COUNTRY AND CITY LIFE

amongst a great many people that life in the cities and towns

had many attractions and advantages not to be found in the

country. The consequence has been that thousands of people

have left comfortable homes and independent occupations to

seek in cities and towns employment which in many cases has

proven unsteady, uncertain, slavish and dependent. A few

vears of their new mode of life has convinced many of these

people that they made a mistake and that the attractions and

advantages which they once fancied they saw in city and town

life was visionary and unreal. Many of these, as well as

others who understand the real advantages of country life are

buying farms of from three to one hundred acres depending

on the kind of farming they intend following and the price

they are able to pay. We have some splendid farms to sell

The following are short descriptions of a few of the farms we have for sale:

ool and church, four miles to Brucefield market, five miles to Seaforth and

The following are short descriptions of a lew of the failing we have for short No. 6601—100 acres in the Township of Tuckersmith, in the County of Huron; soil rich clay loam, all well drained, 7 acres of orchard, fences mostly woven wire, two-story brick house 36x28, two-story brick kitchen 24x16, cellar full sige of house, house heated by furnace, bank barn, horse stable, cement floor, shed for hay and sheep 50x26, other outbuildings; situated on gravel road, half-mile to

No. 6100-45 acres in the Township of Bosanquet, in the County of Lambton; Soil clay and sandy loam, level land, drained by tile and natural drains, one-story frame house 18x24, frame barn 32x50, and other outbuildings; on gravel road, half-

No. 6090-50 acres in the Township of Woodhouse in the County of Norfolk; soil clay loam, 30 oak trees, drained by natural drains, 1½-story frame house, frame barn 30xx0, on stone blocks; situated on gravel road, one mile to school and church, four miles to Jarvis market and railroad station, one mile to Marburg postoffice.

No. 6077-100 acres in the Township of Walpole, in the County of Haldi soil clay loam, \$5 acres cleared, land level and rolling, watered by one well; 2 acres of orchard, 1½-story frame house 22x36, frame kitchen 22x30, barn 40x50; on gravel road, half-mile to Selkirk school, church, market and office, one mile to Lake Erie, twelve miles to Hagersville.

No. 6077-100 acres in the Township of Walpole, in the County of Haldimand:

LUXURIES HIGHER **NECESSARIES LOWER**

The General Trend of Uncle Sam's Amended Tariff Measure.

Washington, July 30 .- When Majora ity Leader Payne, head of the House conferees on the tariff bill which bears his name, rose in the House of Representatives today to present the report of the conference committee of the two Houses on the bill, the measure had been in conference for just

three weeks. Proceeding on the theory that the bill marks a general downward tendency from the present rates of duty; Mr. Payne presented, but did not read; an exhaustive analysis of its provisions. This statement, he said, had been prepared by himself, and he asked to have it printed as an official document. There was objection, however, from the Democratic side, and the printing was prevented for the time. In this statement Mr. Payne undertook to show that there had been a marked of life, while admitting that there had been an increase on some of the luxuries.

Metals Reduced.

Probably the most marked reduce tions throughout any schedule of the bill, the result of the action of the two Houses and of the conference committee, are found in the metal schedule. Beginning with a decrease in the rate of iron ore from 40 to 15 cents per ton, there is a general reduction throughout the portion of the bill proceeding, iron going down from \$4 to \$2 50 per ton and scrap iron from \$4 to \$1. The reduction on many of the items in this schedule amounts to about 50 per cent, and this reduction includes steel rails. There is an increase on structural steel ready for use and also a slight increase on razors, clippers and on such new metals as tungsten.

Lumber Rates Cut. Rough lumber goes down from \$2 to \$1 25 per thousand feet, with &

from J. H. Collinson, M.A., Cambridge. wool schedule underwent no change of consequence, but the entire cotton schedule was reconstructed and the phraseology greatly changed in the hope of preventing reductions through years. In many instances rates intended to be imposed by the Dingley law were cut by these decisions, the reductions in some instances being from 60 per cent to 8 per cent ad valorem. It is estimated that the rates fixed by the bill are about 8 per cent higher upon an average than collected on cottons last year. The rates on cotton hosiery are generally in-

creased. Silk and Gloves.

In the much-contested matter of the rates on gloves, the high protection in this fails to score. They sought throughout on increase made by the House to raise the duty materially above the Dingley figures, but were antagonized by the Senate, and the Senate won, the only change made in the entire schedule being one slight

reduction. The silk schedule was reconstructed with a view of imposing specific rather than ad valorem duties, with the result that the average duty will be somewhat higher under the new law than under the present statute.

Oilcloths and linoleums are heavily cut, but otherwise the changes in the flax, hemp and just provision were not material. A slightly increased duty is provided for hemp, both crude and hackled, and also on certain high-grade laces On varus and mattings there is a reduction. On sugar and tobacco duties remain substantially as they were under the Dingley law. The free importage of certain quantities of both of these articles from the Philippine Islands is permitted, and a material change was made in the internal revenue law by an amendment making the tax on sales of tobacco ir

There is a uniform increase on spirits, wines and liquors of 15 per cent. On the agricultural schedule hops are increased 12 to 16 cents a pound, and there is also an increase on lemons, figs, almonds and pineapples. Cotton window mesh, in which the

imports are heavy, is given reduction, and where the changes were made in Richmond. Phone 1244. Goods called for and where the changes were made in and delivered. Our prices are very lowest that we can do first-class work general increase except upon such artfor; others may be cheaper, but you do not get quality of work.

xt | icles as fancy soons and not get quality of work. icles as fancy soaps, and perfumes, which were increased.

Pulp, Paper and Hides. The publishers win their fight for

lower woodpulp and print paper, the rate on ordinary newspaper print paper being fixed at \$3 75 per ton, instead of \$6, as under the Dingley law, and under grade of print paper at \$3 75, instead of \$8. Mechanically ground woodpulp is to come in free of duty instead of paying one-twelfth of a cent on a pound, as under the Dingley law, but provision is made for countervailing duty in case it becomes necessary to protect the United States against Canada's inhibitions upon the exportation of wood to the United States.

Hides of cattle come in free, and there is a corresponding reduction on leather and leather goods. The House rates are practically retained on sole leather, leather for uppers, boots and shoes and harness, but the free hide provision is based on the condition that on and after Oct. 1, 1909, sole leather, from the hides that are to be admitted free will pay a duty of 5 per cent, Boots and shoes, the upper leather of which is made from such hides, 10 per cent, and harness and saddlery, 20 per, cent. This schedule of rates will result in the reduction of 15 per cent on boots and shoes, 20 per cent on harness and saddlery, 15 per cent on sole leather and 121/2 per cent on RATES, \$1.25 AND UPWARD leather for uppers, if made of hides that are put on the free list by the
