A high class illustrated monthly magazine in the home is no longer a luxury. It is a necessity, and to meet the demands created by this necessity, *The Cosmopolitan Magazine*, giving yearly as it does, 1536 pages of reading, by the ablest living authors, with over 1200 illustration by clever artists, has stepped into the breach, with a reduction in its price that has startled the literary world.

The Educational Review, fully alive to the needs of its patrons, has made special arrangements with this superb monthly, whereby it will receive orders for yearly subscriptions to both publications combined for the sum of \$2.00.

**The Educational Review and
The Cosmopolitan Magazine.**
