

BRESLAU TURNED HER GUNS  
ON POSITIONS HELD BY TURKS

This Mistake Enabled Russian Troops To Occupy Points  
Without Opposition—Some Details Learned of  
Battle in the Black Sea.

[Canadian Press.]  
Petrograd, Jan. 12.—The following details of the naval engagements in the Black Sea during the first week of January have been received in Petrograd.

The scene of these activities was between Sinope and Riazan, Turkish ports on the southern coast of the Black Sea.

The Russian ship came up with the Turkish cruiser Medjidieh, conveying a steamer, the Metia Rosetta, with a cargo of naphtha for Trabzon. They opened fire on the Turkish ship, and did considerable damage. The cruiser escaped, but the Metia Rosetta was sent to the bottom.

Came on Cruisers.  
The night of January 6, the Russian fleet came up with the cruisers Breslau and Hamidieh. A spirited exchange of

shots followed, and finally the Turkish cruiser disappeared in the darkness. In Soudine Bay and in Riazan Bay (53 miles east of Trebizond), the Russian warships destroyed 11 Turkish boats. The bombardment of the port of Hops, which is the distributing point for the tobacco region, caused a number of fires along the coast.

Shelled Friends.  
A curious incident concerning the proceedings of the Turkish fleet in the Black Sea has been reported. It seems that the Turkish cruiser Breslau bombarded certain positions held by Turkish troops near Liman, which is to the north of Hops. Following this bombardment our troops occupied without hindrance the positions from which Turkish soldiers had been driven by the fire of their own cruisers.

A spirited exchange of

CLAIMS U. S. RED  
CROSS'S GERMAN

French Doctor Makes This  
Startling Assertion in  
Toronto.

GERMAN JEW PRESIDENT  
Packages Carried on Ship  
From D. O. E. Delivered  
Into Enemies' Hands.

[Canadian Press.]  
TORONTO, Jan. 12.—Dr. L. E. Brown-Landson, of Paris, who is in Toronto preliminary to making an appeal for the hospitals of northern France, in an interview tonight, made the startling charge that the Red Cross Society in the United States is neither more nor less than a pro-German agency. He said that although given the nominal consent of the United States, through the name of President Woodrow Wilson as honorary president of the organization, the Red Cross Society has for its president, Jacob Schiff, a German-Jewish banker, and on account of certain revelations in connection with the sailing of the Red Cross ship from America last fall, it has been identified as strongly sympathetic with the German people.

"In the first place," said Dr. Brown-Landson, "the officials of the Red Cross Society in the United States were \$67,000 in chartering a ship to carry hospital supplies, which British, Holland and French lines of boats offered to carry charges free."

"Then," he continued, "after the ship had left port, a protest from Great Britain and France over the predominantly German personnel of the crew resulted in her return to New York. The crew was reorganized, and those who left the ship took with them as their personal effects, all the chloroform, iodoform and iodine that was contained in the cargo. And those articles were not replaced, and no trace of them has ever been found. When the ship resumed its journey it carried officers and crew about evenly divided between Germans and Americans. It took 27 days for some of the cargo to be delivered in northern France and Belgium, to which countries the supply of hospital materials was destined.

Germans Got English Gifts.  
"In the ship load were innumerable packages, sent by 47 different chapters of the Daughters of the Empire, which were located throughout the United States, and in each package notes were placed, addressed anonymously to British soldiers. None of these messages reached its proper destination, for recently the different chapters of the Daughters of the Empire have been receiving gracious letters of thanks from German soldiers, the natural conclusion being that the German soldier was given to understand by officials in charge of the stores that the parcels directed to the British were intended for him."

GIVES BIRTH TO FOUR.  
PRINCE ALBERT, Sask., Jan. 12.—Mrs. Ernest A. Matthews, this city gave birth to three girls and one boy. All her children were quite strong and healthy. Mrs. Matthews is 35 years of age and these are her first children.

NEW YORK THEATRICAL LETTER  
by Norman.

The producers are now working on the ninth installment of "The Master Key."

Charles Clay, one of the best actors before the camera, has abandoned movie work for the legitimate field.

Mary Pickford, and her company of players, have left New York for Los Angeles, where they will produce a number of famous plays for the movie fans.

Dorothy Gish, a movie star, is rapidly recovering from injuries she received when she was run over by an automobile.

By arrangement with Roy S. McCord, his humorous stories, "The Jarr Family," will shortly be shown on the screen.

"Changed Lives," a story of the European war, is now being produced.

RUMOR CONFIRMED  
Austria-Hungary Massing Huge Army  
For Attempt on Serbia.

[Canadian Press.]  
London, Jan. 12.—The Daily Chronicle's correspondent telegraphs from Milan: "Information which has reached diverse diplomatic quarters in Rome confirms the rumor that Austria-Hungary is massing 300,000 troops for a fresh expedition against Serbia, and that Germany has also dispatched to the aid of its ally for this coming move considerable reinforcements, 60,000 of whom are assembling at Sarajevo."

"Undeniable evidence has been obtained in Rome that Austria-Hungary has lately made a further strenuous effort to attempt to patch up her quarrel with Serbia through the mediation of a neutral Balkan state."
