly in the rail ways and Canals, in promoting immigration and in other ways not profitable to us.

From this condition arises our claim No. 5 for Compensation to this Province in respect to the public lands of Canada which have been transferred to the larger Provinces without any consideration for the interest of this Province therein and in respect of its contributions to the great public works of Canada from which this Island derives no advantage. We had a partnership share in these lands. We bear upon our shoulders our proportion of the debt for their purchase. We helped to build every mile of railway and highway that ran through them and of all the cost to fit them for settlement. When by these means their

An Ancient Foe

To health and happiness is Scrofula—as ugly as ever since time immemorial. It causes blemishes in the neck, disfigures the skin, inflames the mucous membrane, wastes the muscles, weakens the bones, reduces the power of resistance to disease and the capacity for recovery, and develops into consumption.

"Two of my children had scrofula sores which kept growing deeper and kept them from going to school for three months. Ointments and medicines did no good until I began giving them Hood's Sarsaparilla. This medicine caused the sores to heal, and the children have shown no signs of scrofula since." J. W. McGraw, Woodstock, Ont.

Hood's Sarsaparilla

will rid you of it, radically and permanently, as it has rid thousands.

value had increased manifold they were carved in huge slices and given away to the large and wealthy provinces.

When it becomes valuable they get it away. Meantime it is our privilege to help make it valuable. What you remains along the northern rim will assuredly follow the same course until from the international boundary to the polar sea we will not have one foot of that land to call our own. It is simple robbery of the weak by the strong.

What should have been the heritage of our children is given away in frantic haste to aliens and grafters until today the semi-savage from Central Europe is shown more favor than the sons of P. E. Island.

Without including the last two years we have contributed since Confederation in money and land grants to railways, canals, immigration and the other services not beneficial to us \$9,500,000 at the lowest estimate.

This year we bear our share of the thirty millions being spent on the Grand Trunk Pacific. This will amount to considerably over half a million and it is not worth five cents to us. We have a right to compensation on these grounds. Such a rate was recognized by Canada twenty years ago when we received an increased subsidy of \$20,000 per annum on the ground that we do not share to the same extent as the other Provinces in the benefits of railway construction on the mainland.

It may be said that this claim is in part offset by the construction of railways and the Hillsborough Bridge within this Province, but that is not all for the reason that the increase of the debt of Canada since Confederation together with the liabilities incurred in respect to the Grand Trunk Pacific impose upon us a heavier burden than the expenditure by Canada upon the Island works amount to.

CLAIM No. 5.—An Equivalent for the Increased Subsidies Granted the Larger Provinces to meet the Increased Cost of Education, Public Works, etc.

The consideration of this claim takes us back to the Confederation contract. What was the intention of the parties to this contract?

Sir Wilfrid Laurier in introducing the resolutions in 1907 providing for increase of subsidies to the various provinces makes this clear by reference to the records of that time. He says: "This testimony is conclusive. Lower Canada would not have entered the Confederation if as a consequence she had been obliged to resort to direct taxation to levy the revenues necessary to carry on her domestic affairs. What was true of Lower Canada was equally true of the Maritime Provinces. Nova Scotia, New Brunswick, Prince Edward Island, would not have agreed to enter Confederation if as a consequence direct taxation had to be resorted to."

By reference to the Confederation debates in the Legislature of this Province in 1873 it is made clear that they entertained the same views. Various calculations were made of the amount of revenue necessary to carry on our local affairs. Sir Louis Davies estimated a total revenue under G. n. Confederation of \$225,320.02, an expenditure of \$205,216.71, leaving a surplus of \$17,103.31, which would have wiped out the land tax of \$13,547.37, and left a net surplus of \$3,555.94.

Hon D Laird, based upon a total revenue of \$218,640.32, an expenditure of \$206,048.85, and a surplus of \$12,591.47.

Hon J C Pope estimated an expenditure of \$207,388.59.

In 1908 Hon F L Hassard estimated the expenditure at \$378,968, together with unspecified items to meet the cost of two commissions.

An excess over the average estimate of \$166,000.

Such an increase was evidently not anticipated by the statement who led us into Confederation, nor did they anticipate that the taxation of Ontario would have increased from 5.05 per capita to \$11.70.

In the year 1887 after 20 years experience in Confederation a conference of the Premiers was called at Quebec at the instance of the late Mr Mercier, Premier of Quebec, for the purpose of formulating a plan for a general increase of subsidies to the provinces.

The resolutions which were then adopted are incorporated in the amendment of the B N A Act of 1907 without any change whatever as far as this Island is concerned. It is under the terms of the Quebec Resolutions of 1887 that we now receive the additional subsidy of \$70,000. This Province was not represented at that Conference.

These are the provisions of the Resolutions of Quebec: "A" Instead of the amounts now paid the sums hereafter payable yearly by Canada to the several provinces for the support of their governments and legislatures according to population are as follows:

(a) Where the population of the Province is under 150,000—\$100,000. (b) Where the population of the Province is 150,000 but does not exceed 200,000—\$150,000. (c) Where the population of the Province is 200,000 but does not exceed 400,000—\$180,000. (d) Where the population of the Province is 400,000 but does not exceed 800,000—\$190,000. (e) Where the population of the Province is 800,000 but does not exceed 1,500,000—\$220,000. (f) Where the population of the Province exceeds 1,500,000—\$240,000.

(B) Instead of an annual grant per head of population now allowed the annual payment hereafter to be made on the population of each Province as ascertained from time to time by the last decennial census until such population exceeds 2,500,000 and at the rate of 60 cents per head for so much of said population as may exceed 2,500,000.

Fifteen years after this conference—that is to say in 1902—a second conference of representatives of the Provinces was held at Quebec. This Island had two representatives in attendance.

Premier Ross of Ontario proposed in a memorial which was laid before the Conference that the smallest amount to be paid to any province for the support of its government and legislature should be \$200,000 instead of \$100,000 as proposed by the resolutions of the Conference of 1887. Though this proposal would give us an increase of \$170,000 instead of \$70,000 it met with no support from our delegates and so fell dead.

They supported instead the Quebec Resolutions of 1887 and set out in exact terms the effect that Resolution B would have on the several provinces. Here it is in effect:

Ontario—an increase of—\$699,484.80. Quebec—an increase of—\$420,656.00. Nova Scotia—an increase of—\$47,659.20. New Brunswick—an increase of—\$78,885.60. Manitoba—an increase of—\$81,959.80. British Columbia—an increase of—\$61,987.20. Or a total increase of \$1,258,835.20.

P. E. Island a loss of \$4,655.20. This Conference dissolved. The third Conference met at Ottawa in 1906—a joint Conference of Ontario and the provinces.

They adopted the Quebec Resolutions as the foundation for a readjustment of the subsidies but did so "under reserve of the right of any province to now submit to the Government of Ontario memoranda in writing covering any claims it may have to larger sums than those set out in the said resolutions or to additional consideration or recognition."

British Columbia presented a claim for a special subsidy on the grounds of: 1. The cost of Administration owing to the physical character of the country. 2. The distance from the commercial, industrial and administrative centres of Eastern Canada. 3. The non-industrial character of the provinces as compared with Eastern Canada whereby a large percentage of goods are imported and consumed increasing the contributions to the Federal Treasury in the way of taxes in a ratio of three to one. 4. The disadvantages of the Province in relation to the market for its special products.

On these grounds the Conference agreed to concede a special subsidy to British Columbia of \$100,000 per annum for ten years. It is well known history how Premier McBride refused to accept this as a final settlement and how through his instrumentality the words "final and unalterable" are not incorporated in the Imperial Statute of 1907 respecting the subsidies and how by an amendment to the Bill in its passage through the Imperial Parliament this Island was not further short of its rights.

WAS WEAK AND THIN

ONLY WEIGHED 73 POUNDS. NOW WEIGHS 113 POUNDS.

Had Heart Trouble and Shortness of Breath for Six Years.

MILBURN'S HEART AND NERVE PILLS cured Mrs. K. E. Bright, Burnley, Ont. She writes: "I was greatly troubled, for six years, with my heart and shortness of breath. I could not walk eighty rods without resting four or five times in that short distance. I got so weak and thin I only weighed seventy-three pounds. I decided at last to take some of Milburn's Heart and Nerve Pills, and after taking eight boxes I gained in strength and weight, and now weigh one hundred and thirteen pounds, the most I ever weighed in my life. I feel well and can work as well as ever I did, and can heartily thank Milburn's Heart and Nerve Pills for it all."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MISCELLANEOUS

TO KEEP IN PRACTICE. "I don't see why Farmer Long-purse looks so glum. Crops are good."

"Yes." "And prices are high."

"Yes." "And his daughter is to marry the man of his choice."

"Yes." "Then what is he worrying about?" "Because he hasn't anything to worry over."

Minard's Liniment cures Dandruff.

We believe MINARD'S LINIMENT is the best: Mathias Foley, Oil City, Ont. Joseph Sævi, Norway, Mo. Charles Whooten, Malgrave, N. S. Pierre Landers, sear., Pokemotook N. B. Thomas Wasson, Sheffield, N. B.

A Sensible Merchant. Mrs. Fred Laine, St. George, Ont. writes:—"My little girl would cough so at night that neither she nor I could get any rest. I gave her Dr. Wood's Norway Pine Syrup and am thankful to say it cured her cough quickly."

FROM MISSOURI. "Love me and the world is mine," he pleaded theatrically, with pale lips and pallid brow.

"There is one thing necessary first," said she tearfully.

"What is it? Ah, what is it?" "You must put up some collateral."

Beware of Worms. Don't let worms grow at the vitals of your children. Give them Dr. Low's Pleasant Worm Syrup and they'll soon be rid of these parasites. Price 50c.

EXPLAINED. "I wonder why these people come, asked the comedian wearily as he peeped through the curtain on a bitter night when there were about forty persons in the house.

"Probably," replied the heavy villain "they come to warm their feet."

Sprained Arm. Mary Ovington, Jasper, Ont., writes:—"My mother had a badly sprained arm. Nothing we used did her any good. Then father got Haggard's Yellow Oil and it cured mother's arm in a few days." Price 25c.

A DECOY. The Painter—You play charmingly. Do you ever play for charity? The Pianist—Oh, yes; frequently. The Painter—Well come over and play at my studio some day. Then perhaps I can get some people to look at my pictures.

Trunks and Valises.—When you want to go travelling I can fit you out with a trunk, suit case, grip, telescope or anything else you need. Don't forget my prices are the lowest.

H. H. BROWN The Young Men's Man.

STANLEY BROS. Our mail order department gives immediate and careful attention to all orders received by mail or telephone. There is no reason why you should not enjoy all the advantages of a large and carefully selected stock. We can do as well for you as any house in Canada. Absolute satisfaction guaranteed or your money back. We prepay the freight on all parcels over \$5.00 in value.

Also a full line of pumps and piping.

Stanley, Shaw & Peardon. June 12, 1907.

J. A. Mathieson, K. C., & E. A. MacDonald Jas. D. Stewart. Mathieson, MacDonald & Stewart, Newson's Block, Charlottetown, Barristers, Solicitors, etc. P. O. Building, Georgetown.

Morson & Duffy Barristers & Attorneys Brown's Block, Charlottetown, P. E. I. MONEY TO LOAN, Solicitors for Royal Bank of Canada.

Five graduates of the Union Commercial College now hold good positions in Montreal city. Now is your time to prepare. Full particulars on application to Wm. Moran, Prin., Charlottetown.

Go to Brown's for your Fall Suit or Overcoat; he will save you a dollar.

H. H. BROWN The Young Men's Man.

Men who wish to be well dressed are finding out the merits of our clothing. This store has struck up a more extended acquaintance this spring with men who dress well than ever before. That's only natural. Its decidedly to your interest to get acquainted with our clothing. All the latest styles. Every suit is the tip-top as to style and the height of good taste. While the price is much lower than clothing of equal merit would cost elsewhere.

—Prowse Bros., Ltd.

Stanfield's Undersclothing. This make of Undersclothing is worn by at least half our people in the Maritime Provinces. I am showing it in all weights and sizes. Prices from \$2.00 per suit upwards.

H. H. BROWN The Young Men's Man.

There's a chill in the air that says in language plainer than words, "Get the fall overcoat ready." The overcoat is an absolutely necessary part of every man's apparel. It is essential to comfort that the coat should fit well. Ask to see our overcoats, try them on, note the style, fit and finish. We will please you in price as well. Prices vary—\$5.00 and all the way up to \$25.00 each.—Prowse Bros., Limited.

SHOP BY MAIL. Our mail order department is growing rapidly—every mail brings us orders from different parts of the country, and we have invariably given the utmost satisfaction. If anything by any possibility might be wrong, we are always here to make it right. Stanley Bros. The Always Busy Store; Charlottetown.

Our store has gained a reputation for reliable Groceries. Our trade during 1908 has been very satisfactory. We shall put forth every effort during the present year to give our customers the best possible service.—R. F. Maddigan.

If you want anything at any time, and cannot come yourself; just drop us a postal, and we shall be pleased to send you samples and give you any information of any line of goods offered in a first class store like ours. Stanley Bros.
