of the rainbow. at the same resort. Don't make acquaintances you wil

be ashamed of in town. Don't forget that even a summer girl may be dignified .- New York World.

As to Modern Arms.

We hear a great deal now about death-dealing weapons. Every little while somebody brings out a new arm capable of firing we don't know how capable of firing we don't know how ontario Lean' & D. calculations are produced regarding the exultant slaughter in actual combat where these fearful instruments

are used. It is forgotten that in order, to commit such ravages the gun must

have something to hit and that generals are not going to be fools enough to expose their men to hopeless slaugh-Experience of the last half century shows that every improvement in arms has been followed b a declining more tality among the contestants in battle. There was less ratio of killed and wounded in the Franco-German war, where breech-loaders were used by both sides, than in our civil war, where muzzle-loaders constituted the equipment of the troops. The science of war must change to met the new conditions. The greatest slaughter prevailed where armies fought hand to hand. In the light of history there is no reason to expect that the employment of maga-

zine rifles and machine guns will in the

next great struggle result in such high
