Company/Product Information

Vogue Display is a manufacturer that specializes in a metal merchandising systems for store fixturing and display. Vogue offers a design-sensitive approach to meet clients' specifications of uniqueness and flexibility. The company also produces a selective range of mens' and ladies' merchandising forms, in pinnable polyurethane foam or durable fiberglass. In addition to body forms, Vogue Display has a vast selection of decorative fiberglass urns.

For over twelve years, Vogue Display has remained committed to meeting the highest standards of uniqueness and flexibility. All materials that make up the systems and display forms are of Canadian origin.

CURRENT GEOGRAPHIC MARKETING ACTIVITY

Five percent of export sales are to the U.S.A.. In an effort to increase this percentage, the company is actively searching for U.S. distributors.

GEOGRAPHIC MARKETING PRIORITIES/STRATEGY

Vogue Display is interested in pursuing and developing sales worldwide. Under a licensing agreement, Vogue Display will consider agents and distributors overseas who are seeking to expand their product lines.
