ONTARIO CROPS

Estimate of the Yield for the Year 1900.

Grain Crops Quite Up to the Average -An Interesting Statement.

The Ontario department of agriculture has just completed the estimate of the yields of crops for 1900. The following is a condensed statement of the builletin, which will be published in full in a few days:

The most noticeable temperature feature has been the fact that the months of August, September and October were 5.4, 4.0 and 8.9 degrees, respectively, above the average, During the same three months the rainfall was about half an inch lower than the average. The rainfall for the six months. April to September, was exactily the average of the past twenty

On the whole the grain crops of the rear were in quality and quantity quite up to the average. The new fall wheat crop is in fair condition, but the damage by Hessian fly is quite wildespread. The "pea bug" has increased to an starming extent in some sections. Corn was one of the best crops of the year. Tobacco, beans and buckwheat were fair. Potatoes were good, mangels extra, but turnips were rather poor. Fall fruit was quite above the average, the apple crop falling but little below a record yield. Live stock generally are in good condition, and hogs have been sold in large quantities. A large number of silos have been built this year. The following statement shows the acreage and yield of the leading crops of the province, as revised to date: FIELD CROPS.

That Spot.

Did you ever have that hittle tickling spot in your throat? Feit as if you could almost touch it with your finger, didn't it? How hard you tried to reach it, but couldn't! It's easy with Vapo-Cresolene, for you breathe it. There's nothing in the world equal to it for stopping these tickling coughs; and it's so pleasant, too. For asthma, croup, bronchitis, catarrh, and whooping-cough, it's the great

· Nine years. AN OLD WOMAN AT THE AGE OF 20

Annie O'Kennon Dies of a Most Remarkable Malady.

Pichmond, Va., Nov. 26.—Fannie O'Kennon, daughter of Peter O'Ken-non, who died at her father's home in Matoca, a small manufacturing town in Chesterfield county, near Richmond, was, the doctors say, the victim of old age, although only in April she had celebrated her 20th birthday. Her case was remarkable. She had not grown in stature since she was 2 years old, and her faculties at the time of her death were those of a child. She was 2 feet 2 inches tall, and could speak only such words at the time. only such words as she was able to articulate at the age of 2 years. Miss O'Kennon played with picture books and toys, and in all her actions was a perfect child. Her face was wrinkled like that of a woman who had lived many years. Her case has attracted the attention of physicians for some time. Her head was very large, but she was otherwise undeveloped, and had never shown any signs of womanhood. While she had

THE TALK OF

Pessimistic View of the Far East Situation.

Looks as If the Powers Would Have to Climb Down-The Metropolis Afflicted With "Tube Mania."

[Special Cable Letter.]

London, Nov. 24.-The pessimism reflected by the Washington specials dealing with China finds a keen echo in Great Britain's cabinet. The gloomy forebodings that the United States will be compelled to withdraw from the concert of the powers is only one of the causes of this feeling, for the British ministers are now inclined to believe the present lines of negotiation cannot result satisfactorily. "The United States," said an official of the foreign office, "cannot be any more anxious than England to get out of the China muddle. The cabinet ministers are reluctantly coming to believe that the endeavors to compel China to punish individual offenders are merely WASTE OF TIME.

"Death by edict is a farce and a fairy tale. The powers' forces now in China are utterly inadequate to overrun the country and enforce their demands. England has no intention of augmenting her troops to such an extent as would necessary if the Europeans themselves undertake to inflict punishment. It looks very much as if we shall all

HAVE TO CLIMB DOWN. The only question is, How can it be done with the best dignity and under circumstances giving the most satisfactory results? The policy of indefinite decimation, which the American journals seem to attribute to Germany, is not in the slightest shared by Great Britain."

This view is not that of a majority of the British press, who generally condemn what they call the "weak-kneed policy" of America.

THE 'PINO JUNTA. The request of the United States ambassador, Mr. Joseph H. Choate, for the suppression of the Filipino junta at Hong Kong has been put in the hands of the colonial office. It will probably take some weeks to ascertain the facts, with doubtful results. An official said: "Hong Kong, of course, is part of a free country, and we cannot take too arbitrary steps, even to please America. Most of the inter-national plots are hatched right here in London, but we are quite powerless

to suppress them.' AMERICAN COMPETITION.

London's new lord mayor, Mr. Frank Green, takes a very practical and friendly view of the American competition of the city's finance, trade and transportation. "It is merely a matter of utilitarianism," he said. "American capital is bound to improve business here, and I warmly welcome anything tending to bring the two nations the most good, even though it may appear to result only to the advantage of one of them. Together, England and America are more powerful in every way than the rest of the world. Regarding placing government loans in America, patriotism naturally compels me to say English financiers should have the first chance; but if Americans give better terms, why, let them have them by all means."

THE TUBE MANIA.

Hot on the heels of Mr. Charles T. Yerkes' underground railroad scheme company, the announcements of projected roads are so many that London may be said to have become the victim of the tube mania. If all the companies were allowed to operate, half of London would be undermined. Parliament-ary sanction will be applied for in the case of no less than ten electric tubes, necessitating the deposit of \$25,000,900 as parliamentary guarantee. It is likely that several of these will never materialize.

PAIR OF DUKES COMING. Two dukes will soon arrive in the United States. Besides the Duke of Manchester and his bride, who sail today, the Duke of Newcastle sails on Dec. 6. The latter intends to spend a few months in Florida, returning April. He will not be accompanied by the duchess.

SPORTING TALK.

All sorts of rumors are current about the Jockey Club's investigation into Lord Durham's charges against Lester Reiff, among which is the allegation that a well-known sportsman bribed with large amounts during the past season, with large profits. Watever season, with large profits. the truth of this, it is certain that the investigation has developed into a far larger scope than when it commenced, and now involves grave issues, in which English as well as American jockeys and owners are concerned.

At Hamilton there has been a fair movement, considering the poor movement, considering the poor weather for selling winter goods. Values are firmly maintained for most lines of staple goods, the conditions of business are sound, and with colder weather there would be more activity. Improved weather conditions have materially bettered trade in the Northwest, and reports of business at Winnipeg are more cheering. There is more farm produce being marketed at country points, and retail sales have been large. Prices continue steady in sympathy with eastern markets.

COURT OF APPEAL

Challoner vs. Township of Lobo.-T. T. Macbeth (London), for defendants, appealed from judgment of Meredith, C. J., in action to restrain defendant corporation and defendant Oliver, their contractor, from proceeding with the construction of Crow's Creek drain, to declare invalid bylaw 423 for its construction and for damages. The chief justice held that the petition required by R. S. O., ch. 226, sec. 3, to support the bylaw had not been signed by the majority in number of the resident and non-resident persons (exclusive of farmers' sons not actual owners), as shown by the last revised assessment roll to be the owners of lands to be benefited, that the act requires that at the time action is taken by the council by passing the bylaw at the meeting to be held under section 17, it must have before it a petition, signed by the necessary majority according to the then last revised assessment roll, as provision is made for the withdrawal from and addition to the petition of names of owners affected, and, if then there is a majority, the bylaw may be passed, otherwise the proceedings end with the meeting; and held, also, that the words "exclusive of farmers' sons not actual owners" did not mean actual owners in fact, but as shown by the last revised assessment roll. T. G. Meredith (London) opposed appeal. Reserved.

This is the third case argued at the present sittings of the court of appeal in which the question of finality of assessment in drainage cases is directly

SINGLE COURT.

Collins vs. Burwell.-Judgment (E. B. B.) on appeal by plaintiffs for re-port of master at London on the grounds inter alia that no sufficient evidence was given of the investment of the sum of \$500 by the deceased. C. Anderson, one of the trustees named in the dead of settlement under which the plaintiffs are beneficiaries, and that the report should declare that the defendants, C. H. and W. W. Lock-wood, the executors of C. G. Anderson, took part in the winding-up of his estate, did not give notice to creditors, and are equally mable with the de-endant Burwell, the co-trustee, or waste. Held, as to the Regan mortgage representing \$300, part of the fund, that the finding of the master is correct. Held, also, that for the loss of this security which was handed by the executors of Anderson to his cotrustee Burwell, the estate of Anderson is not liable. The trust deed does not constitute the executors of Anderson trustees after his death, and the mere absence of a formal assignment of the mortgage to Burwell does not make Anderson's estate liable. One might, and no doubt upon request, would have been given at any time. Held, also, that the estate of Anderson is hable to accoust for interest at the bank rate of 4 per cent per annum on the whole fund from May 29, 1883, to September, 1883, and should be varied accordingly. Any er-ror in computation of interest should also be corrected and defendant Bur-well charged with interest. This may be done in issuing the order; a reference back is not necessary. No costs of appeal. Follinsbee (Strathroy) for plaintiffs. A. Stuart (London) for defendants.

Chafing and

Exasperated by Summer Heat Became Intolerable-Relief Is Prompt and Cure Certain When Dr. Chase's Ointment Is Used

To many fleshy people summer is the time of much misery from chafing and skin irritation. Some complain par-ticularly of sore feet, caused by perspiration while walking. Others suf-fer from itching skin diseases, such as eczema, salt rheum, rash or hives. Persons who have tried Dr. Chase's Ointment for itching or irritated skin are enthusiastic in recommending it to their friends, because it is the only preparation which affords instant relief, and speedily brings about a thorough cure.

As a matter of fact, Dr. Chase's Ointment has come to be considered the standard preparation for itching skin diseases, and has by far the largest sale of any similar remedy.

Try it when the feet are chafed, and sore with walking. Try it when the skin is chafed, inflamed and irritated. Try it for pimples, blackheads, hives, eczema, salt rheum, and every form of itching skin diseases. It cannot fail

Mr. M. A. Smith, Brockville, Ont., writes: "I suffered many years with chafing, burning, and itching of the skin, and never found anything to do me good, or even give relief, until I used Dr. Chase's Ointment. I would advise all sufferers, and especialy bicycle riders, to always have it on

A Pain Remedy. For ever fifty years this wonderful remedy has proved itself the best, safest and surest an-tidate for pain in the world.

The True Relief,

Kadway's Heady Helief For Internal and External Use.

In using medicines to stop pain we should avoid such as inflict injury on the system. Opium, Morphine, Chloroform, Ether, Cocaine and Chloral stop pain by destroying the sense of perception, the patient losing the power of feoling. This is a most destructive practice; it masks the symptoms, shuts up, and, instead of removing trouble, breaks down the stomach, liver and bowels, and, if continued for any length of time, kills the nerves and produces local or general paralysis.

local or general paralysis.

There is no necessity for using these uncertain agents when a positive remedy like RAD-WAY'S READY RELIEF will stop the most excruciating pain quicker, without entailing the least danger in either infant or adult.

Will Afford Instant Ease,

For headache (whether sick or nervous), For headache (whether sick or nervous), toothache, neuralgia, rheumatism. lumbago, pains and weakness in the back, spine or kidners, pains around the liver, pleurisy, swelling of the joints and pains of all kinds, the application of Radway's Ready Relief will afford immediate relief, and its continued use for a few days effect a permanent cure.
