LIVE STOCK EXPORTS.

Gratifying Figures Regarding This Year's Shipments from Canada.

MONTREAL, Nov. 23.—The steamer Storm King, which leaves today, will be the last boat of the season, and her cargo will comprise the last shipment of live stock this year from the St. Lawrence, viz., about 80 head of cattle and 1,150 sheep. Messrs. George H. Pope and E. B. Morgan, Government inspectors here, give the following as the returns for the past season:

	Cattle	Sheep	Horses
Atlantic	25,392	16,499	3,075
Reford	20,081	42,596	1,700
Heaver	11,759	9,825	323
Dominion	11,454	23,909	161
Johnson	8,518	14,668	231
Lambert	8,435	15,935	56
Munderloh	892	2,928	...
McLean	1,415	6,112	...
Harding and Roland	2,553	6,143	...
Total 1894	86,694	133,763	5,579
Total 1893	83,322	137,443	1,669
Increase	3,372	13,320	3,910

A very important feature in the export of live stock from Canada is the small losses compared with previous years. This year the mortality up to the 1st of November has only been 834 sheep, 90 head of cattle and about 18 horses, and that of the preceding year was 114 horses and 39 sheep, while 608 head of cattle were lost in 1892, out of a total export of 95,000 head. The insurance rate has gone down from 2 and 2½ per cent to 1½ per cent, and still it is estimated that the insurance companies have cleared at least \$50,000 out of the Montreal live stock business this year.

FEMALE COMPLAINTS.

Crused in Great Measure by Defective Action of the Kidneys.

TORONTO, Nov. 24.—The unequalled power of Dodd's Kidney Pills has been attested by thousands of grateful women. There is no remedy ever known that has proved such a blessing to women suffering from diseases peculiar to their sex as these pills, which have gained for themselves more than a provincial reputation as a household remedy. Those who are suffering invite to health. Will you accept the testimony of Mrs. George Reany, now of Ashland, Wis., or will you allow a stubborn prejudice to gradually wear your life away?

My Toothache!

Is an exclamation heard every hour in the day. Toothache is the most common ailment of young and old, and in the aggregate indicates more suffering than perhaps any other single complaint. A one minute cure is just what every person desires to possess. Nervine—nerve pain cure—acts almost instantly in relieving the agony, and a simple bottle affords a quantity sufficient for 100 applications. Ten cents fills the bottle. Polson's Nervine is the only positive remedy for toothache and all nerve pains. Sold by all dealers in medicine.

It takes a great many rounds to knock Cupid out.

STAR ATTRACTIONS.

Miss Sadie Martinot and Max Figman Tonight—A Brilliant Comedy—Coming Events.

TONIGHT'S STAR ATTRACTION. Undoubtedly a large audience will be assembled at the Grand today, matinee and night, to greet Sadie Martinot and Max Figman in the genuinely funny and phenomenally successful comedy, "The Pasport," by Stephen and Yardley, authors of "The Nominee" and many other successes. The opportunities nowadays to see pure mirth and hilarious fun without coarseness or horseplay seems to have been eagerly grasped after by theatergoers wherever this play has been presented. The piece is said to be overflowing with ludicrous situations and humor, as perhaps may be seen by the part which Miss Martinot will assume, being that of a capricious, forgetful young lady, whose habit of forgetfulness lands her into all sorts of scrapes. The role of Mr. Figman, under whose personal direction the play has been staged, is also said to be exceedingly humorous. The support will consist of a first-class comedy company in every respect, including such well-known names as Mrs. Sol Smith, Julie Ring, Sam Edwards, Geo. Brien, Geo. King and many others.

CORINNE COMING. Considered as an operatic extravaganza, nothing more resplendent has been seen on stage than the production of "Hendrick Hudson," by the Kimball Opera Comique Organization, headed by the peerless Corinne, which will be presented at the Grand Opera House, Tuesday, Nov. 27. Its wealth of beautiful scenery, rich and dazzling costumes and armor, new and sparkling music, and novel specialties, are blended with open comedy and burlesque, which in its jollity is irresistible. It is well known that Manageress Kimball stages her productions without regard to expense, and such a prolific subject as the romantic history of Hendrick Hudson, therefore, promises a rich treat when presented. It was produced in London with much satisfaction last season.

Max O'Rell, one of the brainiest and wisest of Frenchmen, will lecture at the Grand on Nov. 29.

An effort is being made to secure a return engagement of Miss Nellie Ganthony.

Between 300 and 400 persons listened to an interesting programme, rendered under the auspices of W. F. M. S., in the lecture hall of the Presbyterian Church, on Thursday evening. The feature of the evening was, of course, the address of the returned missionary from China, Rev. Mr. Shum.

The following is the programme as rendered: Chairman's address, Rev. R. W. A Nanter correspondent says: The candidates for municipal honors are beginning to shape themselves for the coming contest. The most prominent we have heard of are Messrs. J. B. Pettit and R. Pettit, who will make a hot fight for the chief executive chair, as Mr. Calvert is quite likely to retire. For deputy reeve the name of Mr. J. D. Mitchell is as yet the only one that has come forward.

INGERSOLL.

(Agents for the ADVERTISER, W. H. Manning.) Nov. 21.—Mr. R. J. Drummond, school instructor at the Kilmarlock Dairy School, Scotland, returned home today.

Mr. W. R. Dunn, of Vancouver, B. C., has been engaged as bookkeeper by Mr. M. T. Buchanan. Mr. Dunn succeeded Mr. Geo. Duncan, superintendent of the Ingersoll Waterworks Company, in whose interests he will now devote his whole time.

We regret exceedingly to announce the death of Rev. Father Molphy. He had been improving from a severe illness, when on Saturday he suffered a relapse. He was attended in his last illness by Rev. Father O'Brien, one of the Jesuit fathers who assisted in the missions here a few weeks ago, and by Rev. Father Tiernan, of the Cathedral, London, who has been a bosom friend of deceased for the past quarter of a century. Father Molphy has been priest of the Ingersoll parish for a number of years, and was well liked by all classes of people. He was faithful to the interests of his parishioners and a hard worker in all matters pertaining to the welfare of his church and people. He was generous and kind and will be greatly missed by the poor, whose wants were well looked after by him.

Betsy and I Are Out.

NEW YORK, Nov. 23.—The Times says: "Governor-Elect Morton and Thomas C. Platt are out. The break looks serious now, but an effort is being made to heal it and keep it from becoming permanent." Governor-Elect Levi P. Morton says: "There is no foundation for any stories or rumors of estrangement between myself and Mr. Platt."

Shot Thomas in the Neck.

BRADFORD, Ont., Nov. 23.—Yesterday afternoon while a number of Toronto sports were in this vicinity hunting, one of them, who would not divulge his name except to the doctor, mistook the black fur cap on the head of Thos. Bennett, of this place, for a black squirrel and planted about a dozen shots in the back of Mr. Bennett's neck. Fortunately the shot entered the fleshy part of the neck, so that no serious results will follow.

A TALE FROM WINNIPEG.

How Two Prominent Citizens of the Prairie Capital Regained Health.

One Suffered From the Effects of Malaria and Indigestion, the Other From Nervous Prostration—Their Story as Told a Tribune Reporter.

(From the Winnipeg Tribune.)

The modern world is decidedly skeptical, and in the case of cures by advertised medicines it is sometimes remarked that they occur at long distances. Recently, however, the Tribune was told that a Winnipeg gentleman had passed through an experience as remarkable as any of those published, and on inquiry into the matter revealed the fact that several prominent citizens of Winnipeg had been greatly benefited by the use of Dr. Williams' Pink Pills. One of these citizens is Mr. W. A. Charlesworth, the well-known contractor, who during his residence in Winnipeg has added to the beauty and wealth of the Prairie Capital by erecting some of its finest and most substantial buildings. Naturally what Mr. Charlesworth would say as to the merits of a medical preparation would be read with interest by the many citizens who have met him in business and socially, and a Tribune reporter was detailed to get from him some particulars in the matter. Mr. Charlesworth was seen at his beautiful and cozy home on William street, a few days since, and while unwilling to attract publicity, yet, for the benefit of those suffering as he once was he consented to give a simple statement of his case. About thirteen years ago, while living in the southern part of Illinois, near Cairo, he had several attacks of malarial fever and ague, which left his blood poor and thin, and so damaged his system that for about ten years after he was a sufferer from chronic indigestion. He came north after residing there for some years in order to try to shake off the effects of the malaria, but without much success. He had not had, while in the north, another real attack of ague, but every season he has had incipient attacks, which were only warded off by the prompt use of quinine. Bilious fever also threatened in the same way. He also suffered severely from indigestion. Determining to make a decided effort to get rid of his complication of disorders, he began in the fall of 1891 to use Dr. Williams' Pink Pills, the advertisements of which he had read in the newspapers. Mr. Charlesworth began to use the pills in October, and for the first month felt scarcely any improvement. However, from that time on improvement was rapid and the effect marvelous. The cold of the winter of 1891-2, as will be remembered, was intense, and yet so great was the toning up of the system and the enrichment of the blood, that he scarcely felt the cold at all the winter. His indigestion was removed, and since that time he has not had another attack of malarial fever. He continued taking the pills up till about the middle of January. In closing his interview Mr. Charlesworth said: "However, do not rely upon my authority alone, but see Mr. Fairchild, who has used the pills."

The Mr. Fairchild, it is needless to say, is Mr. Frank Fairchild, the largest dealer in vehicles and farm machinery in Western Canada. Mr. Fairchild's name is too well known to readers of the Tribune to need any further introduction. He was also seen and fully confirmed what Mr. Charlesworth said. Some time ago Mr. Fairchild suffered from nervous prostration brought on by overwork, and suffered also from a dull pain in the back of the head. After spending some time at a famous Chicago sanitarium he was advised to take something to build up his blood, the doctors mentioning Pink Pills in their list of things advised. At first he took a small preparation, but as he found this unhandy to take with him as he traveled, he decided to take Pink Pills, as Mr. Charlesworth had very strongly recommended them. He found great benefit from their use and continued taking them until restored to health. He has no hesitation in recommending them as a great builder up and purifier of the blood.

Dr. Williams' Pink Pills may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y., at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold makes a course of treatment comparatively inexpensive, as compared with other remedies or medical treatment.
