ST. THOMAS GUN CLUB'S BIG SHOOT OPENS ON JUNE 2

Big Preparations Being Made to Welcome Some of America's Greatest Shots—Prize List Is Attractive One.

[Special to The Advertiser.]

ST. THOMAS, May 11.—The big grand international registered shoot, which is to be held in this city on June 2, 3 and 4 promises to eclipse anything heretofore attempted in this line in Canada. The most noted professional trapshooters on the continent will be present at this meeting besides most of the best amateur performers in the country. All the big powder and cartridge companies of the United States and Canada will have from one or two representatives present, and all the latest and most fancy kinds of guns, powder and shells will be demonstrated.

Comfort for the Shooters.
The St. Thomas Gun Club, the organization which is holding this big event, has the finest grounds and equipments in Canada for holding such large shoots. Five sets of traps will be used. The club has arranged to have white canvas covering over all fire traps at the firing line. This means additional comfort to the shooters as this cover prevents the sun from shining on the gun barrels, which will aid much to the effectiveness of the shooters and permit them to shoot with their hats and caps off as well as their coats which will be an agreeable feature in hot weather such as exists at that time of the year.

Great Bunch of Prizes.
The grounds will be specially decorated for the occasion with flags and bunting and free tents for the comfort of the shooters and their friends as well as a tent for the ladies will be put up. In fact, the committee in charge is leaving nothing undone to make this the grandest and best shoot ever held in Canada. The program has been issued, and it presents an attractive list of events for the three days. The shooting will start at 9 o'clock each morning and continue until late in the afternoon. Special events for ladies, with valuable prizes, have been arranged. The prize list is a long one, and also an exceedingly attractive one, and worth the competition promised for each event.

Pros. Not Eligible for Prizes.
Interstate rules will be used, and all

competitors must stand at 16 yards. The professional shooters will not be eligible for the prizes. They attend the shoot to demonstrate guns, powder and shells, and also explain to amateur shooters how to improve their shooting.

Great interest in the coming tournament is being displayed all over the country. Noted shots from all parts of the United States and Canada will be present to give it an international flavor that no other shoot in Canada has experienced. George R. Gunn, of the Winchester Repeating Arms Company, and Richard Graham, of the Municipal World, St. Thomas, have been appointed to take charge of the office at the shoot. This will insure the best of satisfaction to the shooters.
