

WE LEAD! OTHERS FOLLOW!

Amazon Roofing

Leads the list of so-called Rubber Roofings, and leads them in all the qualities that make a perfect Roofing. It has the appearance of Rubber, feels like it and is as thoroughly waterproof; but there the resemblance ends, for AMAZON is made of roofing materials only, and affords a Roof service that no composition of rubber could possibly offer.

GENTLEMEN.—Our shelves are now replete with the choicest goods that the West of England can produce. All parts of Old England are famed for the excellence of their goods, but more especially the West, and, as regards that undecipherable "thing" called style we know how, and can give full expression to that elusive quality. We please both young and old. You can have your choice of either English or American cut. Personal supervision given each order. Give us a trial and we have a customer. Thirty years experience in the tailoring line.
