Dr. SAMUEL ASHHURST, 1423 Walnut Street, Philadelphia, says:—"I have tested Johnston's Fluid Beef and find it to be strictly what it is represented. I prefer it very much to any extract of beef with which I am acquainted, and unhesitatingly recommend it as a most desirable preparation."

Dr. C. S. MIDDLETON, of Philadelphia, says:—"Johnston's Fluid Beef has given me the most satisfaction of any article of the kind heretofore brought to my notice."

Dr. DANIEL KARSNER, 4845 Girard Ave., Philadelphia, says:—"I have pleasure in confirming manufacturer's statements concerning its excellent and substantial food properties. It is exceedingly pleasant to the taste, and is in my opinion of incalculable value to the invalid."

Dr. JOSEPH KLAPP, 629 Spruce Street, Philadelphia, says:—"I feel assured that invalids and delicate persons in search of strength need only to use it in order to be convinced of the great advantages it possesses for that purpose."

Dr. DUNCAN, Surgeon, Allans S.S. "Polynesian," says:—"Patients suffering from vomiting in sea-sickness seem to retain it much better than any other preparation. I have ever tried, and do not complain of the nauseous taste so often objected to in some other preparations."

Dr. R. CLARK NEWTON, Surgeon to the Newcastle Lying-in Hospital, says:—"Johnston's Fluid Beef contains 50 per cent of nitrogenous or flesh-forming material. All other Extracts of Beef I have seen may be looked upon as stimulants only, and I have always deplored the confidence in their nutritious powers placed by invalids and the public."

**JOHNSTON'S FLUID BEEF** is now extensively used in British and Continental institutions, Hospitals and Asylums, and is prescribed by the medical faculty wherever it has been introduced.

Its adaptability is general to the invalid, the convalescent and the vigorous. To children it secures a strong muscular development, and for maternal nursing, imperfect mastication, athletic training, physical exhaustion, indigestion or mental overstrain, it is the perfection of known food.

**DIRECTIONS FOR USE.**—Add a small teaspoonful to a cup of boiling water and season to taste; or as a sandwich paste it may be used on toast, with or without butter. The can may remain open for weeks without detriment to the contents.
