Property Owners Generally Want the Thing Hustled Along-R. A. Meets Saturday Night.

On March 18 the property-owners of PRINCESS MATINEES
North Toronto will have an opportunity North Toronto will have an opportunit to record their votes for or against the sewage bylaw, tho the latter contingency seems unlikely. Inquiry around town leaves little or no doubt as to the passage of the bylaw by a substantial majority. Few questions either in this or any other municipality have had the chequered career which has fallen to the lot of the North Toronto past and present sewage bylaws. More than a year and a half has been wasted, but in the present case there seems little or no doubt that if the measure runs the gauntlet of the rateoayers

seems little or no doubt that if the measure runs the gauntlet of the ratepayers it will go thru council and receive its third reading with no loss of time.

Practically all the representative men in the town are known to be in favor of the adoption of the scheme, the opinions differ as to the best way of financing it. The conditions as they exist to-day could not be expected to last over another year. The World last night met a number of leading townsmen, all of whom are warmly in favor of the measure and will do all in their power to help forward the scheme.

in their power to help forward the scheme.

A number of them, it must be said, favor a local frontage instead of the general rate as adopted, while others again are strongly in favor of the general rate, as more in keeping with the growth of modern sentiment and less cumbersome in its details. In any case, in the event of annexation the city will take over and assume the system as right in line with that recommended by Engineer Rust, and in the event of the union being delayed for any length of time, which seems improbable, the town will own its own system of waterworks—an absolute necessity.

The town council are a unit with respect to the necessity for installing the system, the local board of health as a whole warmly endorsed the scheme, and the Ratepayers' Association, which meets on Saturday evening, is certain to pass a strong resolution upholding the action of council in the submission of the bylaw. Around Dayisville sentiment is favorable to it, but the friends of progress ought to see to it that every vote favorable to the plan is polled, as in every election there is an element of danger, due to overconfidence.

On March 17, in Davisville Methodist

On March 17, in Davisville Methodist On March 17, in Davisville Methodist Church, in the evening, there will be au "Irish Day banquet," and everything about the affair will be truly hospitable and Hibernian in its character. The program, tho not finally arranged, will be one of the best ever, and the man or woman who misses this event in Davisville Methodist Church will be sorry for it.

J. F. Watson of Medicine Hat, Alberta, has been in the Bedford Park district, and the upper part of York Township, the last three or four days, looking up good general purpose horses for the Canadian west. Mr. Watson finds difficulty in filling his orders, even at the prices paid, which are very satisfactory. He has already bought four cars, and expects to send out three more before he fuishes up. A team of good horses is a fine asset

these days.

E. T. Ward, a city man, while walking along Merton street last night, fell and broke one of his arms. He was removed 50c, 75c. to Grace Hospitzl, where the injured member was set and he was then able to go to his home on Jarvis street. Mr. Ward claims that the sidewalk was in a dangerclaims that the sidewalk was in a dangerous and slippery condition.

Altho spring is yet a good way off, and real estate can hardly be said to have started to move, property sales, mostly lots, are chanking bands every day. If all the signs of the times do not miscarry, the coming summer will be a great one in the town. Most of the houses to be erected on the lots bought will be high-class, costing up into the thousands of dollars. No boom, but a steady and substantial growth, and a getting in on the ground floor of shrewd business men.
