Parcels for
Newfoundland
Forces
Overseas!

(1) Parcels must not exceed 11 lb. in weight.
(2) Parcels addressed to members of the Newfoundland Forces Overseas should bear the name and address of a second addressee to whom the parcels may be delivered or forwarded if it should prove impossible to deliver the first. The original address should be written on the parcel where the postage stamps and Customs declaration are affixed, and the second or alternate address should be written on the back of the parcel. If not deliverable to first addressee, send to... (2nd addressee).
(3) If a second address is not furnished at the time of posting and delivery cannot be effected, the contents of the parcel, unless of exceptional value or of a personal nature, will be turned over to the Military Authorities for distribution.
(4) Parcels containing articles of personal nature or of special value will be returned if a request for return in case of non-delivery is written on the parcel at the time of posting.
(5) This plan is being adopted on the suggestion of the British Post Office, which states that the procedure of holding undelivered parcels at the Dead Letter Office with instructions are received as to disposal is resulting in the waste of a large quantity of perishable goods, which form the contents of a large number of parcels addressed to overseas.

Knowing what it is made of, we were certain it would be hard to improve on.

Believing it the best article and best value we have, we like to recommend it to you. Let us show it to you—and tell you about it.
