10 Passengers Drowned and Many Injured—Germany Takes Precautions to Frustrate Disturbances—The Prince Makes the Albertans at Home on His Ranch—Hope of Co-operation Between Britain and France on Reparations—A Reign of Law Among Nations is the Object of the League.

IGN OF VIOLENCE MUST CEASE
GENEVA, Sept. 28.—Well worthy of being characterized as world forum, with voices rising from all continents was the great debate of the assembly of the League of Nations to-night, when the delegates generally approving the decision of the Council of the League, to omit the question of the interpretation of the covenant of the League. Jurists, scorned the old time practice of the bigger states, coercing the weaker and also sent out a warning that henceforth violence must cease peaceful methods be followed in mounting national differences. That was a hard session for Italy was unanimous opinion in the League. Signor Salandra, head of the Italian delegation, said nothing during the debate as speaker after speaker lectured or indirectly accused Italy not living up to her solemn obligations. He "dove" remained silent when Gilbert Murray of Great Britain openly reproached the League for what he termed its neglect of protecting weak communists against chicanes and tyranny of strong reprobations. Several countries attacked the Council of Ambassadors making Greece pay Italy sixty million lire as indemnity, and criticized ambassadors for refusing to sit at the court of International Justice to fix the amount of reparation in accordance with previous understanding. Lord Robert Cecil in defending his own country's past conduct, said that the world wanted this question of coercion set at rest, not on account of the past but for the future, and hence the proposed interpretation of the covenant. He remarked that the Council would be free to act when it received the report of the Jurists and that it might be able to decide to re-submit the matter to the permanent court in an attempt to establish principles for the future. "We have taken one more step towards the re-establishment of the reign of law among nations and ending the system of violence which always is coincident with injustice," remarked Lord Robert. Prince Mirza Kahn, of Persia, said his instructions from Teheran were to insist upon the competency of the League.

EMERGENCY MEASURE TAKEN TO PREVENT DISTURBANCE.
BERLIN, Sept. 28.—With the Munich situation having calmed down and the internal situation generally safeguarded for the time being through the provisions of the Government's emergency proclamation the Chancellor is directing official activities toward accomplishing a speed liquidation of the situation in the Ruhr and Rhineland with the purpose of facilitating and early re-

Adjustment of Germany's foreign affairs. An official communication issued to-night sets forth the reasons which prompted the Government to proclaim a state of emergency all through the Federal territory. It says the Government's act of emergency has been wrongly interpreted abroad. This precautionary measure, the official statement declares, was dictated primarily by a determination to forestall any attempt to create disturbance. It adds, the Government proposes to make the most effective use of such defensive resources as are at its disposal and promptly quell any attempt to place the Government of the Republic in jeopardy.

WYOMING TRAIN HORROR.
CASPER, Wyo., Sept. 28.—At least forty persons are believed dead and scores injured in the wreck of a Chicago, Burlington and Quincy passenger train, which plunged through a bridge fourteen miles east of here and buried itself in the swollen waters of the big muddy river. Thrilling rescues featured the wreck. Eight escaped from the submerged wreck by crawling hand over hand on the rope suspended from bank to bank and lowered to within their reach. The dead were trapped in their berths and in the coaches and drowned before there was a chance of escape or rescue.

BETWEEN FORTY AND FIFTY PERISHED.
CASPER, Wyo., Sept. 28.—Between forty and fifty persons perished in the wreck of the Burlington passenger train number thirty last night, it is now estimated. Of 32 pullman passengers, 28 are known to be safe.

REPARATIONS PROBLEM IN NEW GUISE.
LONDON, Sept. 28.—Premier Baldwin's pronouncement at Northampton is considered in political circles to have partly lifted the veil which hitherto has hidden recent conversations between Mr. Baldwin and Premier Poincare and to have revealed the adoption of a new policy on the part of the British Government brought about by the fresh situation in Germany. Apparently the idea in political quarters is that separate reply to Germany on reparations is, for the present at least, abandoned, and that the question of the legality of the Franco-Belgian occupation of the Ruhr is to be quietly dropped. Germany's unconditional abandonment of passive resistance seems to be held by British Ministers as justifying the hope that it now will be possible for Great Britain and France to cooperate in the work of securing solution of the reparations problem. If this should prove to be a consequence of the recent Baldwin-Poincare interview and the new situation in Germany, it is said it will be represented by Liberal and Labor parties here as a complete surrender to France and a triumph for Premier Poincare.

OUR DEMOCRATIC PRINCE.
ALBERTA, Sept. 28.—"Fellow Albertans, you are welcome, and I hope you will enjoy the outing. My ranch is open to you to-day. Go as far as you like." Thus spoke Baron Rentrev yesterday afternoon in greeting to three hundred members of the Alberta Shorthorn Breeders Association, who were allowed to hold their annual picnic on the Royal ranch.

PRINCE FOR MONTREAL.
MONTREAL, Sept. 28.—Lord Rentrev will spend four days in Montreal just prior to sailing for home. He will occupy the same suite in the hotel as he occupied when here as Prince of Wales.

ANOTHER INTERNATIONAL CRIME.
MOSCOW, Sept. 28.—M. Lafroff, Chairman of the Russian-Karavan Boundary Commission has been killed and two members wounded by assassins at the frontier while returning to Finland, according to despatches.

FATAL CAB CRASH.
RENO, Sept. 28.—John Lucke Stockton, a California road contractor, was fatally injured and seven of his employees killed when an interurban motor train crashed into their stalled motor car eleven miles east of here yesterday.

MORE EARTHQUAKE.
TEHERAN, Sept. 28.—Severe earthquake shocks have again been felt at Kerman where much damage has been done. Tremors were also experienced at Bajrud, Rafsanjeh Balm, and Anar. It is reported that smoke is issuing from a mountain near Bajrud.

THE BULGARIAN REVOLT.
SOFIA, Sept. 28.—The city of Ferdinandovo was occupied to-day by the Government forces, the Communist revolutionaries thus having lost their last centre of resistance. Occupation was made possible by the capture of Rowitz on Saturday night, this success opening the way to Ferdinandovo.

THE RUHR STRIKE.
DUSSELDORF, Sept. 28.—A demonstration strike over 24 hours was declared yesterday among miners in the Gelsenki-Ricken-Reck-

Another Big Photo Play At the Nickel.

"Fascination" is Monday's Picture Attraction.
Fritz Tilden, the great American film critic in Moving Picture World, says everybody will agree that "Fascination" is the best picture Mae Murray has ever made. And in it she does the best work of her career. If there are any who do not know what these statements convey in the way of estimating entertainment value, it can be added for the benefit of this small group that "Fascination" is a picture of uncommon quality—with a positive appeal of powerful proportions.

"Fascination" is mounted on settings that are as picturesque and artistically designed as anything that has been witnessed in some time. They have been photographed so as to bring out their particular beauty at all times, and the camera has been used to advantage on Miss Murray. The atmosphere is so accurate that the spectator is carried right into the story. "Fascination" was made by Tiffany Productions for Metro release.

Miss Marion Armstrong and Miss Louise Loring, the popular vocalists at this theatre, will be heard in a specially selected program of songs appropriate to this big bill. Do not miss this on Monday, at the Nickel, The House of Attractions.

Thefts of Famous Paintings.
NEW YORK.—Eight famous paintings by old masters were stolen recently from the Lenbach Art Gallery in Munich, Germany, according to the German Consul General here. The burglars evidently were adept as art connoisseurs as the works they took were among the most valuable in the collection. All but two of the stolen paintings were cut from their frames. The missing masterpieces, it was announced, included a Rubens original sketch in three parts, the original painting from which is in Antwerp. The middle part represents the descent of Christ from the Cross, the right section "John," and the left "The Madonna." Others included an early product of Frank Hals, a bust of a smiling young man with cap, and a Hans Holbein, Jr., representing a man's head with a barrel.
