LONDON HOCKEY CLUB. A meeting of the London Hockey Club executive will be held on Friday at the Tecumseh House to wind up the affairs of the concert that the hockey club is giving at the Grand Opera House this evening. Arrangements will then be made also about the personnel of the team. In connection with the list of players, it is worthy of note that five or six of London's fastest men have declared their intention of hanging out with the team that plays in the O. H. A., notwithstanding the fact that certain local newspapers have referred to them in connection with other organi-HOCKEY IN NEW YORK.

New York, Dec. 9 .- A start in the local hockey season is slated to begin about Dec. 10. This is none too early, but it is due to the decision of the owners of the St. Nicholas and Brooklyn rinks, who say that it would be unprofitable for them to open the rinks before the date mentioned. Games have been arranged for this winter between teams from Yale, Princeton, Cornell, Pennsylvania and Columbia against sevens from the Crescent Athletic Club of Brooklyn and the New York Athletic Club. It is also announced that arrangements are in progress to bring some of the best teams from Canada to meet the local players in competition.

The leading hockey hereabouts is the American Amateur Hockey League, composed of teams from New York and Brooklyn. The Philadelphia Hockey Club was a mem-ber of this league until a year ago, when the rink where they played their games was destroyed by fire. The Quaker City players are doing their best to find a building suitable to play in, but there does not appear to be much chance of Philadelphia being represented in the league this winter. The first week in January will find the amateur league teams playing their first games, and the season will last until about the middle of March. The teams holding membership in the league were all fairly strong last season, with the exception of the Brooklyn Skating Club. An effort is being made to strengthen the latter, and one of their crack players predicted recently that the showing of his club in the league race this winter would be a big surprise to the other clubs. The teams from the New York Athletic Club and the Hockey Club of New York will remain practically intact from last season, but one or two changes will doubtless be made in the

personnel of the St. Nicholas team. The Crescent Athletic Club's team has won the honors in the amateur league for the past three years. These Crescent skaters also have a victory to their credit over what is said to be the strongest hockey team in the United States, the Pittsburg Hockey est fought contests ever played, and was won by the boys from over the bridge by a score of one goal to nothing. The probable make-up of the Crescent hockey team for the season is as follows: Mackenzie, goal: Sheriff. point; Wall, coverpoint; Dobby tain), Liffiton, Kennedy and Shiebeler, forwards.

BASEBALL.

DONOVAN MAY STAY. St. Louis, Dec. 10. - It looks as if P. J. Donovan will stick to baseball. The visit of Ban Johnson to St. Louis on Thursday bears out this belief. Johnson and Donovan had a sort of an in-formal confab at a down-town cafe. The president of the American League made it an especial point to tell Donovan repeatedly that his organization was after him, wanted him badly, and would be willing to pay him a big fat salary to line up with one of its clubs.

Donovan dodged giving Johnson a direct answer. Mr. Johnson could not remain in St. Louis later than Thursday night, and so negotiations between two men for the time being are hanging fire.

EGAN FOR LITTLE ROCK. Boston, Dec. 10. — Jack Egan, one of last season's Eastern League's umpires, will take up pitching again, next season, and may be given a chance by Manager Finn, of Little Rock. Egan has not been in the box for four years, but feels confident that his arm has regained its former strength, and that he can give a good account of himself at slab duty. Egan's ast engagement was with Providence, where he pitched fast ball for three seasons. Previous to that he twirled for Washington.

J. M. WARD FOR PRESIDENT. New York, Dec. 10. — The annual meeting of the National Baseball League began here yesterday. A draft of the playing schedule was ready and was interpreted to mean renewal of

war on the American League. The latest man to be sprung for the league presidency is John Montgomery Ward, once one of the most famous players in the country. Ward is now practicing law and is prominent in New York. He is thoroughly familiar with baseball and one of the most popular men identified with the game. LOHMAN ON TOP.

San Francisco, Dec. 9.—The Oaklands are the Caiffornia League pennant winners for the season of 1902, and all and glory must thereby be showered upon Captain-Manager Loh-man and his band. Their success at the head of the race must be attributed solely to the brilliant and clever generalship of Pete Lohman. He has shown that he is without a peer in this league when it comes to captaining a cam, and only the other Sunday at Sacramento he turned apparent defeat into glorious victory by getting into the game himself, even although his hand was in a bad condition. Lohman was on the bench in civillan clothes, and when Umpire McDonald ejected Hurlburt from the game for too vigorous kicking, Lohman rushed into the dressing-room, donned his uniform and went behind the plate, while Groton was sent to Hurlburt's place in right. Schmidt, who had been pitching careless ball on account of a rather inexperienced catcher, thereupon unwound himself and gave one of tre greatest exhibitions of twirling seen on the Sacramento grounds this season. Under the guidance of Lohman. the Oaklands are the only team in our league that have successfully worked the hit-and-run game, that is, in a majority of attempts. With Lohman at bat and a runner on third, they have worked the hit-and-run in many instances, hardly ever failing to complete the play. Of course, Lohman has had excellent help from his team throughout, and the players thereof must also be given credit for the winning of the flag, but I feel safe in saying that had not Pete Lohman been leader of the bunch, they would not be adorning the coveted position at the top of the ladder just at present, Manager Ewing gave Lohman complete and absolute charge of the Oaklands at the beginning of the season, with full power to act, and allowed him to run the affairs of the aggregation, without molestation, with the result that he has shown himself easily and above the superior of all the captains in the league. Lohman kept his team at the head of the procession almost the en-tire season of eight months. He has met with many reverses and all kinds of hard luck, such as is the fate of a baseball manager to encounter, and' he has handled every trying circumstance with great ability. Time and again first place in the race seemed in jeopardy: yet he stayed with the game to the bitter end, never giving up until the last man had been called out by the umpire. Lohman can think of more schemes in a minute than the average player can manipulate in a

FOOTBALL.

FERGUSON FOR PRESIDENT. President A. W. Ballantyne, of the Ontario Union, has announced that he will not stand for re-election, and Mr. W. M. Ferguson, of the law firm of Miller & Ferguson, of Toronto, will probably succeed him. Mr. Ferguson is an old U. C. C. boy and was a member of the O. R. F. U. executive in 1888. He knows the game thoroughly and the O. R. F. U. would not make any mistake in electing him to the office of secretary-treasurer so acceptthe past season, will again be a candidate for the place. The officers of the union are: President, A. W. Ballantyne, Toronto; vice-president, G. S. Gibbons, London; secretary-treasurer, Frank D. Woodworth, Toronto; committee, F. H. Thompson, Argonauts; T. A. Godfrey, Ottawa; S. S. DuMoulin, Hamilton; A. W. McPherson, Peterboro; George Ballard, 'Varsitv.

WANT RULES AS THEY ARE. Petrolea, Dec. 10. - The Petrolea Rugby Club will oppose any further alteration in present rules than the reduction of the number to 14, doing away with the flying wing. Clubs with as little opportunity to practice team work as Petrolea would find Burnside or other new rules a severe handicap. whereas the city teams would soon find means of getting round the wellintended new rules.

O. R. F. U. AND THE SNAP-BACK. Toronto, Dec. 10. - At the annual meeting of the Ontario Rugby Union, which will be held on Saturday, the most important matter to be discussed will be the proposed changes in the rules. Most of the western clubs favor the snap-back, and there is a strong probability that they will carry the day. The principal opposition will come from Ottawa, the champion Rough Rid-

ers having declared that they will fight the adoption of the Burnside rules, tooth and nail. All of the Toronto clubs, Hamilton, Galt, Kingston, London, Peterboro and most of the junior teams are solid for the snap-back, and Secretary F. D. Woodworth is of the opinion that the Ontario Union will be playing under the new rules next fall. That something of a radical nature must be done, and done in a hurry, too, in order to satisfy the general demand for an open game, is apparent, and the Ontario Union intends to give the Burnside rules a trial, despite the objections of the eastern clubs. As the Canadian Union is largely controlled by eastern men it is not likely that the O. R. F. U.'s recommendation will be granted, and in that event there is a strong probability that the Ontario Union will withdraw and go into business on its own account.

INDOOR BASEBALL AT SARNIA. Sarnia opened the indoor baseball ason the other evening by defeating Point Edward with a score of 38 to 22. DO YOU FEEL SEEDY?

If You Are Nervous, Depressed Sleepless, and Suffer From Sick Stomach, Headache, Constipation and Indigestion, You Need a Good Tonic Like Ferrozone to Build Up the System.

Thousands are in this dreadful condition, only half alive, unable to stand the strain of work and worry. There is no sense or reason in trying to be comfortable with the idea that it will pass off, and that you are going to be better soon. Unless the system is cleansed of the impurities that poison the blood, you will never be better. The best remedy is Ferrozone. It ichieves marvelous results in chronic wasting diseases, nervous prostration, faulty nutrition, heart disease and

stomach troubles. Ferrozone promotes healthy digestion, which results in all food being assimilated. Nutrition is vastly improved, the blood grows rich and red and gives stability to the entire system. The store of nerve energy and force increases daily by the use of Ferrozone. The process of waste is arrested and in its place a rebuilding of the whole system takes place.

Diseased conditions cannot exist where Ferrozone is used. It attacks disease at its very foundation, and by keeping the body well nourished and supplied with strong blood and a pownervous organization prevents and keeps away all manner of sickness.

There is no blood builder, nerve tonic and strength producer that can equal Ferrozone, and few people are so well but they could derive great benefit from its use. It is valuable in Nervous Dyspepsia, Anaemia, Weakness, Impure Blood, Bronchitis, Neuralgia and Rheumatism. It is prepared in the form of a chocolate-coated tablet, and is both pleasant and convenient to use.

Ferrozone produces that high standard of health so much desired by everyone. It brings back the rosy tint the pale cheeks of the Anaemic girls and women. It puts grace and elasticity into their movements, gives lustre and brightness to the eye, and symmetry and roundness to the form. t gives a man new strength and enrgy with which to pursue his daily toil and can be relied upon at all times to benefit and give perfect satisfac-

JERRY O'CONNOR'S FUTURE. The probabilities are that Jerry O'Conner, the Toronto jockey, will ride next year for Gorman and Bauer. It was stated during the Latonia meeting that P. J. Gorman was dickering with Hughey McCarren for the purchase of the boy's contract. The negotiations were reopened, and an agreement reached under which the contract will be transferred about Jan. The price to be paid is a very considerable sum, but not an extravagant one, when the real value of the boy with a stable such as Gorman and Bauer will have next year is taken

into consideration. HARRY LEWIS IN ENGLAND. Harry Lewis, who rode for the Seagram stable for several years, did fairly well in England this season. He is credited with 19 firsts, 25 seconds, and 20 thirds, out of 149 mounts. His principal success was achieved on Mauvegin, in the Stewards' Cup, at Coodwood.

THE RING.

FORBES TO MEET NEAL. Chicago, Dec. 9 .- What promises to be a fairly good fight will take place on Dec. 23 at the Reliance Club, of Oakland, Cal., between Harry Forbes, of this city, and Frank Neal. Forbes has agreed to battle for his title with Neal, and the bout is to be fought at the bantam-weight limit. Neal has quite a reputation on the coast and should make the little champion work hard to defeat him. Forbes, on the contrary, has been fighting all comers and winning all of his battles, and, if he is in shape, should put his opponent out before the bout goes very far. BRITT IS WELL CONNECTED.

San Francisco, Dec. 10.-We have a real gentlemanly pugilist in Jimmy Britt, who virtually becomes the light-weight champion by whipping France Erne at 135 pounds. Britt's father is one of the leading citizens of San Francisco, and the Britt family is held in high esteem. One of Britt's brothers' is a reporter on a Frisco paper. When Jimmy announced that he was going' to become a professional boxer a little over a year ago, his folks tried every way to stop him, but Jimmy was love with the same, and overcame the objections of his father, and tried his hand at fighting for money. He has never been defeated as an amateur or professional, and certainly has a bright' future before him.

McCOY VS. GARDNER. Buffalo, Dec. 10. - Kid McCoy and George Gardner have been signed to box at Fort Erie. Manager Herman, manager for the International Club, announced the making of the match yesterday. McCoy, it is understood, has been doing some quiet preparation about New York in expectation of an early fight, and when in form there is none better. Gardner should give him a telling argument. This is the youngster who beat Jack Root at Salt Lake City, and who a short time ago was hought good enough to warrant a challenge to Jeffries. He boxes Billy Stift in Chicago on Thursday and is matched with Choynski.

McCoy and Gardner will box twenty rounds at catch weights on Jan. 12 for purse of \$5,000.

Herman is also planning a popular price show to be held at Fort Erie on the afternoon of New Year's Day, when the main preliminary will bring to-gether Mike Ward, of Sarnia, and gether Mike Ward, of Sa. Warren Zurbick, of Buffalo. Sarnia, and

AFTER CANADA'S CUP. Milwaukee yachtsmen have decided to build a 40-footer for the Canada's cup trial races for challengers.
