THREE more veterans from this district came from overseas on the Belgic which arrived at Halifax last week. They were Cecil McNaughton, Basil Saunders and Sergt. Emerson. McNaughton and Saunders were connected with the Engineers. The former is a son of Mr. Robt. McNaughton, 4th line, Warwick, and the latter a son of Mr. John Saunders of Brooke. Sergt. Emerson is an Englishman and worked on the sixth line before enlisting, and all spent a considerable time in the war zone. A welcome home is extended to them. They have done their part to bring about victory and peace and subdue a nation of horrible megalomaniacs.

WHILE it is understood that the Government has not made and decision as to the attitude it will adopt during the campaign preceding the vote on the temperance referendum, it is considered as probable that the policy will be to take steps to elucidate the four questions asked on the ballot, so as to make clear to everyone just what is being voted on. In this connection it is learned that the Government has ordered that 15,000 copies of the speech delivered by the Prime Minister, Sir William Hearst, in the Legislature explaining the ballot, have been ordered printed for distribution during the coming weeks.

THE Cost of Living Committee laid the final report before the House of Commons on Saturday. The report does not give any silver lining to the wartime price clouds and asserts that no real influence can be exerted on the situation. The suggestion is made that the consuming public should live more frugally and thriftily, and recommends the public to use cheaper meat but does not state how to obtain it. The committee does not presume to say that there are no cases of profiteering or undue inflation in prices yet claims that the margin between cost of production and price to consumer is reasonably narrow. It seems from the revelations of exorbitant profits disclosed by some of the witnesses examined that the high cost of living is due to the low state of morals of some of the Canadian firms and corporations.

IN accordance with the proclamation of the Lieut. Governor the services in the various churches last Sunday were in the nature of special thanksgiving for the victory to the allied armies and the conclusion of the war. Sermons, prayers and singing were in keeping with the great event of national thanksgiving. Thankfulness was apparent everywhere, and emphasis was made by the speakers that the outcome of the war was a direct response to the prayers of the people. The doctrine of honor and right had triumphed over the hosts of might, and thankfulness was rendered to God for his goodness to struggling humanity, and now that peace has been granted to us, it behooves one and all to try and live worthy of those who have given of their best to us—even their lives.

Successful Garden Party

The Garden Party held on Friday last, July 4th, on the lawn of James H. Bryce, Kingscourt, was a great success, an immense crowd gathering to enjoy a very pleasant evening. The Garden Party was held under the auspices of the Choir of the Congregational Church of Watford and the young people certainly deserve credit for the success achieved by their hard work.

Mrs. James H. Bryce, although convalescing from a very recent illness, yet performed the duties of hostess to perfection; and a bountiful supper was provided by the ladies of the congregation under the presidency of Mrs. Jacob D. Brown.

A splendid program was given which included numerous selections by the Petrolia Orchestra, vocal solos by Mrs. M. Cunningham, Miss Mari of Sarnia, Mr. E. H. Luckham and the pastor, the Rev. T. DeCourcy Rayner, and elocutionary numbers by Rev. Mr. Rayner.

The Rev. Mr. Forster performed the duties of chairman in a very genial manner. The grounds were beautifully illuminated by the Delco system.

Over \$90.00 was taken in at the gate, and over \$74.00 at the refreshment booth, which, after all expenses have been paid will leave a substantial sum to replenish the choir treasury.

Mr. and Mrs. W. W. Edwards entertained between 40 and 50 of their friends on Wednesday evening last, in honor of their son, Orville, who returned recently from overseas, it being his birthday.

An interesting meeting of the Warwick Branch of the Women's Institute was held in the Foresters' Hall on June 27th, when Mrs. Morris Alton, gave a very interesting address on "Our Arms and Hindrances." The meeting opened with the "Maple Leaf" followed by prayer by Mrs. Burton. Miss Maxena Auld recited "My Bouny" which was appreciated by all. Miss L. Ross gave an alarm, but when assistance arrived from the house the little chap had passed away. Resuscitation was attempted but the vital spark had fled. As there was little over a foot of water in the tank at the time it is supposed that the child struck his head when falling and was unconscious when he entered the water, or possibly he may have choked on the biscuit while falling, as a child that age would naturally struggle and extricate himself from even a greater depth of water. The funeral was held on Saturday afternoon, service being held in the Grace church, officiating, the pallbearers were four cousins, Wilson and Harold Westgate, Newton and Frank Bryce. The afflicted family have the sincere sympathy of the entire community in the tragic loss of their dear baby boy.

A very pleasant afternoon was spent on Friday last when about forty members of the Wisbeach Red Cross Society met at the home of the President, Miss Seymour, to show in a slight degree their appreciation of her work during the past four years. After a short program, Miss Seymour was asked to come forward and the following address was read:

President, Wisbeach Red Cross Society
We, your friends and neighbors, have assembled here this afternoon for the purpose of showing you the high esteem in which we hold your services, as President of the Wisbeach Red Cross Society. For almost four years you have held this trying position and we have greatly admired your untiring energy and devotion.

New, your duties along that line are fulfilled and we sincerely hope that the services of the Wisbeach Red Cross Society will not again be needed in taking care of poor, wounded men after terrible battles. In slight token of your valuable services as leader of our Society, we beg you to accept this ladies' companion and tray; and we hope that in future days when you look at them you will be reminded of us who have endeavored to help you in this noble cause.

Signed on behalf of the Wisbeach Red Cross Society,
Mrs. Abram Muxlow,
Miss Clara Skillen.

The little Misses Dorothy Muxlow and Evelyn Marshall, each carrying a Union Jack, made the presentation. Miss Seymour, although taken by surprise, thanked her friends in a few words and the happy afternoon was brought to a close by a dainty lunch being served on the lawn.

Mr. MacKichan, principal of the Petrolia High School for the past three years, has resigned. He goes to Parkhill to fill a similar position.

BRITISH DIRIGIBLE MAKES ATLANTIC TRIP IN 108 HOURS

New York, July 6.—The British dirigible R-34 arrived at Roosevelt Field, Mineola, L. I., at 8:40 o'clock this morning, circled the field three times to make observations, and at 9:21 o'clock the first passenger, Major John Edward Maddock Pritchard, landed upon American soil, after a parachute drop of 2,000 feet.

This completed the longest flight in history, the distance covered being 3,200 miles, not counting the mileage forced upon the flyers by adverse wind. The time consumed was a few minutes more than 108 hours. The big airship brought over thirty persons, one of whom was a stowaway, and a tortoise-shell cat.

When the super-Zeppelin arrived at Mineola she had left enough petrol to keep her moving ninety minutes longer. Her crew, almost sleepless for four and a half days, were weary almost to the point of exhaustion, but happy at the successful completion of the epoch-making trip.

Peace Celebration July 19th

The King has given his sanction to a peace celebration in the United Kingdom on Saturday, July 19, and the hope is expressed that all parts of the empire will be as far as possible in celebrating peace on that day.

By virtue of his majesty's proclamation and having regard to the desire expressed as to a general celebration of peace throughout the empire, the government has appointed Saturday, the 19th day of July, for peace celebrations in all parts of the Dominion.

November 11th will be the Day

The date of the signing of the Peace terms of that of the proclamation of peace matters little to the popular feeling. It will not be the day celebrated in history as ending the war.

Armistice Day—November 11—the eleventh hour of the eleventh day of the eleventh month of the year—that's the hurrah day of the future.

Waterloo, not the subsequent treaty day which nobody remembers, ended the twenty years of Napoleonic wars.

Yorktown, not that day two years later when King George actually signed a peace treaty, finished the American revolution and lives in history.

Sedan Day is a national holiday in Germany, for that was the battle that made the Prussians master in the War of Seventy. It was a year before the peace treaty came.

Next to Christmas and Easter, November 11 is destined to be the most widely observed fête day in Christendom.

The Wire Works Picnic

The following humorous account of the annual picnic of the Andrew Weir Company of Strathroy and Watford appeared in the Strathroy Dispatch.

"Employees of the two Canadian factories with their families held a very enjoyable picnic at Kettle Point, Lake Huron, on Saturday, June 28th. The day was ideal and the trip was made by motor, the Strathroy contingent joining Watford en route. Twenty cars were needed for the transportation. The pace was set by Mr. McCormick in his new baby grand. It was thought as the pace developed that Mr. Hood was making a time study. All went merrily until a sharp curve was reached when one of the cars over-turned, but the first-aid-to-the-injured-courts, with the doctor and undertaker and a full supply of adhesive plaster, liniment and advice, soon righted the car, rescued the occupants, applied the remedies, healed a sign of relief that no one was killed, cranked up the cars and in the time safely arrived at the beach. Job tickets, symbols, bin tags, time sheets, egg beaters and coat hangers were forgotten and the day was spent in boating, fishing, story telling, motoring along the beautiful beach roadway and acquiring appetite and unburn. Dinner and supper were served by Superintendent Miller and his able staff of assistants, which, of course, was most enjoyed and appreciated. Manager Bate read picnic rules and regulations which were timely and pertinent. Camp was struck at six point two and all arrived home safely and happy for the day's outing."

Alvinston Lady Killed by Auto

Mrs. E. W. Percy, of Alvinston, died Monday night about 6 o'clock following injuries suffered about two hours earlier when she was struck by an auto driven by Mrs. R. T. Brandt, wife of the local G. T. R. agent.

Mrs. Percy was crossing Main street, opposite Slaght's turntable store, when the accident happened and apparently did not hear the approaching auto. She was knocked down and carried about 20 feet before the car came to a standstill. Medical assistance was summoned, but Mrs. Percy passed away without regaining consciousness.

The coroner made an inquiry on the spot and decided that death was due to a mere accident, and that an inquest was unnecessary.
