EAST LAMBTON TEACHERS' ASSOCIATION, MAY 10th AND 11th.

THURSDAY MORNING SESSION.

The meeting was called to order by Mr. Barnes, who invited Rev. G. H. Jones, pastor of the Baptist Church, Petrolia, to conduct the opening exercises.

In the absence of both President and Vice President, Mr. Claude Brown, Principal of the Petrolia schools, was appointed Chairman and welcomed the teachers on behalf of the citizens and teachers of Petrolia.

Miss C. McKenzie, No. 17, Warwick, was then called and read an excellent paper on "School Room Ethics" some points emphasized were "The importance of the teacher's example," "That many teachers talk too much," "That rewards were of no value in character building and tend to make pupils selfish," "That character building is the most important work of life."

Miss Olivant, then took up the subject "Busy Work for the Primary Rooms" and showed a great many ways in which the little ones could be kept busy. That all busy work should have an educational value and have a direct bearing on the lesson taught.

THURSDAY AFTERNOON.

At the afternoon session the opening exercises were conducted by Rev. Canon Craig.

Mr. Barnes, then explained some of the changes made by the New Educational Act, as it effected the Public School teachers.

Mr. Smith, of the Petrolia High School, then took up "Nature Study" with a II book class. He showed how the pupils could be led to examine the object and find out things for themselves—short lessons were the best and the answers to all questions should be found by observations conducted by the pupils themselves.

Dr. Goggin, of Toronto, was then introduced and dealt with "The Recitation."

Under the head of "Preparation for Recitation" he dealt with the preparation of the subject matter of lesson, the Room, the Pupil and the Teacher. As to subject Find essential facts suited to minds of pupils. Arrange facts in logical order and connect them with knowledge already possessed by pupils.

Preparation of rooms as to heat, light, ventilation, apparatus, etc., should be properly attended to.

Let the pupil do all he can first.

A committee consisting of Messrs. Shrapnell and Brown and Misses Campbell, McQueen and Warden, was appointed to nominate officers for the ensuing year.

FRIDAY MORNING.

Opening exercises were conducted by Rev. G. W. Arnold.

Mr. Graham outlined many incidents that took place at the meeting of the Ontario Educational Association, Toronto. Some of the points were Consolidated Schools, Writing in Schools, Teachers' Unions, Teachers' Salaries and Grants to Continuation Classes.

Mr. Barnes gave some points re Entrance Exams.

Dr. Goggin then continued his subject of previous session, "The Recitation."

After necessary preparation, as outlined in previous lesson, he would state the aim of the lesson. This should be brief and clear but should give the pupil an idea of the line along which his ideas are supposed to run.

Mr. Smith then gave another lesson in Nature Study, further illustrating the best method of dealing with this subject.

The following were elected as officers for the year:—Hon. Pres., C. A. Barnes, I. P. S.; Pres., Wm. Clyde, B. A.; Vice-Pres., Miss Christie McKenzie, Watford; Sec., Treas., J. J. Matthews.

Executive Committee—Mr. Shrapnell, Watford; Mr. C. Brown, Petrolia; Miss McArthur, Oil Springs; Miss A. Dibb, Petrolia; Miss McKenzie, Wilsonsburg.

Review Committee—to III—Writing and Spelling, Miss Reid, Watford; Composition, Miss Mary Campbell, Glencoe; Arithmetic, Miss L. Richardson, Watford; Geography, Mr. W. Kelly, Watford.

III to IV—Composition, Miss Brock, Arkona; Arithmetic, Miss Lily Douglas, Glencoe; Geography, Miss E. Sanson, Petrolia; Grammar, Mrs. McKellar, Alvinston.

Auditors—C. Brown, Miss E. Sanson, Petrolia.

Mr. Clyde, B. A., then explained some difficulties in grammar, in answer to questions submitted by teachers.

Moved and seconded, that the thanks of this Association be tendered to the trustees of the Methodist Church for the use of the school room; to the pastors of the various churches; to the chairman and those who assisted at the entertainment Thursday evening, and to Dr. Goggin for his very valuable lessons and lecture.—Carried.

Association then adjourned.

DEATH SKEMED NEAR.

Three Doctors Baffled But Dr. Williams' Pink Pills Came to the Rescue.

Just a few months ago the home of Mr. James Beers, of Emerson, N. B., was filled with sorrow. It seemed that death would claim the life of their bright little girl. Today this gloom is changed to joy. The little one is no longer ill, but is now bright, active and happy. Dr. Williams' Pink Pills brought this change after three doctors had failed. Concerning this illness and cure Mrs. Beers says:—"At the age of six my little girl became very ill. At different times for the next year and a half three doctors treated her without benefit. She was terribly run down and her blood was nothing but water. Then dropsy set in. She would swell so that her clothes were much too small for her. Her legs and feet were nearly twice their natural size. To make her torture worse rheumatism set in. Her state was pitiable. Sometimes we thought she could not live much longer and for three months she could not walk a step. To touch her was to cause her the greatest agony. The doctors were baffled—they could do nothing for her and as a last resort we began the use of Dr. Williams' Pink Pills. She took the pills several weeks when we saw there was a slight improve-

ment. The improvement gradually became more marked and by the time she had taken twenty-one boxes her cure was complete. It is now nine months since she took the pills and she is now as well as she ever was and goes to school every day. I cannot speak too highly in favor of Dr. Williams' Pink Pills for I feel they saved my little girl's life."

Watery blood is the cause of over half the sickness which prevails to-day. To have health, strength and happiness you must have rich, red blood. Dr. Williams' Pink Pills make this rich, red blood that is why they cure anaemia, indigestion, loss of appetite, rheumatism, neuralgia, nervous troubles, heart palpitation and all the ailments peculiar to growing girls and women. Sold by dealers in medicine or by mail at 50c. a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

Remains of a Mammoth in Western Ontario.

Toronto, Ont., May 21.—The department of education has been supplied with detailed information with regard to the finding of mammoth remains on a farm in the western part of the province.

Officers of the department will shortly leave for the scene with a view to securing the remains for the Provincial museum, where the only specimens of such remains consist of a few teeth and odd bones.

It is not quite clear to what species the remains in question belong, but there are said to be sufficient to enable experts to reach a definite conclusion on that point, and to permit of their being shown in such a way as to give visitors to the museum an idea of the kind of animal life that once existed in this country.

IN THE STUB—SEASON 1906.

CANADA'S CHAMPION ROAD STALLION

WALNUT MANOR,

Son of Lord of the Manor and Grandson of Mambrino King.

Winner of first prize at London Western Fair 1904. Winner of first prize at London Western Fair 1905. Winner of first prize and sweepstakes at Toronto 1905.

DESCRIPTION OF

Canada's Champion Road Stallion

WALNUT MANOR is one of the handsomest trotting bred stallions in Canada. His sire, Lord of the Manor, is a sweepstake winner three times in London, three times in Toronto, Orange County Horse Show, N. Y., and Madison Square Garden. His grand sire, Mambrino King, was the most handsome horse in the world. Proctus, the sire of his dam, was a sweepstake winner at London and Toronto. It is no wonder that Walnut Manor is a horse of such grand style and beauty.

WALNUT MANOR is a brown stallion, nearly 16 hands high, and weighs 1,150 lbs. He is a perfect galloper, with perfect legs and feet. Fealed May 1st, 1905. He has a clear-cut, fine shaped head and neck. Through the dam of his sire he traces to the blood of Beautiful Belle, Green Mountain Maid, Alma Mater and Jessie Pepper. Parties wishing to breed to a fashionable road horse would act wisely by seeing this young stallion.

1st Dam—Netty M., dam of Proctus, full brother to Rommie (destroyed by fire), showed his ability to trot in 2:10.

2nd Dam—Margie R., dam of Nettie D., trial 2:19, by Chicago Volunteer (2011), sire of Beauty 2:23, 19 in 2:30, he by Volunteer (55), sire of St. Julian 2:16, he by Hambletonian 10.

TORONTO.

Toronto Junction, May 21.—The market at the Union Stock Yards was a shade better this morning. There were not so many good cattle as the demand asked for, but those that were there were soon picked up. The fair quality sold very well.

There was a good demand for milk cows, but few on the market, and more are wanted. Two cows sold to-day for \$104.

Hogs are still selling at \$6.75 for lights and fats and \$7 for selects.
