THE HYDROMAGEN,
OR
WATERPROOF, ANTI-CONSUMPTIVE,
CORK SOLES.
Manufactured by
HARCOURT, BRADLEY & CO.,
41 MARKET ST., MANCHESTER,
Principal Warehouse, 102 Wood Street,
Cheapside, London, England.
American Establishments, 38 Ann Street
and 102 Nassau Street, New York,
United States.

The Hydromagen is a valuable discovery for protecting the feet from damp or cold, and there- fore a preventative of many Lung diseases, with- out any disgusting fetidities. The Hydromagen is in the form of a sole, and worn inside the boot or shoe. Its indicated character is a powerful anti- dose to disease.
For Gentlemen it will be found agreeable, warm, and healthy, to wear in the coldest or rainiest weather, as the foot cannot become wet if the Hy- dromagen is inserted. Ladies may wear the light- est soled boots or shoes in the most inclement weather with impunity; while Consumption, so prevalent among the young of our country, may be thwarted by their general adoption. They en- tirely supersede over-shoes, as the latter cause the feet to perspire in a very unhealthy manner; and, besides, are not dangerous wear to pedestrians in dry weather, like India rubbers. While the latter cause the feet to appear extremely large, the Hy- dromagen, being a mere thin slice of cork pre- pared, peculiarly placed inside, does not increase the size of the foot, or cause the foot to appear untidy. To Children they are extremely valuable, as they may engage in exercise with comfort and healthy effects. Their expense is so slight, and the scarce need mention; besides, those who patron- ize them will find their yearly doctor's bills im- mersed thereby.

As the Hydromagen is becoming more known, its sale is increasing to an almost incredible extent. Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Ant- werp, Hamburg and Berlin, our sales reached 1,200,000 pairs of Cork soles. This year the num- ber will far surpass that.

Ask the Faculty their opinion of their value as a preventative for Croup, Croup, Bronchitis, Asthma, and Consumption.
Men's Size, pair, 25 Cents.
Ladies' do. do. 30 do.
Boys' & Misses' do. 25 do.
Notice.—From the Retail Prices we make a very liberal allowance to Jobbers and Wholes- alers, so that any storekeeper may make a fine pro- fit on their sale, while they are an article that may be kept in any store, among any class of goods.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A
FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as safe and perfectly safe in its operation. This has been prepared to meet that demand, and an exten- sive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bow- els. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arises from a previously existing obstruc- tion or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are ap- plicable are given on the box. Among the com- plaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Ap- petite, Lisleases, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins, &c. In truth, all these are but the con- sequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Cos- tiveness, Flatulency, Dysentery, Hemorrhoids, Scru- ula and Scoury, Gout with soreness of the body, Uleers and Impurity of the blood; in short, any and every case where a purgative is required. They have also produced some singularly suc- cessful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Prolapsus of the Rectum, Piles in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood, and prepare the system for the change of season. An occasional dose stimulates the stomach and bowels into healthy action, and restores the ap- petite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, re- vivate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but un- necessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed that this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.
