What Salt will do:

- SALT—Renovates grass lands, sweetens herbage and prevents mustiness in hay.
 - SALT—Moistens dry soil.
 - SALT—Purifies the stables, benefits horses, improves their coats and keeps them in good health.
 - SALT—Improves the crops, makes the grain plumper, the straw stiffer and whiter, ripens the crop earlier.
 - SALT—Prevents potato disease.
 - SALT—Prevents rot in sheep.
 - SALT—Increases the yield and improves the quality of milk.
 - SALT—Will kill all insects. It is the best insecticide known. Invaluable for killing the army worm, wire worm &c.
- Farmers cannot do without salt. Salt is a necessity for the farm as much as it is for human beings. The money spent on salt as a fertilizer is the best investment a farmer can make.

A Dandy Windmill, Make it Yourself.

I have a neighbor that made one of the People's Windmills, and I have been watching it closely; it is the best mill I have ever seen and anyone can make one for less than \$10. I am going to make two immediately and don't see why every farmer cannot have a windmill when he can make it himself for so little money. The mill is durable, powerful and runs easily. Any person can get diagrams and complete directions by sending 48 two-cent stamps to Francis Casey, St. Louis, Mo., U. S. A., and an active man can undoubtedly make money anywhere putting these mills up for others, and I see no use of paying \$50 or \$60 for a mill when you can make one just as good for \$10.

A BROTHER FARMER.

That Wonderful Churn.

I want to add my testimony to the list of those that have used the Lightning Churn. It does all that is claimed for it; you can churn easily in one minute and get a large percentage more butter than with the common churns. I never took the agency for anything before, but so many of my neighbors wanted churns that I ordered 30 and they are all gone. I think in a year every farmer will have a Lightning Churn, in fact they can't afford to be without one as they make so much more butter and a good little bit of money can be made in every township selling these churns. By writing to J. F. Casey & Co., St. Louis, Mo., U. S. A., you can get circulars and full particulars about the churn.

A BROTHER FARMER.

How every reader of this paper can make money.

For several months I have noticed advertisements in different religious papers describing an improved Dish Washer. As I had grown so tired of washing the dishes the old way, I sent for information to Dept 73 of the Iron City Dish Washer Co., Sta. A, Pittsburg, Pa., regarding their Washer. They sent me one and I have found it to do just as they said it would. It washes and dries the dishes in less than one-half of the time it usually takes, and I never have to put my hands in the greasy dish water. My little girl, aged 8 years, thinks it lots of fun to wash the dishes and she can do it as well as myself. Several of my neighbors came in to see it work and they all wanted one. I wrote the company and they allowed me a commission. They also wrote and told me how to become their agent. I am now making \$10 a week and still attend to my house work. The Dish Washer sells everywhere. I show it and that makes the work easy. I understand they still want a few good agents, and anyone desiring to make money easy should write them.

LEMIRE

STONE & STUMP LIFTER

Patented 1894.
Capacity of Lifting 18,000 lbs.
(With no equal.)

Lifting and carrying stones at will, so you can make with them fences from 4 to 5 feet high. When buying this strong and durable machine, you can make your fence with big stones instead of buying spike wire for fences. You will clear your land for the mowers and reapers. To lift a stone you make the lever work and the hook will hold it when lifting. You can lower it in the same manner or make it fall by touching a ring fixed in the wheel. You can lift, remove and put into place a stone in 10 minutes. Agricultural Societies should buy it. Farmers they like may join in club to buy it. Price moderate. For all particulars address to

A. LEMIRE, Proprietor, Wotton,
Or at the Plessisville Foundry, Somerset.
