LOST THROUGH THE BLOCKADE.

Rossland. March 22.—The shipments of ore from the Rossland mines last week totalled 1,230 tons. This amount would have been greatly exceeded but for the reason that both railroads were blockaded for several days, and the Le Roi had to shut down for two days. The wagon road to the Columbia and Kootenay mine was also blocked up with show, and no shipments have been made for two weeks. As this mine now belongs to the Trail smelter it it unlikely it will ship again till the Columbia and Western railway is extended to the camp.
