London, Oct. 2.—The British casualty report for the week ending today, numbered 41,770, divided as follows: Killed or died of wounds, officers, 151; men, 5,778. Wounded or missing, officers, 551; men, 14,724.

IF YOUR EARS RING WITH HEAD NOISES
If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/4 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.
This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial. —Adv.

MEMBERS OF THE LOCAL TRIBUNALS RECOMMENDED
Members of Federal Selection Committee and Judge Winter Hold Conference for Selection of Names

R. B. Bennett, K.C., M.P., A. H. Clarke, K.C., M.P., members of the Dominion board of selection, and Judge Winter, of the district court, held a conference yesterday for the purpose of preparing a list of names for recommendation to the minister of justice to the appointments of the Calgary district tribunals.

In all, some 20 names were selected, and these will be forwarded to the minister of justice for his action. Owing to the illness of Judge Jannison, senior judge of the district court, the appointments for the Calgary district will have to be made by the minister of justice. The act states that in the event of the senior judge of any district court being unable to make the appointments, they shall be made by the minister of justice after the proclamation is issued.

BOARD OF TRADE NOW ORGANIZED
Campaign for Increased Membership Is Under Way

The Calgary Board of Trade met last night under most promising auspices and effected their reorganization. The terms and conditions of membership are similar to the past except that one may join for the balance of the year at the yearly rate. Under the head of "Methods" they state that the organization is to be non-partisan, non-sectarian and that it will not lend its influence to the election of or appointment of any candidate for provincial, federal or city office.

The city has been divided into three parts, with captains of commerce in command. Messrs. Hornbrook, Egbert and McTeer have four captains, each who in turn have an army of workers. The whole force assemble daily at noon in their well-arranged quarters, during the campaign. By Friday they expect to reach their objective, which is a membership of 800. Twenty-seven members secured early yesterday morning made the committee hopeful of success.

HAMILTON LIBERAL IS IN FAVOR OF CONSCRIPTION
No Chance for Anyone in Hamilton Who Is Not

Norman S. Jones, of Hamilton, Ont., a member of the largest insurance brokerage firm in the Dominion, is stopping at the Palliser. He is making his annual inspection trip of the western country and stated to The Albertan that he had found conditions very greatly improved since his last trip in 1915.

Mr. Jones is a member of the Liberal executive in Hamilton, and has taken an active interest in political affairs during the last 20 years. Asked respecting the attitude of the Liberals of Hamilton on conscription, he stated that any Liberal who was not lined up on a win-the-war policy was not considered a member of that political faith.

"I cannot understand the action of the Red Deer Liberals in turning down Dr. Clark, or in fact any Canadian Liberal or Conservative being opposed to conscription.

CALGARY PAINTERS ARE NOT AT WORK OVER WAGE TROUBLE
Only Difference Is Over Scale; Men Say They Went More Than Half Way

The Calgary painters are on strike. They have been negotiating for some time for what they considered a reasonable increase in wages, together with an improvement in working conditions. They have not received an increase in wages in the last seven years.

After many negotiations and conferences the painters conceded their demand for a closed shop, and everything else, except the question of wages, and they say that they were prepared to go more than half way in that.

When nothing further could be done by conference, they called in the fair wage officer. He admitted that their demands were reasonable and just. He suggested that the government would agree to 55 cents on all government work under contract and 60 cents on all future jobs.

The fair wage officer then conferred with the master painters. Later on he called in the men and suggested a 55-cent wage until April 1, and 57 1/2 cents for the following three months. The employers made a counter-proposition of 55 cents on a contract for 18 months. The men declined to accept the counter-proposition.

The men are not actually on strike, but most of them did not turn up for work on Monday morning. Twenty of the men, which includes the large majority of the men who are out, and other men have recently joined the union.

A meeting of the local will be held at the Labor hall tonight at 8 o'clock, at which all the members of the union are expected to be present.

CALGARY'S FIRST PARLIAMENTARY CLUB ORGANIZED
First Session of the Local Parliament Will Be Held Oct. 16; Three Parties in the Legislature

Calgary has at last become a capital city. Last night its first parliament saw the light. Its advent will be welcomed by many as a school of training for future legislators of the province.

The Calgary Parliamentary club was organized last night. Its membership will call for a small fee and admission to its deliberations will be by ticket obtained from the leaders of the different parties. It will be conducted under strict parliamentary rules, with Mr. Speaker, premier, and with leaders of the three different parties—Liberals, Conservatives and Independents. The latter will comprise any shade of political faith.

In its inaugural state it stands with H. W. McLean, leader of Liberal party; J. E. Sutherland, leader of Conservatives, and H. S. Campbell, leader of the Independent party, and will meet as such for the first meeting on Oct. 16 at 8 p.m. in the public library, when the speech from the throne will be delivered.

Will Commence Work in School Clinic on Monday Next.

The school health committee of the Calgary school board yesterday appointed Dr. W. P. Harvey, of Regina, school dentist. The vacancy was caused by Dr. Richards' removal from the city. Dr. Harvey is engaged in school dentist work in Regina. As there is great need of the resumption of the clinic, which has been closed since August 1, Dr. Harvey has been appointed subject to the confirmation of the board and will commence work on Monday next. The majority of the members of the board have approved of the selection.

ONE HUNDRED APPLIED FOR MEDICAL EXAMINATION
Military Examining Board Meets Again Today; Men Liable to Draft Are Securing Medical Examinations

The examining medical board for Calgary was not in session yesterday, but will examine men for the draft today.

Yesterday over one hundred men liable to the first call applied for examination and they will appear before the board this morning.

Owing to the announcement made from Ottawa yesterday, that all men of the first class, convicted of trying to evade the draft, are to lose all rights to apply for exemption, it is expected that from now until the proclamation is issued, there will be a big rush to appear before the examining board.

The medical authorities have been improving their system of handling the applicants and much of the usual red tape is eliminated, with the result that many more can pass before the board in a given time than could previously.
