INTERVENTION IN CUBA

European Opposition by No Means Unlikely to Any Action by the United States.

Spain Favored by the Pope-The Siberian Railway-Bubonic Plague in Bombay.

LONDON, Dec. 28.—The Paris correspondent of the Times this morning renews his surmises regarding opposition by the European powers to intervention by the United States in Cuba. He says: "The Austrian court and government have long been uneasy over the attitude of American jingoism towards Spain, and such uneasiness has long been the subject of diplomatic talks. The queen regent of Spain is one of the most beloved princesses of the Austrian house. The love and respect she has won from the Spaniards have strengthened the affections reserved for her own family and there will be no hesitation in demonstrating the fact whenever it comes to a question of defending the interests of a country whose honor she protects with unalloyed enthusiasm, and which has become dear to her as if she had been born on its soil." The Times Paris despatch further reports that the Temps remarks upon the Cuban situation that military successes and the attitude of the United States should facilitate concessions by Spain.

"It would be tactless," adds Le Temps, "to spoil the situation by explicitly suggesting to the Madrid cabinet steps apparently dictated by their own interests and the glory of the country. It would be more opportune to use towards Washington discreetly, in behalf of the whole of Europe, language calculated to confirm President Cleveland and Mr. Olney's good intentions and to give valuable hints to Mr. McKinley and his Secretary of State."

The Chronicle suggests that of Saturday that the government had made representations to Washington protesting against intervention in Cuba, may have originated in one of the periodical perturbations of the German Emperor concerning the affairs of the world, "which," says the Chronicle, "falling a better government he takes under his care. We believe that the French foreign office has been sounded in regard to Cuba in an anti-American sense, but anything like concerted action on such a subject is out of the question."

The Chronicle has a Rome despatch which says: "Spain has questioned England, France and Italy as to their attitude in the event of war between Spain and the United States. France and England replied indignantly that everything depends on the course of events. Italy offers to assist in producing an amicable arrangement, without promising to support Spain against the United States. The Vatican absolutely forbids the Spaniards to sign a despatch letter to the Pope, asking for his prayers for the success of the Spanish arms."

The bubonic plague is increasing in Bombay. There have been 2,094 cases and 1,494 deaths from that cause up to this date. The exodus from the city of Bombay continues, and the newspapers threaten the natives with martial law unless they conform to sanitary regulations.

It is announced to-day that the Turkish budget estimates for 1897 show that the assets exceed the expenditures by £82,000 Turkish. This result has been brought about by reducing the military estimates by £1,000,000 Turkish, by making economies in other departments and by an increase in taxes.

The constructor of the Siberian railway undertakes to build a line through Manchuria, starting from a point on the river where the Siberian road joins the trans-Baikal line, and terminating at Nikolayska, south of the Ussuwa line. Of this proposed new line 1,425 out of a total of 10,920 acres are in China territory. The Russian ministerial press points out that this line will make Russia the intermediary of peaceful civilization between Europe and Asia.

M. Helanzier Dufrene, formerly director of the Paris opera, has been an officer of the Legion of Honor.

THE CASE OF DELGADO.

WASHINGTON, Dec. 29.—Secretary Olney to-day received a report from the United States consul at Havana, regarding the case of Henry Delgado, into whose capture and confinement by the Spanish authorities, the secretary ordered an investigation. The secretary subsequently made the following public statement: "It appears from a report of the U. S. consul at Havana that Mr. Delgado was made a prisoner by the Spanish troops in the course of military operations in the province of Pinar del Rio, that he is reported to be in the hands of the staff of the insurgent Major-General Maceo and to have been in command of artillery, and that a letter to Maceo and one from Maceo to the Prefect of Las Lunbas were found on his person. It being reported to the consul that Delgado is a native born American citizen, all the rights to which he is entitled under our treaty with Spain and subsequent protocols have been claimed for him. Mr. Delgado is confined in the military hospital of San Ambrosio, outside of Havana. The rights spoken of in the statement consist of trial by the ordinary judicial authorities, unless the prisoner is taken with arms; or he must be tried by council of war or court martial."

LAURIER AND 'L'ELECTEUR'

MONTREAL, Dec. 29.—(Special)—Premier Laurier arrived in the city last evening, and it is expected that he will make an important deliverance at the banquet to-morrow night in regard to the mandement of the bishops of Quebec placing L'Electeur under the ban. It was learned that a meeting of the Liberal chiefs had been called to meet in the city of Quebec on January 7 to discuss the situation and all the present of the province will be present.

NEWS OF THE PROVINCE

Vancouver's Municipal League—Mining in Kootenay—Proposed Smelter at the Terminal City.

Presentation to Rev. H. H. Gowen—Housebreaking at Nanaimo—Seaw Life.

(Special to the Colonist.)

VANCOUVER, Dec. 30.—Mr. Fred. G. McCullough, lately in the employment of Mr. Robert Clark of Carrall street, who was taken ill with an affection of the lungs on Saturday died on Sunday. He was a member of the Vancouver Operatic & Dramatic Society. Mr. McCullough was a great favorite with all who knew him.

Mr. C. D. Taprell, manager of the Hotel Vancouver, has been presented with a cane by some of the guests of the house. The cane supplied by Mr. G. E. Trorey, is made of wood taken from the pioneer steamer Beaver, surmounted with a very handsome gold head, on which is engraved "Presented to C. D. Taprell by a few Commercial Travellers, Xmas, 1896."

A freight train which left Vancouver on Saturday met with a slight accident near North Bend, several cars being derailed. Very little damage was done, and no one was injured.

A meeting of the municipal league of Ward 4 was held on Monday evening in the ball room at the Market hall. The nominations for the vacant positions were made in an address delivered by Alderman Banfield, chairman of the finance committee and candidate for the Mayoralty. A public meeting of the electors will be held in the Market hall on Saturday morning when the nomination of ratifiers will be taken.

Mr. R. Marpole, superintendent of the Pacific division of the C.P.R., was in the city yesterday, leaving in his private car by the Eastbound train. Mr. Marpole has recently returned from Montreal, whither he went on business connected with the proposed purchase of the boats of the Columbia & Kootenay Navigation Company, plying between Revelstoke and Nelson. Mr. Marpole expressed himself to a Colonist reporter as being fully alive to the importance of the C.P.R. of securing the best possible means of communication with the Kootenay country, and says that the volume of business being done with the mining cities exceeds even his highest expectations, although he has always realized the possibilities of that region.

The car leaving Westminister at eight o'clock yesterday morning met with a slight accident, the switch at Central Park crossing. No one was injured, and a fifteen-minute delay was the only result.

The members of the local Masonic lodge held their annual banquet at the Hotel Vancouver last night, when about 150 members were present. Mount Hermon, Cascade and Acacia lodges participated, and a royal good time was enjoyed. Mr. Lacey R. Johnson presided at the table. The Grand Lodge, and the "Newly-installed Officers" called forth speeches from Messrs. Cowperthwaite, Henderson and Charles Wilson, and Revs. H. C. Mason and L. N. Tucker.

At the meeting of the city council on Monday night a communication was read from Professor Hill-Tout requesting that the Public Library act, 1891, be put in force. After some discussion, the question of placing a by-law before the council was postponed until the library in an independent board was referred to the finance committee. It is probable more will be heard of the matter during the municipal campaign.

Trains sleeping in box cars in the C.P.R. yards were complained of by the master mechanic, and the Chief of Police stated that five tramps had been arrested for that offence on Sunday night.

Lieut. Col. Townley has written suggesting that the city council express themselves favorably to an amendment being made in the law permitting exemption from poll tax in favor of active members of the militia force. The matter was referred to the finance committee.

The hold-up scare has been the subject of inquiry in the city council as to the activity of the police force, the chairman of the committee stating that he thought the scare would soon be over as the police force had been increased and the chief was in communication with the detective agencies in the city. The members of the chain gang are to be worked harder, and will probably be put to breaking stones, and a proposition being held that the easy times they had were calculated to induce them to stay in the city rather than leave. A motion that a reward of \$100 be offered for the detection of a highwayman found no seconding.

John McDowell, of Vancouver, and from Dunsmuir district, Messrs. A. Spencer and Thomas Leelan, of this city, registered the Elk Horn claim.

William Jones, who has served three months here for theft, and two years in Victoria for burglary was sent down for three years for house breaking, having robbed the house of Elijah Priest in this city. Arthur S. Appleby at the same time got two concurrent terms of three years for a similar offence. Appleby claims to be just out from England.

REFORMS IN CUBA.

WASHINGTON, Dec. 28.—The Post will say to-morrow: "It has been learned from an authoritative source that Secretary Olney and Senator Dupuy de Lome, the Spanish minister, have practically terminated negotiations on the Cuban question, and the conclusions are to be submitted to congress when it convenes on January 5. The terms of the agreement are based on recent official communications from Premier Canovas addressed to the Secretary of State. The premier states clearly the terms which Spain will accord to the insurgents, and practically asks the United States to propose these conditions, but she accepts the good offices of the United States. The premier states that the insurgents are to be granted an amnesty and the enforcement of the new reform law, which she is about to proclaim in Cuba. The form of government offered is the Spanish statesmen declare, the limits of independence to be granted to Cuba. The Russian ministerial press points out that this line will make Russia the intermediary of peaceful civilization between Europe and Asia."

SERIOUS RIOT.

SCHENECTADY, N.Y., Dec. 28.—A serious riot occurred at the aqueduct, four miles from this city, on the Erie canal, this afternoon, where three hundred Italians are employed. A body of one hundred and fifty men from this city marched down with guns, knives, clubs, pickaxes, etc., carrying a red flag and compelling the men working to quit. The sheriff and a large force of deputies quelled the riot and arrested the ringleaders. Early this morning the mob attempted to burn a shanty where the men were sleeping, and a red flag and angry Italians and serious trouble is expected. Small pay and excessive prices for food are the causes of the trouble.

DESTRUCTIVE FIRE.

NEW HAVEN, Conn., Dec. 29.—One of the most destructive fires to the property of the Consolidated Railroad in years is now smouldering at the coal supply station. There are upwards of 75,000 tons in the yard at the present time, and it is estimated that between 10,000 and 20,000 tons have been consumed by the fire, causing a loss varying from \$40,000 to \$80,000.
