PRESIDENT E. C. ELLIOT, PURDUE UNIVERSITY. "Your JOURNAL OF HIGHER EDUCATION is about the best thing being published these days. I enjoy it every month."

CHANCELLOR S. P. CAPEN, UNIVERSITY OF BUFFALO. "May I express my great satisfaction with the JOURNAL OF HIGHER EDUCATION. The numbers thus far published have contained material that is both interesting and helpful. There has long been need of a publication devoted exclusively to this field."

PRESIDENT ERNEST J. JAQUA, SCRIPPS COLLEGE. "The JOURNAL OF HIGHER EDUCATION strikes me as a splendid magazine. Incidentally I want to congratulate you on the quality of the printing. It is one of the neatest bits of printing I have seen for a long time."

JOURNAL OF CHEMICAL EDUCATION. "Examination of the list of associate editors reveals men of recognized scholarship in fields other than education. The general format is dignified—without undue exaggeration, we might say distinguished."

DEAN W. P. BEHAN, OTTAWA UNIVERSITY. "Let me say how greatly I, as a college administrator and teacher, appreciate the splendid service your JOURNAL is rendering."
