H. C. Sourshwick, Eaq., one of the first more chains in New York Ciev.

C. A. Davis, M. D. Sup't and Surgeon of the United States Marine Hospital, at Chelsen, Mass. Bid space bermit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these embrent public near is shown in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical sience can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectentia and Pills both, to produce a more efficient remedy than had hitherth been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is furdiend within the continue and injurious efficients, but had a continued and injurious efficients by the care of actions of Sath statements, and the inert and obnations qualities of Sath statements, and the property indicate the effect should prove as they have proved more purity remedial, and the Pills a wave, made powerful antifacte to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedie without the other had not properly judge of a remedien the known to the world.

As it is frequently expedient that my medicine should be taken inder the counsel of an attending Phy

position of my preparations is laid open and all who are competent to judge on The composition of my preparations is laid open to all men, and all who are competent to fudge on the subject, freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its affects were known. Many emment Physicians have declared the same thing of my Pills, and even turner confidently, and are willing to certify that their antispations were more than realized by their effects upon trial. They operate by their powerful influence on the Internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting wherever they exist such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see the wrapper on the Box.
