

"That's a secret," Nance told the postman, as he took her missive. "My dear, that's what all letters are," he answered, smiling, and trudging on.

(To be Continued.)

THE SIGNIFICANT NUMBER.

The number 3: When the word was created we find land, water sky; sun, moon and stars; Nosh had but three souls. Jonah was three days in the whale. There were three patriarchs. Abraham entertained three angels. Samuel was called three times. Daniel was thrown into a den with three lions for praying three times a day. Shadrach, Meshech and Abednego were rescued from the flames of the oven. The Ten Commandments were delivered on the third day. Job had three friends. Those famous dreams of the baker and the butler were to come to pass in three days, and Elijah prostrated himself three times on the body of the dead child. Sampson deceived Delilah three times before she discovered the source of his strength. Christ was three days in the tomb. Peter denied Christ thrice. St. Paul speaks on faith, hope, and charity, these three. The three sacred letters of the cross are I. H. S. There are three conditions for man—the earth, heaven and hell. In mythology there are three graces—Cerberus with his three heads, Neptune holding his three toothed staff, the Oracle of Delphi cherished with veneration of the tripod, and the nine muses, sprang from three. Trees group their leaves in three. We have fish, flesh and fowl. What could be done in mathematics without the aid of a triangle? Witness the power of the wedge, and in logic three premises are indispensable.—*Cripple News*

Bless Your Souls!

My brother farmers, why pay 10 or 20 cts. for a seed catalogue, when you can receive one containing just as many and very probably more varieties and better tables than are really valuable, for just NOTHING if it may have less paint; but the covers, but great Scott! we are not after paint, but need, fresh and true to name, such as will mate with a master's hand his own picture all over our farms and gardens; seed I am not afraid to WARRANT on the cover of my catalogue. Come, my fellow farmers, and join the thousands, who for thirty years have been users of my seed; why, we were a goodly company and having pleasant times together before the great majority of the present race of seedsmen (bless the boys!) had left their nurse's arms! Send for a catalogue.
