## REAL ESTATE AS AN INVESTMENT

BY A. D. M. HONE

To anyone who has given the matter serious thought it is apparent that real estate as an investment has not received the attention it deserves.

There is no commodity which offers such safe and sure returns on the money invested in it as does real estate, and yet so far as the general public is concerned, real estate is about the last thing that is considered when making investments. The public invests millions of dollars annually in stocks and bonds of railways, industrial corporations, mines and the like, and no form of speculation is too visionary but what some people can be found who have faith in the promises of its promoters and will put their money into it.

The average man of small means thinks only of providing himself with a home and seldom considers the possibilities for profit in the intelligent buying and selling of real property. This too in the face of the enormous fortunes that have been made solely by trading in real estate. The average man has a hazy knowledge that many great fortunes like those of the Astors, Russel Sage, and Hetty Green are the products of investments in real estate, but he seldom sees the application in his own case and goes on blithely putting his money into worthless mines, bucket shop transactions and similar "investments" in the blind hope that some day he will hit it right and wake up and find himself rich.

Of course it must not be inferred ALL forms of speculative investments are worthless. Yet it is doubtful if even the BEST class of stocks and bonds offers as great returns as does real estate when bought right.

The writer has convincing evidence of the truth of these statements and would be glad to present these interesting facts to readers of the Guide.

Toronto Markets.	

Toronto, July 11.—Under the influence of an apparent break in the hot weather, the cattle market steadied itself slightly to-day. The run was quite short, and butcher buyers exhibited confidence, so that trade was fairly active. There was a scarcity of light butcher cattle and some buyers went short. One load of extra choice light butcher cattle brought \$5.65 and \$5.90 was touched several times, but the bulk of the good cattle sold from \$5.50 to \$5.80. Common cattle recovered a little from yesterday's drop of 40c., but the market was little more than steady. Bulls were the dearest item, being sold as high as \$5 per hundred pounds. Cows were also a little better at \$4.25 to \$4.75. Sheep and lambs were good and steady. Hogs were unchanged. The run included 60 loads, 750 cattle, 480 sheep and lambs, 400 hogs and 112 calves.

Quotations to-day were:—

## BABY'S OWN TABLETS CURE SUMMER COMPLAINT.

Baby's Own Tablets should be kept in every home where there are babies and young children. At no time of the year is baby in such danger as in summer. At the first sign of illness the Tablets should be given to the little one, for summer complaints come on so quickly that unless prompt aid is at hand baby may be beyond help in a few hours. The Tablets never fail to relieve the sick child, and if occasionally given to the well child will keep him well. Mrs. Desire Martin, St. Denis, Que., writes: "I have a baby three months old who suffered from colic and constipation. Castor Oil was of no help at all, but Baby's Own Tablets speedily cured him and now I always keep them in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
