ANOTHER SKIRT-MAKING SALE.. \$1.49

Made to Measure, Trimmings and Findings Included. Three Styles and All Black and Colored Dress Goods to Choose From.

Monday we will begin this great Skirt-Making Sale, which will be continued for a few days—to be discontinued when the number of orders have been booked which can be put through at this price. As you will understand, skirts cannot be made at this price in single orders, taking only a few each day, but we have to make our arrangements to have large quantities made up at once, and therefore make the price so low that we may take the contract number of orders in a few days and have them made up to your special measurements at lowest minimum cost, which can only be done at this season of the year—the between-season with the manufacturer.

This will be the third consecutive season we have conducted a sale of this sort, and we estimate the success of past seasons only by the number of satisfied customers. Hundreds of skirts have been made, and with very few exceptions perfectly satisfactory.

FIT, FINISH AND WORKMANSHIP GUARANTEED—In making these Skirts, even at this very low price, we assume every responsibility and guarantee a perfect fit in every case. Every Skirt must be finished and made up to the Smallman & Ingram standard, and we will stand back if every order taken until same is satisfactory, finished, or refund the money on same. You take absolutely no risk whatever in having your skirt made at this very small price. You simply pick your material, leave your measure and your skirt will be delivered when finished. Any alteration will be made free of charge should such be necessary.

THREE MODELS TO CHOOSE FROM—We have selected three of the most popular styles shown this season, two of which are illustrated here—Styles 1 and 3—which will give you an idea of what we are doing, as these are exact drawings of these models, and special arrangements have been made as usual to have these Skirts turned out quickly, which can only be done at this season. Order your Skirt now and avoid the inconvenience of waiting weeks for your dressmaker. Orders will be finished as nearly as possible in
