

The Ideal Summer Talcum

Three Flowers talc is the choice of discriminating ladies all over the world. Its fragrant odor—its refined lily—dust powder and its many other distinctive qualities make Three Flowers talcum particularly appealing during summer's warm days. If you wish to use the best talc, be sure to try Three Flowers. Obtainable at any drug or department store.

RON O'TOOLE

Who defends his title to-night against Linegar and Stone in the mile race, at the St. Bon's Campus.

TO-NIGHT'S 5 MILE RUN.

Thrilling Race Anticipated.
The 5 mile race for a splendid cup, donated by Lt.-Col. Nangle, besides a gold medal of most excellent design for second place, will be contested for on St. Bon's College Campus this evening, at 7.30. Three of our speediest distance runners, viz: O'Toole, Linegar and Stone, will come together for this contest, and as the proceeds are in aid of Belvedere Orphanage, this big attraction will no doubt draw a record attendance of fans to the grounds. Each competitor has his host of supporters who will turn out in large numbers to cheer their favorite to victory. Honors are pretty evenly divided between Linegar and O'Toole, while a good many are of the opinion that Stone will make the two favorites hustle all the way. In practice Linegar and O'Toole have averaged 50 seconds per lap over the course of 33 laps plus 297 feet, the accurately measured 5 mile distance, and with Stone running a few seconds down the race promises to be a thriller from start to finish. Last year O'Toole set the record over the same course in the splendid time of 27min. 27 4-sec, and he is feeling in fine fettle and determined to defend his laurels to-night. Linegar, it may be said, is also confident of victory. In view of

the closeness of the race it is earnestly hoped that the appointed judges will watch closely the runners in action and avoid crowding in order to ensure that each contestant is given a square deal. With the A.A.A. officials on hand, we feel assured that this will be the case and the race will be conducted as successfully as possible.

SERIES OF FOOTER GAMES.

On Tuesday evening at St. George's Field, a large attendance of spectators was present to witness the football match between the Saints and Cadets play for a special set of medals. The game proved to be a well played exhibition and ended in a victory for the Cadets by 2 goals to 1. The proceeds, which amounted to \$55.00 will be devoted to defray the cost of the City team's visit to Grand Falls, leaving here on Saturday next.

JUNIOR LEAGUE.

St. George's Field was taken up by the Junior League yesterday, when three spirited games were played. In the morning Wesley and P.A. teams played before a small gathering, and the match proved to be too one-sided to be of interest, and terminated in a victory for Wesley by 5 goals to 1. In the first half each team scored 1 goal. Upon changing over Wesley had matters all their own way and landed four counters to their opponents' nil. Mr. H. Joyce was referee.

AFTERNOON GAME.

The afternoon game which commenced at 3 o'clock, saw the Scouts and Holy Cross teams in action. The game was also too one-sided to be of interest, and saw the Holy Cross boys emerge victorious by a score of four goals to nil. All the goals were scored in the first period. The Scouts were minus three of their regular players. Mr. R. Walsh controlled the game.

EVENING GAME.

At 7.30 the Gaelic and B.I.S. teams came to grips and a high class exhibition of football was witnessed. The B.I.S. team, though handicapped by the absence of three of their regular players, managed to save themselves from defeat, the game ending in a draw, one goal all. Mr. C. Quick refereed.

TIE-UP GAME TO-NIGHT.

At St. George's Field to-night, commencing at 7.15, the Saints and B.I.S. teams will face off in the first game of the series for the Tie-Cup. Both teams are determined to make a bold fight to win the magnificent trophy. A good game is promised as both teams are presenting very strong line ups. The team that goes down to defeat is eliminated from the series as the games are being played under the knockout system. Football in the past waned interest, but with the forthcoming games for the Tie-Cup, a better brand of football is hoped for. Players are requested to be on time.

LAITE-BATSON.

On August 18th, a very interesting event took place at English Harbor, Trinity Bay, when Miss Sarah G. Batson, youngest daughter of Mr. H. G. and Mrs. Batson, of that place was united in the bonds of Holy matrimony to Rev. Uriah Laite, Methodist Minister of Channel. The ceremony was performed by Rev. Harry G. Coppins, of Catalina, Secretary of Conference. The bride, who is a graduate nurse of the Children's Memorial Hospital, Montreal, and who for the past two years has been night supervisor of that institution, was attired in white baronet satin with bridal veil and orange blossoms and carried a bouquet of white carnations and asparagus fern; she presented a most beautiful appearance. The bride was given away by her brother-in-law, Mr. Gilbert Dugden and was attended by her sister Miss M. J. Batson, a graduate of the Montreal General Hospital, and who has since her graduation been on the staff of that institution, and by her niece Miss Joyce Dugden. They were dressed in powder blue and pink canton crepe respectively and carried large bouquets of roses. The groom was ably supported by Mr. Joseph J. Barnes, of the Coronation Store, Champneys. The music, including wedding march and hymns was well rendered by Miss Lillian Marshall, of St. John's. The church was beautifully decorated by Mrs. James Wells and a staff of young people. After the ceremony the party repaired to the home of the bride's parents where a bountiful repast was provided. The toast to the bride was proposed by the Secretary of Conference and was fittingly responded to by the groom. The happy couple leave by to-night's train for Britannia where the honeymoon will be spent. The groom's gift to the bride was an insurance policy, to the bridesmaids and organist pieces of gold and to the best man a pair of cuff links, made of Labradorite stone. Rev. and Mrs. Laite take with them the best wishes of the entire community for their future happiness and success. (Montreal papers please copy).
English Hr., T.B., August 15th, '24.

ADAMS-HARDING.

The Church of England Cathedral was the scene of a very pretty wedding yesterday afternoon, when Mr. Harold Adams, son of the late Thomas and Mrs. Adams led to the altar Miss Marion Helen Harding, youngest daughter of James and Mrs. Harding. The bride, very quaintly attired in white satin with veil and carrying a beautiful bouquet of carnations and maiden hair fern, was given away by her brother, Mr. Frank Harding. The bridesmaids were Miss Jennie Harding, sister of the bride, and Miss Marion Adams, cousin of the groom, while Mr. James Adams, brother of the groom, performed the services of best man. Master Frank Harding and Little Miss Eva Frenchard acted as pages. After the service, which was conducted by the Rev. J. Brinton, the bridal party motored to the home of the bride's parents where a reception was held. The bride was the recipient of many valuable as well as useful presents. Later in the evening the happy couple motored to Topsail where the honeymoon will be spent. The many friends of Mr. and Mrs. Adams wish them in every happiness in their wedded life.

To-Night's Race

The 5 mile race this evening on St. Bon's Campus promises to be one of the finest events for the season. In order that there should be no misunderstanding of the rules under which such races are run, we would suggest that runners should carefully explain to competitors just how and when one runner can pass another on the course and what constitutes a foul, as there seems to be some uncertainty in this connection.

Obituary.

JEMIMA WARREN.

We deeply regret to record the death on Monday, August 18th at her residence, 231 South Side, of Jemima Facey Warren, wife of Cyrus Warren. The late Mrs. Warren was taken about a fortnight ago with a paralytic stroke. Since then she had been doing as well as could be expected and up to the time of her passing was in possession of all her faculties, with the exception of the use of one side of her body which had been paralyzed. Quite suddenly on Monday a change came and within at least a quarter of an hour she passed peacefully away. She was well liked and esteemed by a host of friends for her inestimable qualities, and her cheerful and amiable disposition and her departure from amongst us will be a great loss in more ways than one, especially for her philanthropic works and her generous and ready response to all church and charitable movements. She leaves behind her a husband, Cyrus Warren of H. M. Customs Dept., two sons, Capt. Val. Warren of the Pensioner's Dept., Ernest (Bert) electrician on a "Grace" liner running from New York to South America, three daughters Mrs. E. G. Arnott (Ina) of this City, Mrs. T. W. Dickson (Blanche) of Sydney, N.S., and Mrs. J. Hussey (Betty) of Toronto, 1 sister Mrs. E. Squires of this city, and one brother, Mr. W. Bowden of New York. The late Mrs. Warren was daughter of the late Capt. Bowden, who was a well known Master Mariner in olden days. The Telegram extends its heartfelt sympathy to the sorrowing relatives and friends.

Whales and Shore Fishery

Editor Evening Telegram.

Dear Sir—Please give me space in your valuable paper in reply to "Observer" Bonavista of the 18th inst. re fisheries problem. The deminish- ing from year to year, he thinks is a mystery hard to solve. Now, sir, to my mind it is one of the easiest things imaginable to one with experience, and mark you it is only a fisherman with experience will see it. I will give my opinion and experience from 1885 until the first whole factory was installed on the east coast of Newfoundland. That was the first step to the ruination of the shore fisheries. I spent twenty-eight years of my life on a light-house on the east coast, about a quarter of a mile from the nearest land. In my young days it was no unusual thing to get up at dawn, to what the fisherman term the caplin scull and see thousands of tons of caplin and lots of cod fish with them close to the shore in from one to three fathoms of water. Then traps, trawls and nets would be full, and everyone in the highest excitement, and as the day closed, the whaler would be seen in hundreds—I might say in thousands—some close to the shore, and hundreds in the offing driving the codfish and caplin close to shore. They would remain like this during the caplin scull. If you went on what the fisherman term the outside ground, say in twenty-five or thirty fathoms of water, you would not get any fish until after the caplin was over. Now for the past twenty or twenty-five years it has been a rare thing to see a whale in the caplin scull. The consequence is, the trap fishery is almost a thing of the past. There is a small portion of caplin come to land, but to get cod, one has to go out in twenty-five or thirty fathoms of water. The head lands are different. Take St. John's for instance, and other head lands, where the cod is passing, some years it is good trapping, but I am speaking of the bays chiefly. Even St. John's is not what it used to be. Now Observer admits old shore fishery is fast becoming obsolete. I think I have given very good reasons why. Now to get it back again is another problem for a wiser head than mine to solve, but I think until the whaler increases again it will be hard to find a solution. Now, sir, in most of the outports fishermen have to depend mostly on the falls catch with squid, mostly in my young days the caplin scull would be the principle time. I think every thinking fisherman will agree with me in regard to whales driving cod and caplin to land.
Thanking you for space.

Magistrates Court

A 47-year-old laborer, Rosette's Lane, given in charge by his wife for being drunk and disorderly in his home, was let go with a caution and ordered to leave his home immediately. The wife who appeared against him stated her two sons living at home would provide for the future. In her evidence to the Court the woman stated her husband had only given her a ten dollar bill since April last.

A 25-year-old laborer, charged with being drunk and breaking a pane of glass in the shop window of Mrs. Mary Tuma, valued at \$4.00, was allowed to go on the promise that he would make good the amount of damages.

The case against a taxi-driver, summoned by Sgt. Stapleton for driving a motor car on the public highway at a speed dangerous to the public, on the night of the 17th, was postponed until to-morrow.

Derailed Engine Being Overhauled

Engine No. 110, which figured in the derailment near Cape Ray about three weeks ago, has since arrived and has been placed in the machine shop undergoing repairs, and it is expected she will be ready for the road in a few days. Previous to the accident this same engine was thoroughly overhauled and had only made three trips over the road before the train wreck occurred.

Silvia in Port

S.S. Silvia arrived in port from Halifax and New York at 5 a.m. bringing about 100 round trippers 29 in second cabin and the following first cabin passengers who disembarked here: S. P. Whiteway, R. Patey, W. LeDrew, G. Penney, W. Piercey, J. Walsh, Miss M. Taylor, W. J. Wallace, F. B. Carter, Mrs. E. Russell, Mrs. A. Munro, Mrs. W. W. Journey, Mrs. H. Riley, G. Jeffers, F. C. and Mrs. Walker.
