Corbett Makes a Game Fight to Regain His Lost Laurels.

Was Put Out by the Champion With a Left to the Jaw—Fair and Square "Go"—General Sporting.

FISTIC.

CORBETT KNOCKED OUT.

Seaside Athletic Club, Coney Island, May 11.—Jim Jeffries is still the heavyweight champion of the world. He defeated Jim Corbett in the 23rd round of their fight with a decisive knockout. The finishing blow came as a sudden and startling surprise. Corbett had been making a wonderful battle. His defense was absolutely perfect, and while he was lacking in strength, he had more than held his own, and stood an excellent chance of winning the fight had it gone the limit. He had not been badly punished, and had managed to mark his man severely. The winning punch was a short left jab to the jaw. Corbett dropped like a weight, and was clear out. Jeffries showed ability to take a punching, go any distance and punch hard. He was clearly outboxed, and at times made to look like a novice. The crowd, which numbered fully 8,000, was a Corbett crowd, and his defeat fell upon a silent audience. There were cheers for him when he revived and left the ring, and he was generally treated with more consideration than the victor. Corbett is still a factor in the pugilistic game. He has regained much of his old-time form. The battle was clean, and it is doubtful if there was a single infraction of the rules. The crowd was mostly orderly. Jeffries was very reluctant when seen after the contest. He said: "Corbett gave me the best fight of my career, and was really a surprise. I thought I should have whipped him sooner, and I think I would have had my left arm not given out early in the fight. The result I at no time felt doubtful of, for I knew I would eventually land the blow that I had been looking for all along. Corbett was really a revelation to me, and I did not look for such a battle from him. Jim made a game fight, and I have no wish to detract in the least from his credit, but I am still the champion, and will go along the line until I trim them all."

Jeffries was favorite in the betting. Joe Humphries bet \$1,000 to \$500 on Jeffries with Eddie Burke, the bookmaker. Charley Anderson bet Mike Padden \$3,000 to \$1,500, Anderson taking the Jeffries end.

At 10:24 p.m. Jeffries entered the ring, accompanied by his seconds. Corbett followed a moment later. Jeffries was dressed in a blue flannel shirt and light trousers. Corbett wore a striped light-colored dressing-gown. Both men greeted each other cordially and shook hands. They were in splendid condition. Corbett was smiling and bowing to his friends around the ringside, while Jeffries seemed stolid and indifferent. Both eyed each other

close. At 10:31 Charley White was introduced as referee of the contest. The timekeeper for Corbett was Teddy Foley; for Jeffries, Dan O'Rourke. In his dressing room Corbett owned to weighing 155 pounds. In the 23rd and last round, after a couple of passes Jeffries sent his left to Corbett's jaw and rushed him across the ring to the ropes. At close quarters Corbett hooked his left twice to the face, sending the blood spurting again from Jeffries' face. Jeffries threw two hard lefts to the body and smashed again on Corbett's face, smashing Corbett's head back. Then Jeffries crowded him to the ropes, and with a full swinging left smash on the jaw, sent Corbett rolling down and out. Corbett's head struck the floor heavily, and he rolled over in an attempt to regain his feet, but he was unable to recuperate within the call of ten seconds. Corbett lay like a log after rolling twice over on the ring floor, but a moment after Referee White counted him out he regained his feet, and his seconds had little difficulty in recuperating him. Time of round, two minutes eleven seconds.

Referee Charley White said: "There was never a squarer or fairer ring contest. Both men fought fairly and lived up to the rules. The winner had an uphill fight all the way, and the loser deserves all the praise that can possibly be given him. His foot work was simply perfect, and he is to be congratulated on his return to his old-time form. From his showing tonight Corbett has more than a look in with the best of them."

GRAND RAPIDS LOST TO SAGINAW.
Rain interfered with the scheduled games in the International League yesterday, except at Grand Rapids, where Haney practically won his own game from the home team. His support was of the kind that is born of the game of practice, but he held the furniture men down to ten hits for a total of four runs. Saginaw found Barretts without trouble. The score:

Rumor has it that McGraw will receive \$10,000 for playing with St. Louis this season. If true, this is double the salary Manager Plessau receives. Manager Hanlon believes that Joe Kelly will develop into a star third baseman, and for that reason the Brooklyn captain will not return to the outfield unless it becomes absolutely necessary. Hanlon thinks that Sheekard, Jones and Keeler should stay where they are.

Magog worked with Belcourt, and came away when ready, finishing with a fine burst of speed. It looks as though she can go it in 2:14 under favorable conditions. Miss Dart, the London plater, ran a mile and a quarter in 2:19. Howard S., Easter Lily and Surplus took useful work.

HELD FOR MURDER

Decision in the Case of Arthur McIntyre—Mother Gives Evidence Against Her Son.

Toronto, May 12.—A charge of murder was laid against Arthur McIntyre, who on Thursday shot and killed his father, Peter McIntyre, at Yonge street wharf. The charge will not depend at all on the finding of the coroner's jury, but will be investigated independently. The boy being under the age of 14, came up in the children's court yesterday, where the trials are held in strict secrecy. He gave his age to the clerk as 12 years, saying he would be 13 in June. It was decided not to arraign him yesterday. Crown Attorney Curry asked a week's remand, which was granted.

The post-mortem examination of the body of Peter McIntyre had a most peculiar feature. The bullet had lodged in the aorta, behind the heart, causing almost instantaneous death from hemorrhage. The strange thing is that the bullet was carried by the blood through the arteries, down into the left leg, where it was found by the doctors.

TESTIFIED AGAINST HER SON.
Quebec, May 12.—Adele Potvin, widow of Ferdinand Cazes, the man accused, was in the witness box in the matter of her son, Joseph Hermenegile Cazes, accused of having killed his wife on Feb. 24. There was a certain amount of sensation when the poor old woman appeared, and her son, the accused, seemed much affected. Mrs. Cazes said that when her son came home at 12:30 on the day of the murder, he was slightly under the influence of liquor. During dinner he had a quarrel with his wife. She retired to her own room, where two children were crying, and closed the door. She subsequently heard three shots when she was in her room and heard the same time someone locking the front door and going out by the back door. Some minutes after that she saw the prisoner's wife lying on the floor. She did not know if she was dead or not. The witness called for help, and Constable Letellier, who lived in the same house, came.

GETTING THE FACTS.
The Signs and Symptoms of Dyspepsia Pure and Simple.

Dodd's Dyspepsia Tablets Knock Them All Out—The First Dose Relieves—More Relief Follows Other Doses—Then Comes the Complete Cure.

IS THIS YOUR STORY?
I have pains in the chest, after eating.

I have burning pains in the pit of the stomach after every meal. I am tortured by neuralgia in head and face. Nausea, or sickness, which follows every meal. My tongue is coated and furry, there is a bad taste in my mouth, and I am tormented by thirst.

Acid fluids come up into my mouth, leaving a burning sensation; I can't concentrate my thoughts; I am pale and am losing flesh daily; have "lost heart" in my work, can't sleep, my hands and feet sweat, my bowels seem full of gas.

I dread being left alone; if I walk any distance, a lump forms in my throat, a fullness grows in my chest, and my pulse gets weak and rapid. I feel as if I would fall, my knees become shaky; I tremble all over and I have to sit down. There is a terrible pain near my heart.

IS THIS YOUR EXPERIENCE?
I have been doctored for heart trouble and other diseases. But all such treatment utterly failed.

I grew worse daily. Finally I was attacked by dizzy spells. Everything would grow black, as if I were blind. I was afraid to go out.

HERE IS YOUR CURE.
I read of Dodd's Dyspepsia Tablets and tried them. The first dose relieved me. The second relieved me much more. Two boxes cured me completely. Today I am sound and well, strong and healthy, thanks to Dodd's Dyspepsia Tablets.

PROF. CLARK'S STATEMENT.

He found Doan's Kidney Pills a prompt cure for pain in the back and hips.

Prof. J. E. Clark, a cut of whom appears here, is well known on account of his successful scientific treatment of stammering.

The Professor was suffering greatly from severe pain in his back and hips some time ago, and making inquiries as to the best remedy he was recommended to try Doan's

Kidney Pills. With what success we will permit him to tell in the following letter, which was written from Wellington, Ont.: For some months, in fact for years, I have had a constant pain in my hips and across my back, which prevented me getting proper night's rest. No matter how I might turn to get relief it was of no avail. I tried different remedies, but they were of little or no use. I went to the store here one day and asked what remedy would be the best for my complaint, and was at once advised to take Doan's Kidney Pills. I bought one box of the Pills and before I had finished it every particle of the pain left me and I am as free from all of my recent troubles as though I had never been afflicted.

I tell you I am in sympathy with any one who has pains or aches similar to what I had, and shall always take much pleasure in recommending Doan's Kidney Pills.

(Signed) J. E. CLARK.

We recommend Doan's Kidney Pills for the treatment of backache, lame or weak back, Bright's disease, diabetes, dropsy, puffiness under the eyes, swelling of the feet and ankles, mist before the eyes, impaired memory, scalding or high-colored urine, gravel, rheumatism, urinary weakness of children and old people, tired, dull, drowsy feeling, etc. These Pills cure when other medicines and even doctors fail. But be sure you get Doan's, as substitutes and imitations are always disappointing. The Doan Kidney Pill Co., Toronto, Proprietors.

Don't Ride a Bicycle, Ride a RACYCLE

There's a big difference between them, and it's all in favor of the RACYCLE. Let us show it to you.

HORTON & MANVILLE, 231 Dundas St.

The four-point bearings of the E. and D. Bicycle simply have the balls running naturally between a groove in the hub and a groove on the axle.

There is no angular pressure possible. All pressure is straight up and down. The pressure is the least pressure possible on the bearings. It is never greater than the load. In ordinary bearings it is.

E. and D. Roadsters, Specials and Racers all have four-point bearings; have had them for five years; will have them. No bearing is better. See them.

Ladies' Stearns Models.

We think the Ladies' Stearns Specials and Roadsters are the nicest possible ladies' wheels.

The tread of the Stearns is narrow—a great point. The drop of the frame is an extreme and ordinary walking costumes may be worn with comfort when riding a Stearns drop frame.

The weight is light—there is no unnecessary work imposed on the rider.

All these things will be gladly proven to lady riders who will call, whether they intend to buy or not.

"Value for Price."

It's "what you get" that counts. The Scotsman is a most-for-the-money wheel.

By cutting down the options the cost is kept down. By saving in every possible way the price is made \$40.

By putting the best possible material into the wheel and electrically welding the important parts guarantee repair expenses are avoided.

The local guarantee goes with the Scotsman at only \$40, but Scotsman riders will never need it.
