Porter's Hill.

One evening a short time ago, the bible class of Bethany S.S., some friends and acquaintances of the late Jenny Mc-Donald met at her mother's residence for the agreeable yet sad task of presenting the bible class, of which she was a member, with a bible each, which was her request a short time before her death. Mrs. Stevens, of Thorold, her aunt, who was in attendance upon her for some time before she departed this life, said affectionately of her niece that in conversation with her she regretted not having done more for Christ during her lifetime, and took this mode of showing her desire to do some good.

Mrs. Stevens also said to the young people that they were to attend to their souls' best interest, as they could see for themselves that death was no respecter of persons, as one who was formerly a friend and companion was cut down in the bloom of youth; that it was best to be prepared that we might meet one another in heaver. The deceased also bequeathed for the benefit of Bethany church a nice little sum of money. She also gave some very good farewell advice which may result in a great deal of good.

Goterich Township.

Sumuel Cantelon, one of the pioneers of Goderich township (we believe he was the oldest settler in the township at the time of his death except his brothers), departed this life on Sunday last, at the great age of 88. He was one of five brothers who settled in the township about half a century ago, all of whom survive him. He leaves several sons, one of whom, William, resides in Goderich, and a daughter, Mrs. Stanley, of Rockway, Mich. He was one of a har-dy and industrious family who left their impress on the surrounding district.

Private advices lately received state that the House of Commons Department has received from Hon. Mr. Mackenzie, M. P., a letter enclosing a cheque for five hundred dollars extra sessional allewance which had been forwarded to him. The enclosure was accompanied by an intimation that illness alone had prevented his returning the money at an earlier date. This illness, it is learned from other sources, is so serious that few of his political friends ever expect to see him in Parliament again. Paralysis is slowly but surely obtaining the mastery of one side of his body, and his friends have watched with alarm for many months past the outward indications of this disease. A score of physicians have Minutes of last meeting were read and passed. Letter from county clerk read, stating that \$4,461.43 is required from this township for county purposes. Moved by John Beatom, seconded by Edward Acheson, that a rate of \$2\frac{1}{2}\$ mills on the dollar be levied for county purposes, that a further rate of 2 mills on the dollar be levied for township purposes. Also that the clerk levy the different sums required by the several school trustees for their respective sections. Carried. A by-law confirming the above was passed. The following trustees require the conveyed sums No. 4, S. T. \$450; No. 6, \$390; No. 9, \$345; No. 10,\$715. As the trustees of the remaining sections have not sent 9, \$345; No. 10, \$715. As the trustees of the remaining sections have not sent in their requisitions (according to law) probably they intend to have their school moneys levied and collected in some other manner, if not they had better see the clerk personally. Moved by James Laithwait, seconded by John Beacom, that the reeve and treasurer are hereby authorized to borrow \$500 Cameron, of Dungannon. On Monday a tea neeting will be held. Tea will be served from eix till seven o'clock, after which speeches will be made by Rev. Messrs. Turk, Cameron, Cobbledick and others, and an interesting programme of music will be rendered by the Nile choir.

Beacom, that the reeve and treasurer are hereby authorized to borrow \$500 from the Molson Bank, Clinton, for three months. Carried.
