BEAVER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS

We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.
Office Hours—9 A. M. to 6 P. M.

ELECTRIC LIGHT PLANT REPAIRS

Committee Authorized to Proceed With Work—New Power Rate Promised.

A meeting of the Town Council was held Tuesday evening. His Worship present: Couns. McKay, Ingram, Matthews, Bissett, Devereaux. At the minutes of previous meeting were read and approved. John C. McKay wrote asking that a tax on estate manager by a trustee be reduced, as he could not get a buyer for less than the assessed value. The matter was referred to the Finance Committee. The invitation to a social dance at the opening of the new Fire Hall to be held Tuesday, April 6th, was read. Coun. Devereaux moved that invitation be accepted.—Carried. Tenders for printing the Town's annual report were opened and the contract awarded the Tribune its tender being the lowest. Various department reports were submitted and the accounts ordered paid. Coun. Devereaux read a communication from Chief Adams asking that another officer be appointed for the summer months. Coun. Devereaux said that he thought that for the summer months another officer was necessary. The local police did a large amount of work under the prohibition act, for which they received not a cent. The amount of the prohibition act for the month of March amounted to \$1500.00. Coun. McKay said that when the change was made last year it was said that it was a mistake but the two officers did very well. If a special officer is required for a few weeks of a month the Police Committee has power to appoint such an officer. Coun. Matthews said that if the local government get all the money for the fines then the government should put another man here and relieve out police of such duties or agree to pay at least a part of the salaries of the town police. Coun. Bissett spoke along the same lines. His Worship thought that the matter was worth looking into. Coun. Devereaux said that the police certainly had to look after the boot leggers and liquor peddlars. If they did not the town would be overrun with drunks. Coun. McKay moved that a special committee be appointed to recommend a course of action to the Council in order to have the local government pay a portion or all of the salary of a policeman to carry out the enforcement of the Prohibition Act.—Carried. Couns. Devereaux, McKay and Bissett were appointed such committee. Coun. Devereaux asked for authority to ask for tenders for suits for the policemen. Authority granted. Central Book Store was granted authority to install gasoline tank at store. Coun. Ingram submitted the annual report of the Fire Department, which was received and ordered printed in the annual report. Coun. Matthews submitted the Annual report of the Fire Department, which was received and ordered printed in the annual report. Coun. Ingram reported that he had consulted the Town Solicitor for the granting of an additional amount to the School Board and the Solicitor's opinion was that the Council could not do this. Coun. Bissett stated that the pump had arrived. He said as there would be considerable expense to fit this for a belt drive, and as there was now abundance of water, he suggested that the temporary motor be returned. As a representative of the Alice Chalmers Co. would be here in a day or two the matter was allowed to stand. Coun. Bissett brought up the matter of electric power rates, and said he would deal fully with this matter at the next meeting. It was reported that the roof had been blown off the hose shed at the west end and the Chairman of the Fire Committee said he would have repair made. He recommended that permanent hose sheds be erected at the building site if lots could be secured. The department had about enough tile to erect these sheds. Coun. McKay moved that the Electric Light Committee be authorized to procure parts to convert the Canada Foundry Co. producers into Smith type producers.—Carried. His Worship brought up the matter of the abuse of one of the town horses, by an employee of the street de-

ILLUSTRIOUS SON OF RESTIGOUCHE

Died at Montreal Last Week After Very Short Illness.

The death occurred in Montreal on Thursday of Lieut.-Col. E. Botsford Busted, K. C., one of the oldest members of the Montreal Bar (for a brief illness) following a comparatively slight dental operation which developed into blood poisoning to which he succumbed. Lieut. Colonel Busted was born at Restigouche, N. B., sixty-three years ago, a son of the late Alexander Busted, and a grandson of the late Senator, E. Botsford. Following early studies at Restigouche public school he took his Arts course at the University of New Brunswick at Fredericton and graduated B.C.L. from McGill. He is survived by two brothers, Thomas Busted, Restigouche, and Frank Busted, Vancouver, and by his brother-in-law, Dr. Andrew Henderson, Powell River, B. C. Reserve your seats early for "The Last Caller" and "Oh Boy."

COLD STORAGE ON Q. O. RAILWAY

Hon. Chas. Marcell Asks Questions About Necessary Arrangements.

(From Hansard.)
By Mr. MARCELL:
1. Are any arrangements contemplated for the coming season to assist in the shipping of fresh fish, butter and cheese in cold storage cars from the Counties of Bonaventure and Gaspé?
2. If so, what are they?
By Hon. S. F. TOLMIE:
1. & 2. The Dairy and Cold Storage Branch of the Department of Agriculture has arranged for several years for a weekly lead butter car service to operate over the Quebec Oriental Railway from Bonaventure to Matapedia where it is transferred to the Canadian National Railway. It is intended to continue this service during the season of 1920. The Department of Agriculture has never arranged for ice cars for the shipping of fresh fish and does not know of any proposal that it should be done this year.

WALLACE FOR MAYOR.

We understand that Mr. W. H. Wallace will be a candidate for the Mayoralty at the coming Town Election. His card has been received too late for this issue, but will appear next week. He will advocate the appointment of a Town Manager if the Council is favourable, and the Rate payers have had an opportunity of expressing their confirmation or disapproval by ballot. He also will favour special concessions to our ship-building Plant and encouragement of all industrial development. He also believes that special efforts should be made to secure a representative Council. He holds he is not representing any faction or political party and believes this election should be a get-together movement for the betterment of our Town, which should have a great future before it.

ICE RACING AT DALHOUSIE

Horse Racing to Be Attraction at Shire Town Easter Monday.

For some time past Dalhousie citizens interested in fast horses have been planning an ice racing meet and only waited favorable weather conditions. These now look good and the races will be held at 9 a.m. Easter Monday.
JAMES WALLACE, Secretary.
GONG OUT OF BUSINESS
Many patrons of Mr. J. F. Gallagher will regret to learn that he is selling out his entire stock and will leave shortly with his family for Woodstock where he will go into the hotel business. What is our loss will be Woodstock's gain. Mr. Gallagher's announcement appears on page two and if our readers are interested in procuring goods at more than bargain prices we advise them to read the whole adv.
Seats for "The Last Caller" and "Oh Boy" opens at Box Office Monday next ten a.m.

MEETING OF THE BOARD OF TRADE

Committees Appointed and Many Matters of Importance Discussed.

A meeting of the Campbellton Board of Trade was held in the Town Clerk's office Friday evening. In the absence of the president, Mr. Joe Duncan, Vice-President, occupied the chair. The committee appointed to name the standing committees reported as follows:—
Railway and Transportation. W. F. Napier, D. Champoux, W. H. Miller, John Harquail, B. J. Currie, Geo. St. Onge, W. C. Coonan.
New Industries. Joe. Duncan, P. M. Shannon, Alex. McLennan.
Membership. P. M. Shannon, H. G. Milman, J. J. Bernier, F. E. Sheppard, Charles Goss, L. E. Renaud, F. J. Alciac.
Finance and Audit. H. R. Smith, J. Begis and B. J. Collier.
Bylaws and Memorial. W. D. Duncan, D. Murray, M. D. A. T. LeBlanc.
Publicity. W. H. Wallace, P. M. Shannon, John T. Reid, H. B. Anslow, A. C. Belleisle.

MAN KILLED AT UPSALQUITCH

Was Helping Shunt Cars When Crushed—Lived About Three Hours.

Hector Harriman, engaged with Smith & Knowles near new mill at Upsalquitch station was fatally injured Tuesday afternoon. The body was brought to Undertaker Grammond and was forwarded to rest at Richmond this morning. So far as the Graphic could learn no one actually saw the accident, but it appears to have happened as follows:—
A number of men were engaged in loading lumber on cars at Upsalquitch. The cars were being moved with a pair of horses along the siding when it is supposed deceased climbed up upon one to set the brakes, when a projecting deal used in loading caught him against the car as it moved slowly. The deal broke off, but injured the man so badly internally that he expired in about three hours. Coroner Martin viewed the remains and concluded that no inquest was necessary and gave permission for the removal of the body.
FINE PICTURE AT OPERA HOUSE TONIGHT
To Night is Last Chance to See Douglas Fairbanks in "One of the Boys."
The picture starts with a rush, goes on with a rush and ends with a rush. It is action, pep, and go all the way through. It is a wholesome picture, full of good, clean fun and humor, up-to-the-minute in its appeal, and as prettily made a film as we have seen in many a day. The picture will be presented for the last time tonight. Shows start at 7:15 and 9:15. To miss seeing it would be a pity. To see it may add days to your life, if the old saying is true that those who laugh live long.

LABOR MEETING.

A public meeting was held in the Murray Hall under the auspices of organized labor last evening to take into consideration the course to be pursued by labor in the approaching civic contest. Nothing definite was done, but speakers strongly endorsed the present Mayor and council.

PUBLIC HOLIDAY.

Good Friday, being a legal holiday, the Post Office will be closed from 9:30 a.m. to 6 p.m.

RECORD SEASON IN LUMBER OPERATIONS BUT ALL COULD NOT BE HAULED

The past season has been a record breaker in the lumber industry at Restigouche and it is estimated that the cut is about fifty per cent more than any previous year. The weather during the fall and winter water made conditions for logging and all other operations favorable. The heavy snow covering the latter part of winter and in February delayed loading to the mills and now the increasing amount of logging roads has made it impossible to get all the logs to the mills as a large quantity will remain for another year. However if the drives carry out there will be log enough to keep all the mills busy.

CHRIST CHURCH SERVICES FOR EASTER DAY.

8 a.m. Holy Communion.
11 a.m. Morning Prayer and Holy Communion.
2:30 p.m. Services for boys and girls in Church.
4 p.m. Holy Baptism.

REV. A. W. BUCKLAND, Rector.

ST. PETER'S CHURCH

PASPBIAC, QUE.
Good Friday, 7 p.m.
Easter Day, 10:45 a.m. with Holy Communion.
REV. A. W. BUCKLAND, Rector.

That the Hospital is the Proper Place

in which to be cared for when ill and that it is to the best interests of each individual to have available hospital facilities strictly in accordance with present day therapeutic requirements are facts which the public are beginning to realize more and more. THE NEW HOTEL, DIEHL HOSPITAL, CAMPBELLTON has been planned with the "Perfect Modern Hospital" as an ideal. Medical and Surgical work have each been assigned a separate floor. Two large operating rooms provide facilities for the exclusive use of one room for septic cases. Private rooms with individual baths, wide and spacious balconies and solariums affording means for "fresh air" treatment, a complete up-to-date X-ray plant are among the other noteworthy installations which will contribute to make the Institution a suitable Health Centre for the Bay Chaleur District.
