TURKEY MENAGED!

A Division of the French Mediterranean Fleet Sent to the Levant—Troops to Follow.

Paris, Oct. 31.—The officials of the French foreign office confirm the re- port that a division of the French Mediterranean fleet, composed of three battleships and two cruisers, under the command of Admiral Caillaud, has proceeded from Toulon to the Levant to make a naval demonstration against Turkey.

A foreign office official, in communi- cating the foregoing to the correspon- dent here of the Associated Press, said: "The squadron sailed with sealed orders, and proceeds first to a Greek port—the island of Syra. I think—where the admiral will receive out his sealed orders. I am not at liberty to say what the sealed orders are, but seizure of the customs at Smyrna would probably be a very ef- fective way of convincing the sultan that France's patience is exhausted, and that we have decided to enforce an immediate execution of the Turkish Government's engagements. We, how- ever, are very hopeful that the sultan will not compel us to go to that ex- treme. Our squadron will not reach the Greek port before Sunday. The

Turkish Government has thus still three days' grace. It is now two months since the French ambassador, M. Constant, left Constantinople. His departure failed to produce the desired effect. On the contrary, even the sultan's irades purported to settle, remain open. The official was asked what would happen if the Turkish authorities resisted, and he replied: "That is a very unlikely contingency. But if it occurred I suppose we shall have to bombard the port. But we do not want bloodshed, and I do not believe there will be any oc- casion for it to occur."

Paris, Oct. 31.—"The entire French Mediterranean squadron left yesterday (Wednesday) afternoon," says the Toulon correspondent of the Figaro. "While one division put in at Salinis d'Hyères, another composed of three battleships and two cruisers, under the command of Admiral Caillaud, proceeded to the Levant. Two thou- sand troops will be added to the force."

"Admiral Caillaud's orders are that if complete satisfaction is not given by the Ottoman Government to all the claims of France, he will seize the custom house of the port nearest his squadron. It is claimed his destina- tion is the island of Mitylene, off Sa- lonika. The island commands the en- trance to the Dardanelles and the Gulf of Smyrna."

The British cruiser Charybdis will take 50 fishermen from St. John's, Nfld., on a six months' cruise in West In- dian waters.
