

GARRISON A. A. TO REORGANIZE TUESDAY FOR BIG WINTER SEASON

PLAN TO BUILD UP BODY AS ATHLETIC FACTOR

Plan Big Season of Indoor Ball, Basketball, Hockey and Boxing—May Broaden Out.

Tuesday night in the armories the reorganization of the Garrison Athletic Association will take place, and according to plans this organization is to be the backbone of all amateur sports in the city, and especially the winter sports. General King, C.M.G., D.S.O., D.O.C., M.C., No. 1, is an enthusiastic sportsman and a strong supporter of Garrison athletics and will be found giving the movement, no matter how ambitious, may be, every facility in as far as he can.

Indoor baseball will probably occupy the first meeting, but plans are under way to take in every branch of sport, and this may include boxing, to a certain extent, the London amateur Boxing and Wrestling Association, which is formed next Wednesday.

LAUREL RESULTS.

SCORES ENTRANCE HISTORY COURSE

West Huron Teachers in Convention At Goderich Approve Resolution To Department.

Special to London Advertiser.

EXETER, Oct. 17.—The forty-fifth annual convention of the West Huron teachers met in Victoria School, Goderich, October 12 and 13. The president, Mr. R. Stonehouse, occupied the chair. The opening exercises were conducted by Mr. J. E. Tom, I. P. S. The minutes of the last session in Exeter were read and approved.

Miss Mabel Baile of Goderich, introduced the subject, "Care of School Property." She regards the trees, shrubs and fences as part of school property and should receive attention as well as the buildings. She gave an instance of where in one section a neglected teacher followed a careful one with a corresponding result.

It coincides also with a Dominion-wide campaign to stress the value of athletics as well as militia training and which aims at Dominion-wide competitions, conducted under militia auspices.

Indoor baseball, basketball, hockey and boxing and wrestling are a few of the sports with which the Garrison A. A. will be identified this coming winter season, and with a few years of good organization big things may be expected from this quarter.

JOINS BEAVER TRUCK COMPANY

W. E. FINNEGAN.

W. E. FINNEGAN has resigned as director of sales of the Ruggles Motor Truck Company, London, and has joined the Beaver Truck Corporation in a similar capacity.

Mr. Finnegan, an outstanding figure in the automotive sales and advertising field.

In his capacity as director of sales for the Beaver Truck Corporation, he will direct the sales effort in the export as well as in the domestic field.

same subject. She would pay special attention to civics, Canadian and British history should be taken concurrently.

The convention then separated for the men's and women's federations. In each section officers were appointed for the year, and other matters of interest discussed.

Thursday evening one of the most pleasant and enjoyable gatherings of West Huron teachers was held. The subject was "Notes on School Work."

Resolved that whereas the history course for entrance pupils is too heavy, and whereas we believe that such pupils should have a thorough knowledge of Canadian history, we recommend that Canadian history should be prescribed for the entrance course, and British history taken in Fifth Form or lower school. This was carried.

Resolved that in the opinion of this association a teacher's superannuation allowance should, after his or her death, be continued to his widow or her estate during the latter's lifetime. This was also carried.

Mr. G. W. Hoffman, an ex-teacher, being present, was called upon to speak to the convention for a few minutes. In his remarks he intimated that he was president when the institute was organized in 1872.

The newly-elected president was Mr. W. H. Johnston then gave a

Miss Musselman of Bayfield, followed. She advocates experiments in the schoolroom, such as the testing seeds for germinating power, etc.

Miss Campbell, school nurse, then addressed the convention. In Huron there are 120 schools now under the supervision of the school nurse.

When making her inspections she finds absence of interest among some of the ratepayers, but believes that will pass away as time goes on.

In one locality 500 defective children have been remedied. She seeks co-operation from the teachers, and advocates paper towels, etc., in the classrooms and the removal of the common drinking cups. Care of teeth should receive attention, especially the brushing, to prevent pyorrhea, now so common among not only adults, but children. She suggested a medical record kept of each pupil, as well as of the standing of the pupil in each subject of study.

Thursday afternoon, Mr. Tom, I. P. S., took up the "Reports and Regulations," and announced to the teachers the change in the curriculum, the proper methods of filling out the reports, etc., etc.

Score History Text Books.

Mr. M. C. Milliken took up the subject, history—entrance and lower school. He advised teachers to put time upon the subject, because of its importance. He would have the pupils read extensively and ever keep in mind the aim of the object—the edification of the pupils. He thinks the entrance history should be taken equally from Canadian and British. In teaching he associates history with geography and emphasizes the subject by map drawing. He called for a vote on the new history for the pupils by giving notes. He called for a vote on the new history, and found the teachers unanimous in denouncing it.

reminiscence of his boyhood in S.S. No. 9, Ashfield.

A humorous reading was given by Mrs. Lawson. Then followed Rev. Mr. Hedley, who gave a splendid address on the work of the teacher.

Mr. J. P. Hume, E.A., principal of the G. C. I., gave a short talk on "Training for Citizenship."

Mrs. A. J. McKay followed with a vocal selection which was well received. The climax of the evening's entertainment. All were treated to some choice sweets, after which followed a general sing-song of old-timers. Numerous games were played. The entertainment was pronounced the best ever held.

Elect Officers.

The auditor's report was then received and adopted. The elections of officers resulted as follows: Past president, Roy Stonehouse, Goderich; president, Mr. N. Geddes, Belgrave; vice-president, Mr. M. C. Milliken, Zurich; secretary-treasurer, G. S. Howard, Exeter; councillors, Miss E. Wiggins, Goderich; Mr. N. Wood, Zurich; Miss L. McCulloch, Winchelsea; auditors, Mr. F. Ross, Dunham; G. Mawson, Exeter; 1923 resolution committee, Miss I. E. Sharman, Goderich; Miss D. Douglas, St. Helens; Miss M. Peck, Bayfield; Mr. R. B. Redmond, Belgrave; Mr. M. R. Creditor, Mr. Stonehouse, Goderich; Mr. Wm. McKay, Hensall; Mr. J. E. Tom, Goderich. Moved by Miss I. A. Sharman, seconded by Miss M. A. Baile, that Mr. W. H. Johnston be made a life member of the institute. Carried. Mr. Johnston responded briefly.

Mrs. H. Snyder gave a talk to the convention, telling of the experiences of her daughter, who is a teacher in New Ontario, where the fire did such havoc. After hearing this report, which was touching in the extreme, it was moved by Mr. W. H. Johnston, seconded by Mr. J. E. Tom, that we donate \$100 to the fire sufferers of the north. This was carried unanimously.

A committee was formed to inform the department of the poor histories lately authorized, consisting of Messrs. Howard and Ross and Miss I. E. Sharman. The resolutions were then read by Miss N. Madd, convener of the committee. They were as follows:

Resolved that whereas the history course for entrance pupils is too heavy, and whereas we believe that such pupils should have a thorough knowledge of Canadian history, we recommend that Canadian history should be prescribed for the entrance course, and British history taken in Fifth Form or lower school. This was carried.

Lineman At Brantford Hurt in Fall From Telegraph Pole.

Special to London Advertiser.

BRANTFORD, Oct. 18.—Chirford Maine, a lineman employed by the Western Counties Electric Company, residing on Pearl street, suffered minor injuries this morning when he fell from a pole at the Massy-Harris Company plant.

Maine, who was doing some repairs to the wires, came in contact with a live wire and, receiving a slight shock, fell to the ground. First aid was rendered by employees of the implement company, and Maine was able to go on with his work.

This is the second accident that he has had during the past two months. He was working on a post when a transformer exploded, burning him severely about the head and body. These burns are not yet completely healed and he is still under the care of a local physician as a result of the explosion.

called to the front, and in a few words thanked the convention for the honor conferred upon him, after which he took charge. The convention then separated into two sections, primary and fifth class divisions. In the primary section the subject of reading was discussed thoroughly. In the fifth class section, over which Mr. J. E. Tom presided, fifth class work was thoroughly discussed. The sections then united, and Mr. G. A. Johnston dealt with the question of punishment to use on the numerous annoyances of the classroom. He recommended private talks with the offenders, isolation of the guilty ones, and when these fail, resort to corporal punishment.

Friday afternoon Mr. Tom took up "Notes on School Work." He read a communication received from Mr. J. R. Hall, chairman of the board, who with W. T. Goodison, returned from the capital city. This is believed to solve the difficulty in which the board of education found itself, owing to the fact that the government grants, totalling \$106,000, had not been received.

Mr. and Mrs. L. E. Moore of Charlevoix, who were aboard the steamer Leonard Miller when it passed port early this morning, had just reason for being thankful. They had been rescued by the crew of the steamer off Point Au Barques Tuesday afternoon from the little schooner Friend, which was in a leaking and sinking condition. The captain of the steamer Miller reported that he had sighted the Friend flying signals of distress on Tuesday afternoon. A heavy northwest wind was blowing. The steamer went to the assistance of the little schooner and took Mr. and Mrs. Miller, who were the only people

aboard, from the sinking craft. They were rescued in the nick of time. The sea was running so high that Capt. William Hagen, in command of the freighter, was unable to lower a small boat, but succeeded in bringing the steel vessel alongside the schooner.
