Devonia Meets Wreck.

The barque Devonia, Capt. John Snow, arrived at Harvey & Co. yesterday with a cargo of molasses after a run of 26 days from Barbadoes. The Devonia after leaving here for Bahia had very rough weather all through and made the run down in 53 days. She had some damage and everything movable on the deck was swept away by the heavy seas which occasionally boarded her.

She left Barbadoes on March 23rd, and met fine weather until Sunday morning when she encountered a gale of N. W. wind, and had to run into Trepassy Bay to shelter. The wind moderating yesterday morning she left there and had a good run down the shore, entering the Narrows just as the wind veered from the N. E. with thick snow.

When the ship was coming in over the Banks Capt. Snow reports passing a lot of wreckage consisting of spars, pieces of bulwarks and the main and jib booms of some unfortunate vessel. The roof of a deck house was also seen floating in the water but there was nothing that would indicate the name of the ship to which the wreckage belonged. No vessel as far as this port except the Amy Louise, and she long ago has been given up as lost. The vessel also passed near a number of French tankers but did not speak them. Capt. Snow and crew are well.

Woman and Children Shelter at Lock-up.

By the Bruce express which arrived here at 1.30 p.m. yesterday three arrived from North Sydney a woman named Nofall and her two children, aged respectively 2 and 7 years. They presented a pitiable appearance, and being without money or friends they appealed to the police for shelter and assistance, and were last night, through the kindness of I. G. Sullivan, kept in the police station. The woman last night told the police a pathetic story. Mrs. Nofall, whose health is not of the best, said that about 12 months ago she left Bell Island and went to Sydney, where her husband secured work at the mines. Mrs. Nofall kept a couple of boarders to supplement her husband's earnings, and both these were after a while convicted by the police of entering the big store of Yeoght Bros. and stealing provisions, which they brought to Mrs. Nofall's residence. When the residence was searched by the police, articles which had been stolen from the store were found in the residence and her husband was arrested. He was tried with the two boarders and was given 4 years in Dorchester Penitentiary, the others receiving 2 and 3 years respectively. Mrs. Nofall then opened a small store, where she sold temperance beverages to support herself and children. Saturday last the police came to her dwelling and peremptorily ordered her to get back to Newfoundland, and when the Bruce was ready to sail put her on board that ship, not even affording her time to dispose of her few belongings. She arrived at Port aux Basques Sunday morning and had not even enough to buy food for herself and her children and on arrival had to take a job on condition. If the woman's story is correct the heartlessness of the Sydney authorities is quite evident and deserving of condemnation, for this would be harsh treatment for a strong man.

Bible Society Meeting In the Methodist College Hall.

At the College Hall last night the annual meeting of the Nfld. Auxiliary of the British and Foreign Bible Society took place under favorable auspices. Amongst those present were His Excellency the Governor, W. J. Hawker, of Carbonear; Rev. Dr. Campbell, of Canada; Rev. A. R. Bowen, Secretary Canadian Bible Society; and Rev. E. C. Ross of the Kirk. The President, Mr. Woods, vacated the chair and His Excellency presided to the close of the meeting. After singing a hymn, Rev. J. K. Curtis offered prayer, and the 19th Psalm was read by Rev. Mr. Ross. His Excellency expressed great pleasure at "being present. He always had a great love for the Bible and believed that those who were circulating it were doing a grand work. He read a copy of a description of the Saviour, the original of which was written in the reign of Tiberius by the Roman Governor of Judea. Rev. J. Thackeray's report which followed showed that 4,986 Bibles had been circulated in the Colony, valued at \$676.27. He spoke of the good work being done by the Canadian workers. The Parent Society added the Bible in 13 languages to the list the past year, making in all 418. He eulogized the good work being done by the Colporteurs, and said that it was a happy coincidence that His Excellency the Governor came from Wales, whence the first great cry for the Bible emanated. The report of T. J. Daley, the Treasurer, showed that the total receipts for the year were \$1,298.35. After paying all expenses and sending away \$523.75 for books on purchase account there remained on hand a balance of \$165-

32. There are also on hand 3,061 Bibles, valued at \$669.74. The total amount disbursed during the year includes rent, insurance, printing and \$329.57, salaries to Colporteurs, the total amounting to \$1,232.56. Dr. Campbell, the speaker of the evening, on being called on by His Excellency, delivered an excellent address. He reviewed the history of the Parent Society which was organized 196 years ago with a view to putting a Bible into the hands of every man in the world printed in his own language. It was now printed in 418 languages. It was necessary to print it in 1,050 languages before the whole world could read it. A special effort is now being made by the Society to put the Bible into Tibet, Abyssinia and Nepal. The people of Halifax and St. John connected with the Society are doing a great work among the immigrants passing through there to the great North West.

After the singing of a hymn, Rev. R. J. Bowen, Missionary from Western Canada, delivered a short address. He spoke of the conditions in the Canadian North West where such potent possibilities for the future existed as far as the immigrant is concerned. The future of the Great North West depended on to what extent the influence of the Bible will make to impress itself on the minds of the new comers who are every month settling in thousands on the fertile lands of the Great Canadian North West. People of all nationalities are coming in, 80 languages in all being represented. In only 23 of these has the Bible been printed. Mr. Bowen's address was

impressive and his stories of the North West were captivating. Dr. C. Macpherson then sang a fiddo solo after which Mr. C. S. Piusnet proposed and Mr. A. Soper seconded the re-election of the existing officers and members of the Committee. Mr. F. W. Pincoc was elected Secretary, as Mr. J. Leamon, who has filled the office of Secretary for 15 years, wished to retire. Mr. Leamon has been a zealous and faithful officer during all this long period and deserves to be congratulated on the efficient manner in which he performed the responsible duties of the office. Rev. L. Curtis moved and Col. Rees seconded a vote of thanks to the Governor for presiding. A collection was taken up and a sum of \$51 received. After the singing of "From Greenland's Icy Mountains" and Benediction by Rev. Mr. Ross, the meeting closed at 10.30 o'clock.

A Daring Burglary.

Sometime after midnight Saturday a daring burglary was committed at the residence of Mr. J. Caldwell, corner of Carter's Hill and Wickford Street. The family, as is their custom, retired early on Saturday night, and while they slept some person entered the house by forcing the door at the rear and creeping up stairs stole \$20 from a box left in an unoccupied room. The thief worked very quietly as no noise was heard. The money was part of a sum earned by Mr. Caldwell's son while at the seal-factory in the Southern Cross, and the family can ill afford to lose it.

Badly Hurt In Thresher

Blood poison set in—Great suffering—Cure effected by DR. A. W. CHASE'S OINTMENT. Mrs. C. Hopkins, St. George, Ont., writes:—"I feel like shouting the praises of Dr. Chase's Ointment. While threshing grain, my son got badly hurt. One of the men who was pitching sheaves, missed the sheaf and ran the prongs of the fork into my son's leg. He did not take much notice of it and in a day or two it got sore and very itchy and blood oozed out. We did everything for it but it would heal on and break out at another and kept on this way for three months. Finally I thought of Dr. Chase's Ointment and in a week's time we noticed a wonderful change. By the use of three boxes he was completely cured and the wound healed up. There has not been a sign of a spot on his skin since. Whenever there is itching or irritation of the skin or a sore that refuses to heal you can apply Dr. Chase's Ointment with every assurance that the results will be prompt and satisfactory. 60 cents a box, at all dealers, or Edman, Bates & Co., Toronto. Write for free copy Dr. Chase's Recipes.

Fire at Musgrave.

Mr. Robert Reader, who arrived here by yesterday's express, reports that on Friday night last his house and store at Musgrave town, Goose Bay, B.B., were destroyed by fire. Mr. Reader and family had a narrow escape from being burned in their beds, and in endeavoring to save some of the furniture after they had left the dwelling his son Aubrey was burned severely about the head, hands and face. Besides his furniture he also lost all his fishing gear. His loss all round was over \$2,000 and this is a terrible blow to him as all his life savings were swept away by the destroying elements. Mr. Reader, who is an industrious man, is now in the city endeavoring to secure assistance and we commend him to the charitable people of St. John's.

Women Candidates for French Parliament.

Special to Evening Telegram. PARTS, April 18. Undismayed by the law which inferentially bars women from office, since it denies them the right to vote, a score of women have proclaimed themselves candidates for members of the Chamber of Deputies, the election for which will be held April 24. The movement is not as militant as that in England and America, but the French women hope to attract enough attention to secure a discussion of the suffrage question in the new parliament and pave the way for attaining their right to vote in the city and subsequently at the national election.
